

**TRUING UP OF FY 2012-13 AND ANNUAL
REVENUE REQUIREMENT FOR FY 2015-16**

**(REPLY ON PRELIMINARY INFORMATION
REQUIREMENT/DISCREPANCIES IN THE PETITION)**

KANPUR ELECTRICITY SUPPLY COMPANY LIMITED

SUBMITTED TO THE

**HON'BLE UTTAR PRADESH ELECTRICITY
REGULATORY COMMISSION**

January 15, 2015

Kanpur Electricity Supply Company Limited (KESCO) Truing -Up of FY 2012-13 and Annual Revenue Requirement for FY 2015-16

Preliminary Information Requirement / Discrepancies in the Petition

Note:

- 1) Petitioner should submit the replies in soft copy and hard copy. (5 Nos.)
- 2) All the letters / correspondence should be submitted in scanned PDF copy.
- 3) In case any submission has already been submitted to the Commission, the same should be re-submitted to make it part of the present proceedings.

A. General:

1. It has been observed that there are certain forms specified in the Distribution Tariff Regulations, 2006 which the Petitioner has not submitted. Further, some of the formats submitted by the Petitioner along with the Petition are either not filled completely or some of the cells are left unfilled with only totals entered in the respective cells. The Petitioner should provide the details as prescribed in the formats in line with the Distribution Tariff Regulations, 2006. The missing or incomplete Forms are listed below:

True up of FY 2012-13 and ARR / Tariff for FY 2015-16

Form No.	Particulars
S2	Balance Sheet
S3	Cash flow statement
S8	Energy Balance
S10	Accounting Ratios
F1	Revenue from Tariff and Charges
F4	Summary of Own Generation & Power Purchase
F4a	Monthly Power Purchase Details
F6	Employee Strength
F6b	Retirement Pattern
F8	Statement of Fixed Assets and Depreciation
F9a	Domestic loans, bonds and financial leasing
F13	Extraordinary Items
F16	Project-wise / Scheme-wise Capital Expenditure
F19	Current Assets and Liabilities
T1	Existing & Proposed Tariff
T2	Revenue from Current Tariffs in Ensuing Year
T3	Revenues at Proposed Tariffs for the Ensuing Year
P1	Age wise Analysis of Revenue Arrears

Form No.	Particulars
P1a	Age wise Analysis of Revenue Arrears of Government
P2	T&D Losses in LT and HT System
P2a	Losses in 33 KV system
P2b	Losses in 11 KV system
P2c	Losses in LT system
P3	Consumer Complaint
P5	Transformer and Line Length Details
P6	Abstract of outages due to tripping in HT feeders
P7	Failure of Transformers
P9	Electrical Accidents
P10	Peak Demand
P11	Management and operation related ratios
P13	Release of New Service Connection
P14	Status of Metering

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

- Petitioner should also submit the complete filled in formats from FY 2012-13 till FY 2015-16.

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

B. Truing-up for FY 2012-13

- The Petitioner should submit the Audited accounts of UPPCL for FY 2012-13 along with the supplementary audit report of CAG to make it the part of current proceedings. Petitioner should also submit the provisional accounts of UPPCL for FY 2013-14.

Licensee's Response

The audited accounts for FY 2012-13 of UPPCL along with the supplementary audit report of CAG and provisional accounts for FY 2013-14 are hereby annexed marked as "Annexure-1".

4. The Petitioner should submit the actual month-wise and category-wise actual sales for FY 2012-13.

Licensee's Response

The Petitioner humbly submits that the details of month & category-wise actual sales for FY 2012-13 are provided in the table below: (In MU's)

Particulars	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Total upto Mar'13
LMV-1: Domestic Light, Fan & Power	93.03	106.53	116.65	111.32	124.26	109.46	97.99	77.77	90.79	98.29	75.20	94.14	1,195.44
LMV-2: Non Domestic Light, Fan & Power	21.17	22.00	24.70	22.44	21.17	22.43	20.76	25.06	19.77	19.26	16.06	15.48	250.30

5. With regard to the power purchase cost the Petitioner has submitted that, it has calculated the allowable power purchase input at Discom end by grossing up the actual energy sales by the approved Distribution loss target or actual Distribution losses, whichever is lower and thereafter, the allowable power purchase input has been multiplied by the Trued-up Bulk Supply Rate to derive the allowable power purchase cost for FY 2012-13. However, in Table 2-3 of the Petition the power purchase cost claimed by the Petitioner is based on the actual losses which are higher than the losses approved by the Commission. In this regard, the Petitioner should submit the revised power purchase cost based on the approach adopted by the Commission in the last Tariff Order and as stated by the Petitioner in its approach for claiming power purchase cost for FY 2012-13.

Licensee's Response

The Petitioner humbly submits that in its true-up petition for FY 2012-13 in para No. 2.1.1 has mentioned:

"the Petitioner has calculated the allowable power purchase input at discom end by grossing up the actual energy sales by the approved Distribution loss target or actual Distribution losses, whichever is lower. Thereafter, the allowable power purchase input has been multiplied by the Trued-up Bulk Supply Rate to derive the allowable power purchase cost for FY 2012-13 under truing up"

In case of Kesco, the actual losses for FY 2012-13 are higher than the normative losses approved by the Hon'ble Commission for that year, accordingly the Petitioner for the purpose of calculation of allowable purchase expenses for truing-up has considered the normative losses approved by the Hon'ble Commission which is in-line with the methodology adopted by the Hon'ble commission in its previous True-up Orders. The relevant table of the True-up petition is again reproduced below for the kind reference of the Hon'ble Commission:

Particulars	Unit	Approved	Actuals	True-up Petition
Power Purchase	MU	3,550.76	3,140.07	3,140.07
Sales	MU	2,549.91	2,153.76	2,153.76
Distribution Loss Target	%	28.19%	31.41%	28.19%
Allowable Power Purchase	MU			2,999.13
Trued up Bulk Supply Tariff	Rs/kWh			4.01
Allowable Power Purchase Cost	Rs Crore			1,259.91

6. Petitioner should submit the actual Distribution losses and Sales at UPPCL level for FY 2012-13 with the documentary evidence depicting the same.

Licensee's Response

Deficiency Note on KESCO's Petition for Truing-up of FY 2012-13 and ARR / Tariff for FY 2015-16

The Petitioner humbly submits that the actual distribution losses and sales at UPPCL level has already been submitted before the Hon'ble Commission forming part of the True-up Petition. The Petitioner in table 2-2 of the True-up petition for FY 2012-13 has clearly mentioned the total power purchase, total units sold to discosms and total distribution losses at UPPCL level. The same is been reproduced for the kind reference of the Hon'ble commission:

Particulars	Unit	Approved	Actuals
Power Purchase Input at State Level	MU	74,703.39	77,707.16
Transmission Loss	MU	4,208.31	4,039.76
Transmission Loss	%	5.63%	5.20%
Energy available at Discom End	MU	70,495.08	73,667.40

The above figures are as per the Balance Sheet of UPPCL for FY 2012-13 and can be verified from notes to accounts forming annexure to the Balance Sheet. The audited accounts for FY 2012-13 of UPPCL along with the supplementary audit report of CAG and provisional accounts for FY 2013-14 are hereby annexed marked as "Annexure-1".

7. As against the approved distribution loss of 28.19% for FY 2012-13 the Petitioner has achieved the actual Distribution losses for FY 2012-13 as 31.41%. The actual distribution loss achieved in FY 2011-12 was 32.98%. As regard the same, the Petitioner should submit the justification for marginal improvement in loss levels in FY 2012-13.

Licensee's Response

The Petitioner humbly submits that the actual distribution losses are linked with various conditions such as level of input, supply hours and such other factors. As per the requirement of the true-up petition, the actual line losses achieved as per the audited accounts have been submitted before the Hon'ble Commission.

8. As regard the detailed analysis of the losses, the Petitioner should submit the Circle wise AT&C Losses for last six years as per the enclosed **Annexure -1** Circle wise losses. In this regard, the Commission in its earlier proceedings of ARR / Tariff for FY 2014-15 has also sought the same data, however the Licensees was not able to submit the data as desired by the Commission . Thus, the Petitioner should submit the same in the format as specified by the Commission, for the proceedings in the matter of ARR / Tariff for FY 2015-16.

Licensee's Response:

It is humbly submitted that the circle wise AT&C losses neither specifically pertain to the ARR nor have any bearing on the ARR and Tariff Determination process and is not required to be submitted as part of tariff forms. The information in the particular format issued by the Hon'ble Commission is

(Sd/-)
PAC

(रमेश कुमार)
मुख्य अभियन्ता (वा०)

not maintained at the circle level. Hence it is humbly requested to keep such matter outside the scope of this ARR filing and consider it separately.

9. The Petitioner should submit the detailed break-up the energy procured from short term sources and unscheduled interchange (UI) along with the power purchase rates for FY 2012-13. In case the Petitioner is not able to submit the above data, the Commission may disallow the related Power Purchase Cost.

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

10. As regard to the Inter State and Intra State Transmission Losses for FY 2012-13 the Petitioner has submitted transmission losses at consolidated level as 5.20%. In this regard, the Petitioner should submit the breakup of Inter-State transmission losses and Intra-State transmission loss for FY 2012-13.

Licensee's Response

The Petitioner humbly submits that the details of the Intra-State transmission losses for FY 2012-13 are provided in the table below:

FY	FY 13
Intra - State Losses (%)	4.08%

11. The Petitioner in its Petition has submitted the Power Purchase Cost (including PGCIL charges) (Table 2-2 of Petition) and not submitted the bifurcated details of power purchase cost and PGCIL charges. In this regard, the Petitioner should submit the segregated details of PGCIL charges and power purchase cost for FY 2012-13. If the same is not submitted, the Commission will be forced to take assumptions in this regard.

Licensee's Response

As desired the breakup of PGCIL charges and power purchase cost for FY 2012-13 is detailed as below:

Particulars	Amount (Rs. Crore)
Power Purchase Cost	28,390.27
PGCIL Charges	1,167.67
Total Power Purchase Cost	29,557.94

The above figures are as per the audited balance sheet (Note-21) of UPPCL for FY 2012-13.

12. Petitioner in its True up Petition for FY 2012-13 have claimed the actual O&M Expenses as per the audited accounts. Petitioner should also submit the normative O&M Expenses as per the Regulation 4.3 of the Distribution Tariff Regulations, 2006.

Licensee's Response

The normative O&M Expenses as per the Regulation 4.3 of the Distribution Tariff Regulations, 2006 is been calculated considering the following methodology, which has also been considered by the Hon'ble Commission in its previous True Orders:

- The inflation index for FY 2012-13 is calculated based on the weighted average index of WPI and CPI
- The normative O&M expenses for FY 2011-12 as approved by the Hon'ble Commission in its previous True-up Order have been escalated using the inflation index of FY 2012-13 to derive at the normative O&M Expenses for FY 2012-13
- Further, in addition to the normative O&M expenses based on inflation, the Distribution Tariff Regulations, 2006 provide for incremental O&M expenses at 2.5 % on addition to asset during the previous year

Particulars	FY 2011-12 (Normative as per True-up Order dtd 01.10.2014)	FY 2012-13 (True-Up Petition)	FY 2012-13 (Normative)
Employee Expenses			
Employee Cost and Provisions	110.95	102.26	120.66
Incremental Employee Expenses @ 2.5%			1.59
Gross Employee Expenses	110.95	102.26	122.25
Expenses Capitalised	1.33	1.21	1.21
Net Employee Expenses	109.62	101.05	121.04
A&G Expenses			
Admin & Gen Expenses	7.19	40.75	7.82
Incremental Admin & Gen Expenses @ 2.5%			0.10
Gross Admin & Gen Expenses	7.19	40.75	7.92
Expenses Capitalised	0.01	0.02	0.02
Net Admin & Gen Expenses	7.18	40.73	7.90
R&M Expenses			
Repair & Maintenance Expenditure	44.05	35.16	47.90
Incremental R&M Expenses @ 2.5%			0.63
Gross Repair & Maintenance Expenses	44.05	35.16	48.54
Gross O&M Expenses	162.19	178.17	176.38

Particulars	FY 2011-12 (Normative as per True-up Order dtd 01.10.2014)	FY 2012-13 (True-Up Petition)	FY 2012-13 (Normative)
Expenses Capitalised	1.34	1.23	1.23
Net O&M Expenses	160.85	176.94	175.15

13. The Petitioner should also compute the efficiency gain (if any) based on the normative O&M Expenses of FY 2012-13, as per the approach adopted by the Commission while undertaking the true-up of FY 2011-12.

Licensee's Response

In accordance with the approach adopted by the Commission while undertaking the true-up of FY 2011-12, the Normative O&M expenses for FY 2012-13 are lower than the actual O&M expenses claimed for Truing-up, hence there would be no efficiency gain.

14. As regards the O&M expenses the Petitioner should clarify whether the CGRF expenses have been included in O&M expenses claimed for FY 2012-13. Petitioner should submit the details of CGRF expenses separately for FY 2012-13.

Licensee's Response

The CGRF expenses are part of the O&M expenses being claimed by the licensee. Currently such expenses are not separately accounted for. Hence the details of such expenses are not available with the licensee. However, it is prayed that the Hon'ble Commission may allow an adhoc allowance towards the CGRF expenses considering the remuneration norms and associated costs in the CGRF framework approved by the Hon'ble Commission.

15. Petitioner in its True-up Petition has claimed the GFA addition as Rs. 20.40 Crore for FY 2012-13. However, the Petitioner has not submitted the source of funding of such capitalisation. Petitioner should submit the detailed source-wise funding of the above mentioned GFA addition for FY 2012-13.

Licensee's Response

It is stated that the Hon'ble Commission in the true up order for FY 2008-09 to 2011-12 and ARR order for FY 2015-16 had considered a normative tariff approach wherein it had considered a normative gearing of 70:30.

Considering this approach, 70% of the capital expenditure undertaken in any year was considered to be financed through loan and balance 30% has been considered to be financed through equity contributions. The portion of capital expenditure financed through consumer contributions, capital subsidies and grants was separated as the depreciation and interest thereon would not be charged to the consumers.

The licensee is agreeable to this normative approach approved by the Hon'ble Commission. No deviation in this approach has been sought by the licensee. The licensee has prepared the true up petition for FY 2012-13 based on this normative approach approved by the Hon'ble Commission.

16. Petitioner has submitted that it has considered the interest rate of 13.55% for computing the interest expenses for FY 2012-13 which is as per the weighted average interest rate of the licensee as per audited accounts. However, the computation of the same has not been submitted, the Petitioner should submit the detailed computation for arriving at the above considered rate of interest with due reconciliation with the audited accounts of FY 2012-13.

Licensee's Response

The Petitioner humbly submits that the same is depicted in the table 2-9 of the True-up Petition for FY 2012-13. Further the detailed computation for arriving at the interest rate of 13.55% is shown in the table below:

Particulars	Source	FY 2012-13
Opening Loan	Balance Sheet	1059.90
Closing Loan Balance	Balance Sheet	1698.31
Average Loan Balance		1379.11
Interest	Profit & Loss A/c	186.88
Rate of Interest		13.55%

17. Petitioner in its Petition has considered the rate of interest for computing the interest on working capital for FY 2012-13 as 12.50%. Petitioner should submit the basis for considering above rate of interest.

Licensee's Response

The Petitioner humbly submits that it has used the same rate of interest on working capital for true-up petition of FY 2012-13 as was approved in the tariff order for the relevant year.

18. It has been observed that the actual Gross Interest on Long Term Loan for FY 2012-13 is exorbitantly higher than the Gross Interest on Long Term Loan approved in the Tariff Order for FY 2012-13. The actual Gross Interest on Long Term Loan submitted by the Licensee is Rs. 186.88 Crore as against approved Gross Interest on Long Term Loan of Rs. 16.96 Crore. In this regard, the Petitioner should submit the justification for the same.

Licensee's Response

The Petitioner humbly submits that it has claimed the interest on working capital as per the normative methodology prescribed by the Tariff Regulations and adopted by the Hon'ble Commission in the previous true-up and tariff orders without imposing any additional burden on the consumers.

19. Petitioner in its petition has claimed the interest on consumer security deposit as Rs. 7.90 Crore. The Petitioner should submit the detailed computation of interest on consumer security for FY 2012-13 clearly indicating the opening balance, additions during the year and closing balance of the consumer security deposit.

Licensee's Response

The Petitioner humbly submits that the opening balance, additions during the year and closing balance of the consumer security deposit and interest thereon is provided in the table below:

Particulars	Source	FY 2012-13 (Audited)
Opening Balance of Security Deposit	Balance Sheet	92.37
Additions during the Year	Balance Sheet	6.36
Closing Balance of Security Deposit	Balance Sheet	98.73
Interest on Consumer Security Deposit	P&L Account	7.90

20. Petitioner should submit the rate of interest considered for payment of interest on consumer security deposit in FY 2012-13.

Licensee's Response

The Petitioner humbly submits that the interest on consumer security deposit claimed in the true-up petition is as per actual audited accounts for FY 2012-13

21. Further, with regard to the payment of interest on consumer security deposit, the Petitioner should submit an undertaking that, it has paid all the dues pertaining to interest on consumer security deposit for FY 2012-13.

Licensee's Response

The Petitioner humbly submits that the interest on consumer security deposit is being paid as per the provisions of the Electricity Supply Code and the Tariff Orders issued by the Hon'ble Commission.

22. It has been observed that the Petitioner for the purpose of Truing-up has claimed the depreciation at the uniform depreciation rate of 4.76% based on the rate approved by the Commission in its Tariff Order for FY 2012-13. However, as per Regulation 4.9 (1) (b) of Distribution Tariff Regulations, 2006 states that the depreciation should be calculated annually at the rates specified in the Annexure – B of the mentioned Regulations. Petitioner should submit the justification for not considering the depreciation rates as mentioned in the Annexure-B (Depreciation Schedule) of the Regulations.

Licensee's Response

The Distribution Tariff Regulations provides for a depreciation rate of 4.76% in respect of lines and distribution system. Further, in the tariff order for FY 2012-13, the Hon'ble Commission had considered a weighted average depreciation rate of 4.76%.

Accordingly, the licensee has considered a weighted average depreciation rate of 4.76% for the truing up in respect of financial year 2012-13.

23. Petitioner should submit the depreciation computation for FY 2012-13 considering depreciation rates prescribed in Annexure – B of Distribution Tariff Regulations, 2006.

Licensee's Response

The Distribution Tariff Regulations provides for a depreciation rate of 4.76% in respect of lines and distribution system. Further, in the tariff order for FY 2012-13, the Hon'ble Commission had considered a weighted average depreciation rate of 4.76%.

Accordingly, the licensee has considered a weighted average depreciation rate of 4.76% for the truing up in respect of financial year 2012-13. The detailed computation is provided in the table below:

PAC

Grand Total	562.87	20.40	-	583.27	4.76%	27.28

24. Petitioner in its Petition has not submitted the Fixed Asset Register for FY 2012-13, Petitioner should submit the same at the earliest. If the Fixed Asset Register is not submitted by the Petitioner then the Commission may disallow certain Depreciation from the ARR of FY 2015-16.

Licensee's Response

The Petitioner humbly submits that it has not been able to finalise the preparation of the FARs due to the huge backlog of previous financial years and due to the fact that the transfer scheme has still not been finalised. The Petitioner humbly requests that depreciation may be allowed to the petitioner based on the GFA balance as per audited accounts as it has been duly certified by the statutory auditors and by the CAG.

25. Petitioner should confirm that the accumulated depreciation in FY 2012-13 is less than 90% of GFA for all assets, since assets cannot be depreciated beyond 90% of GFA in accordance with the U.P. Electricity Regulatory Commission (Terms and Conditions for Determination of Distribution Tariff) Regulation, 2006.

Licensee's Response

The licensee confirms that the depreciation in FY 2012-13 is less than 90% of GFA for all assets.

26. Petitioner in its Petitions has claimed the prior period income of Rs.21.11 Crore for the purpose of Truing-up of FY 2012-13. As regard the same, the Commission in its Order dated October 1, 2014 has directed the Licensee to file a separate Petition for approval of prior period expenses / income for FY 2008-09 to FY 2011-12 which should clearly indicate the head wise and year wise bifurcation of prior period expenses / income clearly indicating the impact of such expenses or incomes on various ARR components and such impact should not exceed the normative expenses for any particular year. Petitioner in its Petition has submitted that such information is under compilation, Petitioner should submit the relevant information for FY 2012-13 as well.

Licensee's Response:

The Petitioner respectfully submits that the prior period expenses / incomes are recognised in the financial statements in compliance with the Accounting Standards (AS 5) (Revised) on 'Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies' which does not require year wise classification of prior period items. As there was no statutory requirement of classifying the prior items with respect to the each year to which they pertain, such information was not specifically depicted in the audited accounts. Considering this the expenses and incomes which are omitted to be accounted for in one or more financial years are accounted for as and when such omissions or errors are detected. It is humbly submitted that the prior period expenses may be allowed as stated in the audited accounts which has also received the approval of the CAG.

27. The Petitioner should submit the details of the actual Bad and Doubtful debts written off during FY 2012-13 duly reconciled with the audited accounts.

Licensee's Response:

The Petitioner respectfully submits that the amounts set aside as provision for bad and doubtful debts in FY 2012-13 is to the tune of Rs. 140.06 crore and the same has already been informed to the Hon'ble Commission in the True up Petition.

28. The Petitioner should submit the reconciliation of the amounts received towards consumer contributions, capital grants and subsidies in FY 2012-13 with the audited accounts of FY 2012-13.

Licensee's Response

The Petitioner humbly submits that the reconciliation of the amounts received towards consumer contributions, capital grants and subsidies in FY 2012-13 with the audited accounts of FY 2012-13 is detailed in the table below:

Particulars	FY 2012-13 (Audited)
-------------	-------------------------

Particulars	FY 2012-13 (Audited)
Opening Balance of Consumer Contributions, Grants and Subsidies towards Cost of Capital Assets	195.47
Additions during the year	20.05
Less: Amortisation	65.91
Closing Balance	149.62

29. Petitioner in its Petition has claimed the allocation of O&M of UPPCL for FY 2012-13 as Rs. 6.28 Crore. The Petitioner should submit the computation of arriving at the above mentioned amount of Rs. 6.28 Crore along with the supporting documents. Petitioner should also submit the breakup of the above amount in terms of Employee Expenses, A&G Expenses and R&M Expenses.

Licensee's Response

The Petitioner humbly submits that the detailed computation of arriving at of O&M of UPPCL for FY 2012-13 along with the breakup of the above amount in terms of Employee Expenses, A&G Expenses and R&M Expenses is shown in the table below:

Table: Computation of O&M Expenses of UPPCL for FY 2012-13

Particulars	Balance Sheet Note	FY 2012-13 (Audited)
Employee Benefit Expenses	Note No. 22	128.95
Administrative, General and Other Expenses	Note No. 25	18.29
Total O&M Expenses		147.23

Table: Allocation of O&M Expenses in the ratio of Input Energy

Particulars	DVVNL	MVVNL	PVVNL	PuVVNL	KESCO	NPCL	Total
Input energy (MU)	17,331.14	13,146.66	23,673.53	16,033.71	3,140.07	342.29	73,667.40
Total O&M Expenses – UPPCL as per audited account of FY 2012-13							147.23
Allocation of O&M	34.64	26.27	47.31	32.04	6.28	0.68	147.23

30. The Petitioner should submit the subcategory wise details of pending dues as prescribed in Form P1 and Form P1a of the formats of the Distribution Tariff Regulations, 2006.

Licensee's Response:

The Petitioner humbly submits that the current query is repetitive as the same format has already been sought in Query no. 1

31. The Petitioner in para 2.2.1 of the Truing up Petition for FY 2012-13 has submitted that the actual revenue from sale of power as Rs. 1,145.72 Crore is including delayed payment surcharge. As Delayed Payment Surcharge is part of the non-tariff income, Petitioner should, confirm that such amount has not been double accounted in the total revenue. Further, the Petitioner should also submit the reconciliation of revenue considered for FY 2012-13 from the audited accounts.

Licensee's Response

The Petitioner humbly submits that the delayed payment surcharge has only been taken into consideration while calculating the total revenue and does not form part of Non-Tariff Income. The detailed reconciliation of revenue considered for FY 2012-13 with the audited accounts is summarized in the table below:

Particulars	FY 2012-13 (Audited)
Revenue from Energy Sales	1145.72
Delayed Payment Surcharge	0.00
Total Revenue for Truing-up	1145.72

32. Petitioner should also submit the detailed break-up of Revenue (Rs. Crore) and Sales (MU) for each category of consumers as specified in the Rate Schedule (i.e. from LMV-1 to HV-4) for FY 2012-13.

Licensee's Response:

The Petitioner respectfully submits the details of the revenue assessment have already been submitted in the statutory audited accounts for FY 2012-13 enclosed with the True up Petition for FY 2012-13.

33. The Petitioner should submit the energy balance for FY 2012-13 as per the below mentioned format:

FY 2012-13 (Audited)	Unit	DVVNL	MVVNL	PVVNL	PuVVNL	Kesco	NPCL	UPPCL	Total
Power Purchase Input	MU								
Transmission Losses	MU								
Transmission Loss	%								
Energy Input into Discoms	MU								

Deficiency Note on KESCO's Petition for Truing-up of FY 2012-13 and ARR / Tariff for FY 2015-16

Distribution Losses	MU								
Distribution Losses	%								
Energy Sales by Discoms	MU								

Licensee's Response

The Petitioner humbly submits that the detail of the energy balance for FY 2012-13 as per the given format is depicted in the table below:

FY 2012-13 (Audited)	Unit	DVVNL	MVVNL	PVVNL	PuVVNL	Kesco	NPCL	UPPCL	Total
Power Purchase Input	MU							77,707.16	77,707.16
Transmission Losses	MU							4,039.76	4,039.76
Transmission Loss	%								5.20%
Energy Input into Discoms	MU	17,331.14	13,146.66	23,673.53	16,033.71	3,140.07	342.29		73,667.40
Distribution Losses	MU	6,336.98	3,265.89	6,666.19	4,113.79	986.31	-		21,369.15
Distribution Losses	%	36.56%	24.84%	28.16%	25.66%	31.41%	0.00%		29.01%
Energy Sales by Discoms	MU	10,994.17	9,880.78	17,007.34	11,919.92	2,153.76	342.29		52,298.25

C. Compliance to Directives of Commission in Tariff Order for FY 2013-14 & FY 2014-15

34. Compliance of Commission's Directives issued vide Order dated 31.05.2013

Sl. No	Description of Directive	Time Period for compliance	Status of Compliance	Commission's Query
1	The Commission directs the Licensee to pressingly pursue the proposal for allocation of PPAs to Discoms with GoUP and expedite the process of	Immediate	The Petitioner humbly submits that the process of allocation of PPAs to the Discoms has already been sent	Petitioner should complete the process at the earliest and submit tentative time for

Deficiency Note on KESCO's Petition for Truing-up of FY 2012-13 and ARR / Tariff for FY 2015-16

Sl. No	Description of Directive	Time Period for compliance	Status of Compliance	Commission's Query
	allocation.		to the GoUP for notification and the matter is still pending at their level.	such completion.
5	The Commission directs the Licensee to pressingly pursue the GoUP for finalisation of the Transfer Scheme and submit a copy of the same.	Within 3 months	The Petitioner humbly submits that the matter is being handled through the holding company namely UPPCL on behalf of all the Discoms which is pressingly pursuing the matter with the GoUP for the finalization of the Transfer Scheme.	Petitioner should complete the process at the earliest and submit tentative time for such completion.
7	The Commission directs the Licensee to frame an appropriate policy on capitalization of (i) employee costs, and (ii) A&G expenses.	Along with the petition for FY 2014-15	The Petitioner's policy on capitalization of (i) employee costs, and (ii) A&G expenses has been provided in the Notes on Accounts annexed with the audited accounts which is reproduced below: <i>"Due to multiplicity of functional units as well as multiplicity of function at particular unit, employee cost and general & administration expenses to capital works are capitalized @ 15% on distribution and deposit work, 11% on other works on the</i>	The Commission in its Order dated October 1, 2014 had directed the Petitioner that the Licensee has quoted the extract of the audited accounts, however, the Licensee has not framed any policy in the same. Licensee should frame a policy capitalization of (i) employee costs, and (ii) A&G expenses. Licensee should also submit a detailed note on the framed policy in its next ARR filing.

			amount of total expenditure."	Licensee should submit the same.
8	The Commission directs the Licensee to submit Fresh Actuarial Valuation Study Report in respect to employee expenses.	Along with the petition for FY 2014-15	The Petitioner submits that the matter would be taken up at UPPCL level.	In this regards the Petitioner should submit the steps taken from its side on the issue to take up the matter with UPPCL at the earliest.
10	As lack of approved transparent policy on identifying and writing off bad debts is hindering allowance of bad debts as an ARR component; the Commission directs the Licensee to submit ten sample cases of LT & HT consumers where orders have been issued for writing off bad debts, clearly depicting the procedure adopted for writing off bad debts along with policy framework for managing bad debts for the Commission's perusal.	Within 1 month	The Petitioner submits that it has framed a policy for identifying and writing off old arrears and a copy of the same was submitted to the Hon'ble Commission during the proceedings in respect of ARR and Tariff Petition for FY 2014-15. Appropriate directions have been issued to the field units to compile the sample cases based on such order issued by the licensee.	It is observed that the Petitioner has not yet submitted any such sample data on the consumer indicating the policy framework for managing bad debts for the Commission's perusal. In this regards the Petitioner should submit steps undertaken by it to ensure compliance with the directive.
13	The Commission directs the Licensee to conduct benchmarking studies to determine the desired performance standards in accordance with Clause 2.1.8	Within 3 months	The Petitioner submits that as per the Uttar Pradesh Electricity Regulatory Commission (Multi Year Distribution Tariff) Regulations,	Petitioner should submit the progress in the matter.

	of costs and charges and submit details regarding the cost of service studies for each category or voltage level.		Once the approach paper is finalized, the Petitioner would submit the same to the Hon'ble Commission.	conducting the study was 3 months. In this regard, the Petitioner should submit a tentative date for submission of the report.
18	The Commission directs the Licensee to install electronic meters in the residential consumers under LMV-10 category and submit a progress report every month.	Within one month	The Petitioner submits that Section 23 (7) of Electricity Reforms Act, 1999 provides that "terms and condition of service of the personnel shall not be less favorable to the terms and condition which were applicable to them before the transfer". The same spirit has been echoed under first proviso of section 133 (2) of the Electricity Act, 2003. The benefits for employees / pensioners as provided in section 12 (b) (ii) of the Uttar Pradesh Reform Transfer Scheme, 2000 include "concessional rate of electricity", which means concession in rate of electricity to the extent it is not inferior to what was existing before January 14,	The Commission in its earlier directive has stated that the referred statutory provision nowhere specifies that the LMV- 10 consumers can be unmetered supply. Thus, the Commission again directs the Licensee to install electronic meters in the residential consumers under LMV- 10 category and submit a progress report every month.

D. ARR / Tariff for FY 2015-16

36. Petitioner in its Petition has submitted the methodology for forecasting the sales for FY 2015-16. However, the Petitioner has not submitted the detailed computation for the same in the workable excel sheet. As regard the same, The Petitioner should submit detailed workable excel sheet for projecting the category-wise sales for FY 2015-16.

Licensee's Response

The Petitioner hereby submits that the load forecast model is hereby enclosed in a compact disc.

37. Petitioner should also submit the number of consumers, connected load (kW), sales per consumer (kWh) and sales per kW of connected load (kWh / kW) for each of the years between FY 2007-08 and FY 2014-15 till December, 2014 and for each consumer sub-category.

Licensee's Response

The Petitioner hereby submits that the number of consumers, connected load (kW), sales per consumer (kWh) and sales per kW of connected load (kWh / kW) for each of the years between FY 2007-08 and FY 2013-14 are provided in the load forecast model enclosed herewith.

38. Petitioner should also submit the supporting document for the actual number of consumers, connected load (kW), sales per consumer (kWh) and sales per kW of connected load (kWh / kW) for previous years.

Let me

(रमेश कुमार)
मुख्य अभियन्ता (वा०)

Licensee's Response:

The Petitioner respectfully submits that the first level of data collection and collation is at the distribution division level. Subsequently, the data is collated at the zonal level and thereafter at the discom level. The overall electricity sales is reflected in the audited accounts copy of which has already been submitted by the Petitioner. The sales per consumer and sales per kW of connected load are derived figures and not source level information.

The Petitioner humbly submits that the collated results of the number of consumers, connected load (kW), sales per consumer (kWh) and sales per kW of connected load (kWh / kW) are provided in the load forecast model enclosed herewith.

39. Petitioner should also submit the estimated number of consumers, connected load (kW), sales(MU), sales per consumer (kWh) and sales per kW of connected load (kWh / kW) for FY 2015-16 for each category and subcategories with all possible scenarios (including consumption slab-wise, voltage – wise, load-wise etc).

Licensee's Response

The Petitioner hereby submits that the projected number of consumers, connected load (kW), sales per consumer (kWh) and sales per kW of connected load (kWh / kW) for FY 2015-16 for each category and subcategories with all possible scenarios (including consumption slab-wise, voltage – wise, load-wise etc) are provided in the load forecast model enclosed herewith.

40. Petitioner should submit the following details regarding the unmetered category / sub-category as per enclosed **Annexure 2 - Unmetered Consumption from FY 2007-08 to FY 2014-15 (till December):**

- i) No. of consumers
- ii) Contracted Load
- iii) Consumption (MU)
- iv) Amount billed to consumers.
- v) Amount collected from consumers.
- vi) Consumption per Consumer
- vii) Consumption per KW

Licensee's Response

The Petitioner hereby submits that the details regarding the unmetered category / sub-category from FY 2007-08 to FY 2013-14 are provided in the load forecast model enclosed herewith.

41. Petitioner in its Petition has submitted that the loss trajectory in line with the loss reduction trajectory suggested by Ministry of Power, Government of India. The Petitioner further submitted that, considering the commitments made by it in the aforesaid submission, it has estimated the losses for FY 2014-15 & FY 2015-16 as per its earlier submissions made before the Commission. Also if in case the actual losses for FY 2013-14 are lower than the committed losses as per the trajectory, the petitioner has estimated a 2% reduction in the Distribution Losses each year over the actual loss level of FY 2013-14 as shown in the Table below:

Particulars	Base Year (FY 2013-14)	FY 2014-15	FY 2015-16
Distribution Loss (KESCO)	30.84%	27.66%	26.66%

As regard the same,

- Further, the Petitioner should submit the actual Distribution losses for FY 2014-15 (till December, 2014).
- The Petitioner should also submit the Distribution losses considered by it under the FRP.
- The Petitioner should submit the reason for variation in the Distribution Loss losses projected for FY 2015-16 and the Distribution Loss considered in FRP, if any.

Licensee's Response

The Petitioner humbly submits that the data in respect of actual distribution losses for FY 2014-15 (till December) has yet not been prepared and the same can be made available only on the annual basis when the provisional accounts of the licensee are in shape. However the estimated losses for FY 2014-15 have already been intimated to the commission in the ARR petition. Further the major reason for variation in the Distribution losses projected for FY 2015-16 and the Distribution Loss considered in FRP is due to the gap in the funding of cash gap estimated by the petitioner in the FRP and the actual funding made by the participating banks. Due to the substantial gap in the availability of funds, the petitioner has not been able to make the envisaged capital investments for implementing loss reduction schemes and other performance improvement measures planned in the FRP. However the Petitioner is in the process of finding new sources of funding for implementation of aforementioned measures at the earliest possible to curb the distribution losses and bring down the same to the desired level as projected in the FRP. In the mean time the Petitioner humbly requests the Hon'ble Commission to approve the distribution losses for FY 2015-16 keeping the actual distribution loss for FY 2013-14 as the base year. The distribution losses for the KESCO Discom considered in the FRP are detailed as under:

Calculation

Transmission Charges as per Audited Accounts (Rs. Crore)	248.68	192.41	325.34	228.54	47.98

43. The Petitioner should submit the current Status of RPO compliance separately for FY 2010-11, FY 2011-12, FY 2012-13, FY 2013-14 and FY 2014-15 upto December 2014.

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

44. Petitioner should submit the source-wise details of the actual power purchased during FY 2012-13, FY 2013-14 and FY 2014-15 (till December) as per the enclosed **Annexure 3- Power Purchase Details**.

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

45. Petitioner should submit the workable excel model to arrive at the revenue from the existing Tariff and the Tariff proposed for FY 2015-16.

Licensee's Response

The Petitioner hereby submits that the workable excel model to arrive at the revenue from the existing Tariff and the Tariff proposed for FY 2015-16 is hereby enclosed in a compact disc

46. As regard the power purchase for FY 2015-16 the Petitioner in para 7.1.6 (c) has submitted that the difference on Energy Requirement and available at DISCOM level was allocated to all the categories except HT, Agriculture and Railway on the basis of existing share in sales. Petitioner should submit in detail how such allocation has been made along with the supporting computation.

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

47. Petitioner should submit its proposal for all the charges to be levied on the consumer opting for the open access of power in FY 2015-16.

Licensee's Response:

In this regard, a separate petition has been filed by the licensee. It is prayed that an expeditious hearing may be granted in this regard.

48. Petitioner has proposed capital expenditure of Rs.29.59 Crore during FY 2015-16. In this regard, Petitioner should submit the details of preparedness to execute the works in terms of funds tie up and orders placed.

Licensee's Response

The proposed capital expenditure would be funded through a mix of debt and equity. The equity is invested by the GoUP through a budgetary allocation. The debt would be tied up from financial institutions such as PFC and REC. The licensee has a long standing relationship with such financial institutions and getting debt support is not seen as a challenge. The work orders would be placed in the ensuing year as they pertain to FY 2015-16.

49. In Form F9 (a) the Petitioner has submitted its loan profile. In this regards Petitioner should submit the duly filled form F9(a) indicating the source wise details of the opening balance, additions during the year, repayment closing balance, rate of interest as prescribed in the format of instead of only total values for each sub head for FY 2012-13, FY 2013-14, FY 2014-15 and FY 2015-16 respectively.

Licensee's Response

The licensee has followed the approach approved by the Hon'ble Commission in its previous true up orders wherein it had considered a normative tariff approach with a gearing of 70:30.

In this approach, 70% of the capital expenditure undertaken in any year has been considered to be financed through loan and balance 30% has been considered to be funded through equity contributions. The portion of capital expenditure financed through consumer contributions, capital subsidies and grants has been separated as the depreciation and interest thereon has not been charged to the beneficiaries.

Allowable depreciation for the year has been considered as normative loan repayment.

After consideration of a normative approach in the true up order loan wise segregation neither has any implication nor is possible

50. Petitioner in its Petition has submitted that the interest rate for the Interest on consumer security deposit has been considered as 9.00% based on the bank rate as at the beginning of FY 2015-16. However, as FY 2015-16 has not begun so far, Petitioner should submit the justification in this regard.

Licensee's Response

The licensee submits that the bank rate is announced by the Reserve Bank of India and the same is subject to change normally on a quarterly basis which is announced as part of the Monetary Policy by the RBI.

The rate of 9.00% is merely a projected no as the financial year 2015-16 has not started.

The same is subject the truing up based on audited account

51. As regards the provision for bad and doubtful debts,
- In line with the Regulations 4.4 of Distribution Tariff Regulations, 2006, Petitioner should submit the policy for Commission's approval to identify and write off bad debts in FY 2015-16.
 - The Petitioner should submit the actual bad and doubtful debts written off by it for FY 2012-13 and FY 2013-14 as per its Audited / provisional accounts.

Licensee's Response:

(a) The Petitioner respectfully submits that it has framed a policy for identifying and writing off old arrears and a copy of the same was submitted to the Hon'ble Commission during the proceedings in

Handwritten signature

32
(रमेश कुमार)
मुख्य अभियन्ता (वा०)
केस्को

respect of ARR and Tariff Petition for FY 2014-15. Appropriate directions have been issued to the field units to compile the sample cases based on such order issued by the licensee.

(b) Further, the provision for bad and doubtful debt made by the Petitioner is to the tune of Rs. 140.06 crore in FY 2012-13 (audited accounts) and Rs. 11.38 crore in FY 2013-14 (provisional accounts)

52. It has been observed that the Petitioner has claimed the depreciation for FY 2015-16 at a uniform rate of 7.84%. Petitioner has also submitted that the mentioned rate is the weighted average rate of depreciation rates specified in the Distribution Tariff Regulations, 2006. As regard the same, the Petitioner should submit the computation of arriving at the above mentioned weighted average rate in Ms. Excel Format with proper linkages and formulas instead of punch in numbers.

Licensee's Response

The Distribution Tariff Regulations provides for a depreciation rate of 7.84% in respect of lines and distribution system. Further, even in the tariff order for FY 2014-15, the Hon'ble Commission had considered a weighted average depreciation rate of 7.84%.

Accordingly, the licensee has considered a weighted average depreciation rate of 7.84% for the ensuing year FY 2015-16

53. Petitioner while computing the interest on working capital requirement for FY 2015-16, has considered the one-twelfth of the sum of the book value of stores, materials and supplies at the end of each month of such financial year as Rs. 0.21 Crore. Petitioner should submit the basis of considering the same.

Licensee's Response

Regulation 4.8.2 (a) (ii) of the Distribution Tariff Regulations provides that working capital requirement would include one-twelfth of the sum of the book value of stores, materials and supplies which have been considered at 1/12 of the annual capital expenditure proposed for the ensuing year FY 2015-16.

54. The Petitioner has submitted that, it has evaluated a revenue gap of Rs. 111.11 Crore for FY 2015-16 and revenue gap of Rs.409.88 Crore for truing up of FY 2012-13. It further submitted that, the total revenue gap which needs to be recovered by the Petitioner from its consumers is to the tune of Rs. 520.99 Crore along with carrying cost. In this regard, the Petitioner should clarify whether the above gap includes the carrying cost or not.

Licensee's Response

The Petitioner humbly submits that the carrying cost is to be allowable at the applicable interest rates and would be in addition to the revenue gap. It is clarified that the revenue gap claimed does not include carrying cost; however the same is allowable additionally.

55. If the above claimed Revenue Gap of Rs. 520.99 Crore does not include the carrying cost, then Petitioner should submit the revised revenue gap including the carrying cost along with the detailed computation in a workable excel sheets.

Licensee's Response

The Petitioner humbly submits that the revised revenue gap including the carrying cost along with the detailed computation of the same is summarized in the table below:

Particulars	Amount (Rs. Crore)
Revenue Gap as per True up Petition for 2012-13	409.88
Carrying Cost @12.50% for 2 years	102.47
Revenue Gap as per ARR for FY 2015-16 at existing tariff	111.11
Total	623.46

56. It has been observed that in many cases the Petitioner has inadvertently mentioned FY 2014-15 in place of FY 2015-16. (For example: Table 9-1, 9-2, etc.). The Petitioner should rectify the same in the whole Petition.

Licensee's Response

The Petitioner humbly submits that there was an inadvertent error; kindly consider FY 2015-16 instead of FY 2014-15.

57. The Petitioner should submit the Fixed Asset Register for FY 2012-13 and for FY 2014-15 upto December 2014.

Licensee's Response

The Petitioner humbly submits that it has not been able to finalise the preparation of the FARs due to the huge backlog of previous financial years and due to the fact that the transfer scheme has still not been finalised. The Petitioner humbly requests that depreciation may be allowed to the

(Signature)
PAC

34
(रमेश कुमार)
मुख्य अभियन्ता (वा०)
देवर

petitioner based on the GFA balance as per audited accounts as it has been duly certified by the statutory auditors and by the CAG.

58. Petitioner should submit the total revenue gap till end of FY 2015-16 (at existing tariff) considering the Revenue Gap approved by the Commission in its Order dated October 1, 2014 and the Revenue Gap claimed by the Petitioner in its Petition.

Licensee's Response

The Petitioner humbly submits that the total revenue gap till end of FY 2015-16 (at existing tariff) considering the Revenue Gap approved by the Commission in its Order dated October 1, 2014 and the Revenue Gap claimed by the Petitioner in its Petition is summarized in the table below:

Particulars	Amount (Rs. Crore)
Revenue Gap approved by the Commission in its Order dated October 1, 2014	515.02
Revenue Gap as per True up Petition for 2012-13	409.88
Carrying Cost @12.50% for 2 years on above	102.47
Revenue Gap as per ARR for FY 2015-16	111.11
Total	1,138.48

59. The Petitioner should also submit the detailed recovery mechanism for the gap claimed by the Petitioner created out of truing up of FY 2012-13 and ARR / Tariff of FY 2015-16.

Licensee's Response

The Petitioner humbly submits that it is understood that given the significant amount of revenue gap, the whole impact may be not be able to be passed through a revision in retail tariffs, as it may lead to massive tariff shock. Thus the Petitioner requests the Hon'ble Commission being the Regularity Authority, to find out a suitable way in which the Petitioner can recover its revenue gap and also the least burden can be passed on to the retail consumers to protect them from tariff shock.

60. The Petitioner should submit the comparison of following parameters with Other States in India:

- Average Power Purchase Cost
- Ratio of HT/LT consumers
- Average Cost of Supply (ACOS)

- Tariff Comparison for Domestic, Non Domestic, LT Industrial, HT Industrial, PTW, Public Lamps, PWW, Railway Traction, and Bulk Supply categories of consumers.

Licensee's Response

The Petitioner respectfully submits that the relevant data published by Power Finance Corporation in its Report on Performance of State Power Utilities for the FY 2009-10 to FY 2011-12 is annexed herewith and marked as 'Annexure-2'.

61. Petitioner should submit the details of the actions being taken up by the Petitioner to achieve 100% metering in the Licensee Area by March 31, 2015.

Licensee's Response:

The Petitioner respectfully submits that the actions taken by it to achieve 100% metering has been duly informed to the Hon'ble Commission in the Review Meeting held on 27.01.2015 and a copy of the same is annexed hereto and marked as 'Annexure-3'.

62. Petitioner should submit the details of the total prepaid meters installed in FY 2013-14 and FY 2014-15 (till December).

Licensee's Response:

The Petitioner respectfully submits that the details towards installation of prepaid meters have been duly informed to the Hon'ble Commission in the Review Meeting held on 27.01.2015 and a copy of the same is annexed hereto and marked as 'Annexure-4'.

63. Petitioner should submit the details of all the consumers who have taken open access during FY 2013-14 and FY 2014-15. Petitioner should also submit the total revenue realized by the Licensee though open access charges.

Licensee's Response:

The Petitioner humbly submits that the cross subsidy surcharge was approved by the Hon'ble Commission only in the Tariff Order for FY 2014-15 which was issued on 01.10.2014. As such there was no cross subsidy surcharge recovered for periods before the implementation of the tariff order for FY 2014-15.

64. The Commission vide letter UPERC/Secy/D(Tariff)/14-1282 dated November 3, 2014 asked certain information. In reference to the same, the Petitioner should submit the information sought in the

referred letter so as to make it part of the current proceedings. The information sought in the referred letter is also extracted below:

"...

1. *Kindly submit the detailed design / methodology on tariffs to be charged from the end consumers of single point bulk load consumer having mixed loads for e.g. in LMV-1 (b), HV-1 (b) etc. after consultations with various stakeholders and specifically the end consumers affected.*
2. *Based on the tariff proposal submitted by the State owned Distribution Companies, slabs in LMV-6 category (for the first time) were approved by the Commission. You are requested to submit the details as to how the approved tariffs (slabs & TOD rates) for FY 2014-15 would be implemented vide the TOD metering system.*
3. *Based on your consumer data, you may please submit the following information:*
4. *For an average consumer (rural domestic) what is the load & consumption per month?*
5. *For an average consumer (urban domestic) what is the load & consumption per month?*
6. *For an average consumer (rural commercial) what is the load & consumption per month?*
7. *For an average consumer (urban commercial) what is the load & consumption per month?*
8. *For an average consumer (PTW) what is the load & consumption per month?*
9. *For an average consumer (LMV-6) what is the load & consumption per month?*
10. *For an average consumer (HV-1) what is the load & consumption per month?*
11. *For an average consumer (HV-2) what is the load & consumption per month?*

Further based on the above, you may kindly submit for each of the above (average consumer), the %rise in their electricity bill year wise, since 2003 till date."

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

65. The Commission vide letter UPERC / Secy. / D(Tariff) / 14-257 dated 28th October, 2014, has directed the Licensee to submit a detailed proposal as per the direction given by the Commission in the Order

(Signature)

(रमेश कुमार)
मुख्य अभियन्ता (टाओ)

dated 23rd October, 2013, wherein the Commission had directed the Petitioner to submit a detailed proposal on the differential distribution of FPPCA based on 'through rate', or 'average billing rate' as suggested by the Petitioner itself and based on feedback of consumers and keeping their interest in mind. The Petitioner has not submitted any such proposal before the Commission till date. Further, the Commission has also directed the Petitioner to file the detailed computation of the FPPCA formula for at least a year, along with the details of quantum, amount & source of all the UI and unapproved power purchases made for each quarter of the year. In this regard, the Petitioner should submit the same at the earliest.

Licensee's Response:

It is submitted that the required proposal sought vide UPERC / Secy. / D(Tariff) / 14-257 dated October 28, 2014 has been submitted by the licensee on 29.12.2014. Copy attached as per the Annexure-4A. Further as required by the Hon'ble Commission computation for FPPCA for the period of 9 months has also been submitted vide letter 1621 dated 30.06.2014. Copy attached as per the Annexure-4B.

66. The Petitioner should submit the Discom-wise Distribution losses in various States of India for last five years.

Licensee's Response:

The Petitioner respectfully submits that the relevant data published by Power Finance Corporation in its Report on Performance State Power Utilities for the FY 2009-10 to FY 201-12 is annexed herewith and marked as 'Annexure-5'.

67. The Petitioner should submit the details of its Distribution Losses and collection efficiency from inception to till date.

Licensee's Response

The Petitioner humbly submits that details of Distribution Losses and collection efficiency for FY 2012-13 and FY 2013-14 are summarized in the table below:

Particulars		FY 2012-13	FY 2013-14
Energy Input into Discoms	MU	3,140.07	3,554.39
Distribution Losses	MU	986.31	1,096.30
Distribution Losses	%	31.41%	30.84%
Energy Sales by Discoms	MU	2,153.76	2,458.09
Collection Efficiency	%	96.78%	95.74%

68. The Petitioner should submit the percentage rise in tariff in each category for last five years (i.e. FY 2010-11 to FY 2014-15).

Licensee's Response

The Petitioner humbly submits that percentage rise in tariff for last five years (i.e. FY 2010-11 to FY 2014-15) is detailed in the table below:

Financial Year	Tariff Hike %
2010-11	NA
2011-12	NA
2012-13	20.93%
2013-14	10.29%
2014-15	11.28%

69. The Petitioner should submit the details of wheeling charges, open access charges and transmission charges from inception till date approved by the Commission for the Distribution Licensee.

Licensee's Response:

The Petitioner respectfully submits that the details of wheeling charges, open access charges and transmission charges have been approved by the Hon'ble Commission in the past tariff orders under separate chapters titled "Open Access Charges". The same for the past three years are enclosed herewith and marked as "Annexure-6".

70. The Petitioner should submit the year wise revenue gaps, ACOS, ABR, percentage gap in ACOS and ABR from inception till date for the Distribution Licensee.

Licensee's Response

The Petitioner humbly submits that the details of year wise revenue gaps, ACOS, ABR, percentage gap in ACOS and ABR for FY 2012-13 and FY 2013-14 for the Distribution Licensee is summarized in the table below:

Particulars	FY 2012-13 (True-up)	FY 2013-14 (Provisional Accounts)
Revenue Gap	409.88	384.90
ACOS	7.22	7.85

ABR	5.32	6.29
Percentage gap in ACOS and ABR	26.35%	19.94%

71. The Petitioner should submit a detailed note on the merits and demerits of single part tariff and two part tariff. Petitioner should also submit the possibility of having single part tariff in certain categories along with the financial impact to the Licensee.

Licensee's Response:

Section 45 of the Electricity Act, 2003 provides the power to distribution licensee to recover the charges for the supply of electricity by it in accordance with tariffs fixed from time to time. As per Section 45 (2):

The charges for electricity supplied by a distribution licensee shall be:

- (a) *fixed in accordance with the methods and the principles as may be specified by the concerned State Commissions;*
- (b) *published in such manner so as to give adequate publicity for such charges and prices.*

Section 45(3) (b) states that:

The charges for electricity supplied by a distribution licensee may include a fixed charge in addition to the charge for the actual electricity supplied.

Moreover, the National Tariff Policy, 2006 focuses on introduction of Two-part tariff and TOD tariffs as it would result in flattening the peak and implementing various energy conservation measures. Clause 8.4.1 of the National Tariff Policy, 2006 defines the tariff components and its applicability as follows:

"Two part tariffs featuring separate fixed and variable charges and Time differentiated tariff shall be introduced on priority for large consumers (say, consumers with demand exceeding 1 MW) within one year....."

Thus, the principle of two part tariff is well advocated in law and through policy intervention by the Government.

The benefits of two part tariff are mentioned below:

- (i) Two part tariff considers a balanced approach by regulators for recovery of costs.
- (ii) Two part tariff ensures protection of interests of the licensee as well as that of the consumers.
- (iii) Fixed cost component ensures a minimum recovery of costs

E. Queries related to prerequisites as per UPERC (Multi Year Distribution Tariff) Regulations, 2014

72. As per Regulation 4.2.1 the Distribution Licensee is required to initiate the benchmark studies under the supervision of the Commission to determine the desired performance standards and the study should be completed by September 30, 2015. As regard the same the Petitioner should submit the status of such study to be undertaken.

Licensee's Response:

Benchmarking studies required in accordance with the MYT Regulations 2014 is to be carried out under the supervision of the UPERC. The Petitioner would submit such studies in accordance with the timelines stipulated in the MYT Regulations.

73. As per Regulation 16.2 the Distribution Licensee is required to form a team consisting of an independent agency and designated team of the Distribution Licensee to validate the status of meters, load of metered consumers and category classification of consumers in the area of operations of Distribution Licensee. Such exercise should have been started from October 1, 2014. Petitioner should submit the status of the above exercise and its progress. Petitioner should also submit the necessary justification in case there is any delay.

Licensee's Response:

The Petitioner submits that a road-map in this regard would be chalked out in consultation with the Hon'ble Commission.

74. Petitioner should submit a roadmap for reduction of cross subsidies in the period between FY 2015-16 to FY 2019-20 detailing intermediate milestones, based on the approach of a gradual reduction in cross subsidy.

Licensee's Response:

At the outset, the Petitioner respectfully submits that the proposed rates for each consumer category are within $\pm 20\%$ of the ACOS. Further, it is imperative to reproduce the findings of the Hon'ble Commission in respect of the reduction of cross subsidies from the FY 2014-15 tariff order dated 01.10.2014:

"3.43.10 The Hon'ble Commission is of the view that tariff should be rationalized. However, it is also aware of the socio-economic condition of different groups of the population. Therefore, it is of the opinion, that there is a need to have a feasible solution that helps the cause of rationalization. The Commission has ensured that the tariff payable by these consumers is low, keeping in mind that they belong to the most disadvantaged

sections of the society. The current tariff for this category of consumers, well justifies the rationalization policy of the Commission and is in line with the National Tariff Policy.

- 3.43.11 *In accordance with the National Electricity Policy, consumers below poverty line who consume electricity below a specified level may receive a special support through cross subsidy. Tariffs for such designated group of consumers will be at least 50% of the average cost of supply. The tariff has been designed in such a way that it shall progressively reflect the cost of supply of electricity."*

F. FRP related queries

75. The Commission is aware of the fact that expenses towards interest on long term loan, working capital etc. are allowed on normative basis, but the rate of interest considered by the Commission are based on actual in some cases. In this regard, the Petitioner must submit the segregated details pertaining to FRP and non- FRP loans and interest for FY 2012-13. Further, it should also submit the impact of FRP if any in the ARR / Tariff process of FY 2015-16 and Truing-up of FY 2012-13.

Licensee's Response

The Petitioner humbly submits that as per the consistent approach of the Hon'ble Commission, it considers a normative gearing of 70:30. Considering this approach, 70% of the capital expenditure undertaken in any year was considered to be financed through loan and balance 30% has been considered to be financed through equity contributions. The portion of capital expenditure financed through consumer contributions, capital subsidies and grants was separated as the depreciation and interest thereon would not be charged to the consumers.

The FRP scheme was towards restructuring of power purchase liability and working capital loans. The FRP loans are towards working capital loans and are shown separately in the balance sheet under the head 'Bank Loans', and the interest portion is separately recognized in the audited accounts as 'interest on bank loans'. The interest on FRP loans does not form part of the total interest which is been worked out for the purpose of calculating weighted average interest on long term loans to be allowed in the ARR. Further, the interest on working capital has been claimed based on the normative approach prescribed by the Tariff Regulations. Hence the FRP has no impact over the ARR/Tariff process for FY 2015-16.

76. It has been observed in the ARR Petition submitted by the Distribution Licensees for FY 2015-16 that there is no mention of impact of FRP on ARR for FY 2015-16. In respect of the same, the Petitioner should submit the impact of FRP scheme on the components of ARR such as interest expenses etc. separately for each Discom.

Licensee's Response

The Petitioner humbly submits that as per the consistent approach of the Hon'ble Commission, it considers a normative gearing of 70:30. Considering this approach, 70% of the capital expenditure undertaken in any year was considered to be financed through loan and balance 30% has been considered to be financed through equity contributions. The portion of capital expenditure financed through consumer contributions, capital subsidies and grants was separated as the depreciation and interest thereon would not be charged to the consumers.

The FRP scheme was towards restructuring of power purchase liability and working capital loans. The FRP loans are towards working capital loans and are shown separately in the balance sheet under the head 'Bank Loans', and the interest portion is separately recognized in the audited accounts as 'interest on bank loans'. The interest on FRP loans does not form part of the total interest which is been worked out for the purpose of calculating weighted average interest on long term loans to be allowed in the ARR. Further, the interest on working capital has been claimed based on the normative approach prescribed by the Tariff Regulations. Hence the FRP has no impact over the ARR/Tariff process for FY 2015-16.

The FRP prepared by the Discoms have already been submitted and the in-principle approval has already been granted by the Hon'ble Commission.

77. The Petitioner should submit the actual details of loans pertaining to FRP for FY 2012-13, FY 2013-14 and FY 2014-15 (till December) including:

- i) Opening loan at the beginning of the year,
- ii) Repayment during the year
- iii) Closing balance of loan at the end of the year
- iv) Effective interest rate
- v) Actual interest paid.

Licensee's Response

The Petitioner humbly submits that as per the consistent approach of the Hon'ble Commission, it considers a normative gearing of 70:30. Considering this approach, 70% of the capital expenditure undertaken in any year was considered to be financed through loan and balance 30% has been considered to be financed through equity contributions. The portion of capital expenditure financed through consumer contributions, capital subsidies and grants was separated as the depreciation and interest thereon would not be charged to the consumers.

The FRP scheme was towards restructuring of power purchase liability and working capital loans. The FRP loans are towards working capital loans and are shown separately in the balance sheet under the head 'Bank Loans', and the interest portion is separately recognized in the audited

accounts as 'interest on bank loans'. The interest on FRP loans does not form part of the total interest which is been worked out for the purpose of calculating weighted average interest on long term loans to be allowed in the ARR. Further, the interest on working capital has been claimed based on the normative approach prescribed by the Tariff Regulations. Hence the FRP has no impact over the ARR/Tariff process for FY 2015-16.

The FRP prepared by the Discoms have already been submitted and the in-principle approval has already been granted by the Hon'ble Commission.

G. Rate Schedule related Queries

78. The Petitioner should also submit a report 'Changes proposed in Rate Schedule for FY 2015-16' comprising of all the major and minor changes (including the rates) proposed in the Rate Schedule for FY 2015-16. In this regards the Petitioner should submit a detailed explanation for each and every change proposed by it in the following format:

Existing Rate Schedule	Proposed Rate Schedule	Proposed Change	Reasons why the Change has been Proposed	Design and Analysis details of proposed changes	Estimated Revenue Impact because of the proposed changes	Any Other additional Information

Licensee's Response:

The Petitioner respectfully submits that a detailed table depicting the existing rate schedule and proposed rate schedule along with the estimated impact on revenue is provided in an excel table and is enclosed in a compact disc. Further, the reasons for the proposed change have been elaborated in the response to the specific queries titled under chapter named "Rate Schedule related Queries".

79. The Distribution Licensees have proposed a uniform tariff for all the State Discoms in the State of Uttar Pradesh. As regards the same, the Petitioner should submit a detailed note clarifying why the uniform tariff must be applicable for all the Discoms giving appropriate reasons as to why the Commission not issue different tariffs for each licensee as per the Act, Policies and Regulations

unless the Government of Uttar Pradesh issues directions under Section 108 for having 'Uniform Tariff' across the State citing 'Public Interest'.

Licensee's Response:

Clause 8.4.2 of the Tariff Policy states:

"The National Electricity Policy states that existing PPAs with the generating companies would need to be suitably assigned to the successor distribution companies. The State Governments may make such assignments taking care of different load profiles of the distribution companies so that retail tariffs are uniform in the State for different categories of consumers. Thereafter the retail tariffs would reflect the relative efficiency of distribution companies in procuring power at competitive costs, controlling theft and reducing other distribution losses."

Hence in line with the Tariff Policy and the consistent philosophy of the State Commission in the past year, the licensees have proposed uniform retail tariffs.

80. Petitioner should submit the category-wise cross subsidy at existing tariffs and at proposed tariff for FY 2015-16 ensuring that the proposed rates for each consumer category is within $\pm 20\%$ of the ACOS.

Licensee's Response:

The Petitioner respectfully submits that the proposed rates for each consumer category are within $\pm 20\%$ of the ACOS. The following table depicts the average revenue / unit % of ACOS:

Particulars	Existing Tariff		Proposed Tariff	
	Average Revenue (Rs/kWh)	Average Revenue / unit % of ACOS	Average Revenue (Rs/kWh)	Average Revenue / unit % of ACOS
LMV-1: Domestic Light, Fan & Power	5.81	82%	6.30	89%
LMV-2: Non Domestic Light, Fan & Power	8.44	116%	8.98	120%
LMV-3: Public Lamps	6.94	98%	8.33	118%
LMV-4: Light, fan & Power for Institutions	7.25	103%	7.51	107%
LMV-5: Private Tube Wells/ Pumping Sets	-	0%	-	0%
LMV 6: Small and Medium Power	7.06	100%	7.43	105%
LMV-7: Public Water Works	7.97	113%	8.27	117%
LMV-8: State Tube Wells & Pump Canals	-	0%	-	0%
LMV-9: Temporary Supply	-	0%	-	0%
LMV-10: Departmental Employees	3.17	45%	3.46	49%
HV-1: Non-Industrial Bulk Loads	8.00	113%	8.30	118%

Case file

(रमेश कुमार)
मुख्य अभियन्ता (वा०)
जिला

Particulars	Existing Tariff		Proposed Tariff	
	Average Revenue (Rs/kWh)	Average Revenue / unit % of ACOS	Average Revenue (Rs/kWh)	Average Revenue / unit % of ACOS
HV-2: Large and Heavy Power	7.49	106%	7.83	111%
HV-3: Railway Traction	0	0%	0	0%

81. Petitioner has proposed a revised Tariff for FY 2015-16, for better understanding of the stakeholders / consumers the Petitioner should submit a detailed comparison of the existing and revised tariff duly showing the all the components of the tariff along percentage change compared to the existing tariff.

Licensee's Response:

The Petitioner respectfully submits that a detailed table depicting the existing rate schedule and proposed rate schedule along with the estimated impact on revenue is provided in an excel table and is enclosed in a compact disc. Further, it is humbly stated that the overall impact on revenue has been depicted as the percentage change for each consumer may not be homogenous due to varied load profile and other parameters of different consumers.

82. Petitioner should submit the rate at which the consumers of HV-2 category are billed and are supplied through industrial feeder under 'Rural Schedule'.

Licensee's Response:

The Petitioner respectfully submits that the rates have already been provided in Para 3(B) of the Proposed Rate Scheduled under HV-2 category.

83. The Commission in the General Provision of the Rate Schedule for FY 2014-15 has approved the following provision:

"7 (ii) CHARGES FOR EXCEEDING CONTRACTED DEMAND:

Law PRC

(रमेश कुमार)
मुख्य अभियन्ता (वा०)
नियंत्रण

If the maximum load / demand in any month of a consumer having TVM / TOD / Demand recording meters exceed the contracted load / demand, then such excess load / demand shall be levied equal to twice the normal rate apart from the normal fixed / demand charge as per the maximum load / demand recorded by the meter. "

However, in the ESC, 2005, the following has been provided:

"6.9 Billing in Case of Excess Load

(A) Where the installed meter has the facility of reading 'Maximum Demand':

*.....(ii) For the domestic connection, the charges shall be two times of (Fixed charge or demand charges for the maximum demand minus fixed charge or demand charge for contracted load) * M, where M is the number of months for which maximum demand existed."*

The Petitioner should submit the appropriate modification in the existing provisions in line with the Electricity Supply Code, 2005.

Licensee's Response

The Petitioner respectfully submits that provisions of the rate schedule are in accordance with the inference of Section 154 (5) of the Electricity Act, 2003 and hence the same may be continued. Further regarding billable demand licensee has submitted its comments vide letter No. 1141 dated 26.04.2014 copy enclosed as per the 'Annexure -6A'.

84. In the General Provision, Para 9 – "Provisions related to Surcharge waiver scheme for recovery of Blocked Arrears" of the Rate Schedule for FY 2015-16, the Licensee has proposed "any two months" instead of "beginning January and July" of every year for recovery of its blocked arrears. In this regards the Petitioner should submit the justification for the proposed change. Further, should also propose the specific months in which it may want to launch the OTS Scheme.

Licensee's Response:

With a view to comply with the targets given by the Hon'ble Commission to accomplish 100% metering and to facilitate arrear recovery, the distribution companies launch an OTS scheme wherein not only the unmetered consumers will be attempted to be metered but at the same time new connections will be released and load of consumers will be checked. The purpose of the above camps therefore is not only to recovery arrears from consumers but also to ledgerise illegal connections and restrict unauthorized use of electricity and thus reduce AT & C losses. In this

background, it is humbly requested that the provisions of Para 9 may be approved as proposed by the Petitioner in the Rate Schedule for FY 2015-16.

85. Further, in the General Provision, Para 9 – “Provisions related to Surcharge waiver scheme for recovery of Blocked Arrears” of the Rate Schedule for FY 2015-16, the Licensees has omitted the following provisions;

“(i)Provided that the Surcharge Waiver Scheme (One time Settlement Scheme) shall not be applicable for the consumers, who have availed the benefit of the above scheme once in last three financial years.

(ii) Further, the Licensee should also ensure that all such cases of incorrect billing which are pending for more than 3 months, disputes due to delay in issuance of first bill after release of connection and delay in finalisation of permanent disconnection shall be disposed of during the period of the scheme in which it has been registered.

(iii) Further, the Licensee shall ensure that till the finalisation of the case in the above scheme, no coercive action should be taken against the registered consumers. ”

In this regards the Petitioner should submit the justification for the proposed omission.

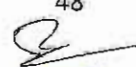

Licensee's Response:

With a view to comply with the targets given by the Hon'ble Commission to accomplish 100% metering and to facilitate arrear recovery, the distribution companies launch an OTS scheme wherein not only the unmetered consumers will be attempted to be metered but at the same time new connections will be released and load of consumers will be checked. The purpose of the above camps therefore is not only to recovery arrears from consumers but also to ledgerise illegal connections and restrict unauthorized use of electricity and thus reduce AT&C losses. In this background, it is humbly requested that the provisions of Para 9 may be approved as proposed by the Petitioner in the Rate Schedule for FY 2015-16.

86. In the General Provision, Para 16 of the Rate Schedule for FY 2015-16, the Licensee has added a new provision:

“16. For the purpose of billing up to 10KW load, the fixed charge will be computed on the basis of contracted load.”

For PAC

48

(रमेश कुमार)
मुख्य अभियन्ता (वा०)

The above new provision seems to be in contradiction to the Para 6 of the Rate schedule: "Billable load / Demand". Petitioner should submit the justification for the proposed change.

Licensee's Response:

The Petitioner respectfully submits that the consumers above 10kW are being billed on the basis of kVAH based tariff as per the extant provisions. In this background, to avoid confusions for billing in respect of consumers below 10kW, the afore-stated provision has been proposed.

87. The Licensees has omitted the clause 16 - "Solar Water Rebate" in the General Provisions of its Rate schedule for FY 2015-16, which have been introduced by the Commission in the Tariff Order for FY 2014-15. Petitioner should submit the justification for the proposed change.

Licensee's Response:

The Petitioner respectfully submits that the provision for 'Solar Water Heater Rebate' was introduced suo-motu by the Hon'ble Commission in the tariff order for FY 2015-16. The Petitioner requests the Hon'ble Commission to take a suitable decision towards such Rebate as it deems fit.

88. The Commission in its Tariff Order for FY 2014-15 has specified that the tariff for all the unmetered categories shall be applicable only till March 31, 2015. However it has been observed that, the Licensees in its Tariff Proposal / Rate Schedule for FY 2015-16 has proposed the Tariff for various unmetered categories also. Petitioner should submit the justification for the same.

Licensee's Response:

The Petitioner respectfully submits that metering of all un-metered consumers within a time frame of 6 months is a daunting and incredible target considering the large consumer base which is currently un-metered. However, the Petitioner has embarked towards the glorious intention of 100% metering and has proceeded to accomplish the metering target in a phased manner. In this background, the Petitioner hereby requests, to provide a dispensation in respect of the tariff for un-metered consumers as prayed for in the proposed rate schedule for FY 2015-16.

89. In the General Provision, Para 18 of the Rate Schedule for FY 2015-16, the Licensee has proposed the following provision:

"Consumers who shift from unmetered to metered connection by 31st March, 2015 shall be given a rebate of 10% on Rate which shall be applicable till end of FY 2016-17."

WAPAC

(रमेश कुमार)
मुख्य अभियन्ता (वा०)

The Commission in its Tariff Order for FY 2014-15 had allowed this benefit only to such consumers, who will shift to metered connection by March 31, 2015. As the Tariff proposal submitted by the Discoms is for FY 2015-16 i.e. from April 1, 2015, the above clause has to be suitably modified. In view of the above, the Petitioners should make the necessary modifications in the Rate Schedule.

Licensee's Response:

The Petitioner respectfully submits that the afore-stated provision has been retained to provide the benefit of the provision of FY 2014-15 tariff order dated 01.10.2014 to the consumers who would be covered by the above tariff order.

90. Petitioner should submit the % increase in Tariff for various sub-categories for the last 4 years i.e. as per Tariff Order for FY 2012-13, FY 2013-14, FY 2014-15 and FY 2015-16 (proposed). Petitioner should ensure that such % increase must be submitted for **each sub-category** under the broader categories.

Licensee's Response

The Petitioner humbly submits that percentage rise in tariff for last five years (i.e. FY 2010-11 to FY 2014-15) is detailed in the table below:

Financial Year	Tariff Hike %
2010-11	NA
2011-12	NA
2012-13	20.93%
2013-14	10.29%
2014-15	11.28%

91. It has been observed that from last 2 years Petitioner has not proposed any tariff increase in LMV-5 unmetered agricultural consumers. Considering the fact that the Revenue Gap and ARR of the Petitioner is increasing year on year, Petitioner should submit the justification for not proposing any increase in the Tariff for the mentioned category.

Licensee's Response:

The Petitioner respectfully submits that no tariff increase has been proposed for un-metered agricultural consumers based on 2 considerations: (i) with a view to encourage agricultural growth in the State; and (ii) as subsidy is provided by the State Govt to subsidize the agriculture tariffs.

92. In the Rate Schedule of FY 2014-15 for the category LMV-1: Domestic Light, Fan & Power, the Commission has approved the applicability of tariff as per the following provision:

"a) Premises for residential / domestic purpose, Janata Service Connections, Kutir Jyoti Connections, Jhuggi / Hutments, Places of Worship (e.g. Temples, Mosques, Gurudwaras, Churches) and Electric Crematoria.

The Licensees have proposed addition of "Paying Guests/ Domestic Purpose (Excluding Guest Houses)" to the above provision. In this regards the Petitioner should submit the justification for the proposed modification along with financial impact of the same in a workable excel sheet.

Licensee's Response:

The Petitioner respectfully submits that the proposed change is to align such consumers with LMV-1 category wherein the nature of usage of electricity is purely for domestic light, fan and power purposes only.

93. The Petitioner in its Tariff proposal for FY 2014-15 had proposed to change slabs for consumers other metered category of LMV-1. It has been observed that the Petitioner in its Tariff proposal for FY 2015-16 has again proposed to revise the slabs. The Petitioner should submit the justification for such frequent revision in the slabs.

Licensee's Response:

The Petitioner respectfully submits that while framing the proposal for rate revision in FY 2015-16, it has considered the broad aspects laid down in the Tariff Policy, Electricity Act 2003, Commission's Tariff Regulations, actual consumer profile and realities existing at the ground and has also considered the prevailing tariff structures across different states. Further, the underlying objective in framing the slabs is such that consumers with higher consumption should pay near the cost of service. Based on such aspects, the licensee feels that it has taken a balanced view of various pertinent issues.

It is humbly submitted that the Hon'ble Commission may consider the submissions of the licensee and take an appropriate decision so as to safeguard the interests of both the licensee as well as that of the consumers.

94. Petitioner in the proposed Rate Schedule has also modified slabs in other categories also, thus in view of the same and to have the best estimate of the revenue at the proposed slabs, Petitioner

WAPAC

(रमेश कुमार)
मुख्य अभियन्ता (वा०)
कोटा

should submit the change in the billing determinants (sales, no. of consumers & load) as per existing slabs and the proposed slabs, as such modification would result in shifting of consumers from one category / sub-category / slab to another category / sub-category / slab.

Licensee's Response:

The Petitioner respectfully submits that while framing the proposal for rate revision in FY 2015-16, it has considered the broad aspects laid down in the Tariff Policy, Electricity Act 2003, Commission's Tariff Regulations, actual consumer profile and realities existing at the ground and has also considered the prevailing tariff structures across different states. Further, the underlying objective in framing the slabs is such that consumers with higher consumption should bear the cost of service. Based on such aspects, the licensee feels that it has taken a balanced view of various pertinent issues.

Regarding the billing determinants, it is submitted that the licensee has herein enclosed the calculations and models for computing the revenue at proposed tariff which provides the requisite details.

It is humbly submitted that the Hon'ble Commission may consider the submissions of the licensee and take an appropriate decision so as to safeguard the interests of both the licensee as well as that of the consumers.

95. Petitioner should also submit the impact on the revenue due to above proposed change along with respective changes in the billing determinants sub category wise / slab wise for both existing tariff and for proposed tariff.

Licensee's Response:

The Petitioner respectfully submits the revenue models which contain the workable excel files in respect of revenue assessment at current tariff and at proposed tariff are herein enclosed in the form of a compact disc.

96. In the Rate Schedule of FY 2015-16 for the category LMV-1: Domestic Light, Fan & Power, the Petitioner has modified the slab of the energy charge for the Life Line Consumers to 50 units from the existing level of 150 units as approved by the Commission in the Tariff Order for FY 2014-15. The Petitioner should submit the justification for the proposed change along with the impact on the revenue and respective change in the billing determinants sub category wise / slab wise for both existing tariff and for proposed tariff.

Licensee's Response:

Handwritten signature

3
(रमेश कुमार)
मुख्य अभियन्ता (बा०)
२०१६

The Petitioner respectfully submits that the justification towards the proposed revision in the tariff rates and slabs for lifeline consumers is annexed hereto and marked as "Annexure-7". Further, the impact on revenue assessment of the proposed change on the category has been submitted in the revenue assessment model enclosed in the form of a compact disc.

97. In the Rate Schedule of FY 2015-16 for LMV-2: Non Domestic Light, Fan and Power, the Licensees has introduced Minimum Charge of Rs. 700 / kW / Month for "category (c)". In this regards the Petitioner should submit the justification for the proposed modification and the methodology for arriving at the above value.

Licensee's Response:

It is respectfully submitted that a petition for imposition of MCG for LMV-2 consumers was filed by the Petitioner on 02.07.2014 vide Letter No. 1651/RAU/Petition dated 02.07.2014. Such Petition contained the detailed justification towards the rationale for imposition of such charges. A copy of such Petition is herein enclosed and marked as "Annexure-8" and is requested to make such petition a part of the current proceedings. Further, the MCG rate proposed for the ensuing year is in line with the increase in the cost of service from the previous year.

98. In the Rate Schedule of FY 2015-16 for the category LMV-2: Non Domestic Light, Fan and Power, the Petitioner has revised the slabs for unmetered categories and other metered categories. The Petitioner should submit the justification for the proposed change along with the impact on the revenue and respective change in the billing determinants sub category wise / slab wise for both existing tariff and for proposed tariff.

Licensee' Response:

The Petitioner respectfully submits that while framing the proposal for rate revision in FY 2015-16, it has considered the broad aspects laid down in the Tariff Policy, Electricity Act 2003, Commission's Tariff Regulations, actual consumer profile and realities existing at the ground and has also considered the prevailing tariff structures across different states. Further, the underlying objective in framing the slabs is such that consumers with higher consumption should pay near the cost of service. Based on such aspects, the licensee feels that it has taken a balanced view of various pertinent issues.

Regarding the financial implications of the proposed changes, it is submitted that the licensee has herein enclosed the calculations and models for computing the revenue at proposed tariff which provides the requisite details.

It is humbly submitted that the Hon'ble Commission may consider the submissions of the licensee and take an appropriate decision so as to safeguard the interests of both the licensee as well as that of the consumers.

99. In the Rate Schedule of FY 2014-15 for the category LMV-3: Public Lamps, the Commission has approved the following provision:

"4. For 'Maintenance Charges', 'Provision of Lamps' and 'Verification of Load' refer ANNEXURE 15.2.2."

The Licensees have omitted the above provision in the proposed Rate Schedule for FY 2015-16 for the LMV-3 category. The Licensees should submit the justification for the proposed modification.

Licensee's Response:

The Petitioner respectfully submits that the aforementioned clause has been written in the end of the Proposed Rate Schedule but it has inadvertently omitted to provide a reference to the same under LMV-3. It is prayed that the same may be provided in the tariff rate schedule for FY 2015-16 as approved by the Hon'ble Commission in the Tariff Order for FY 2014-15.

100. In the Rate Schedule of FY 2014-15 for the category LMV-4: Light, Fan & Power for Public Institutions and Private Institutions, the Commission has approved the applicability of tariff as per the following provision:

LMV-4 (A)- Public Institutions:

"....."

(c) Religious and charitable Institutions including orphanage homes, old age homes and those providing services free of cost or at the charges / structure of charges not exceeding those in similar Government operated institutions."

The Licensee has proposed addition of "Hospitals, Colleges" to this category. In this regards the Licensees should submit the justification for the proposed modification. Further the Licensees should also submit the following:

- Tariff Design Philosophy for proposed addition in the existing provision
- Financial Impact on the tariff of these consumers
- Components of Billing Determinants including No. of consumers, Connected Load and Sales of these consumers i.e. consumers pertaining to Hospital and Colleges who will now shift to LMV-4 category.

- d. Category under which these consumers were categorised before.

Licensee's Response:

The Petitioner respectfully submits that it had received a request from several hospitals and colleges who were operating towards charitable causes and providing services free of cost or highly subsidised. In the earlier definition, there was lack of clarity due to which there was several instances where vigilance dept. had initiated punitive measures without realising that such hospitals and colleges were operating for charitable causes and were covered under LMV-4A. In order to provide more clarity, the proposed modification has been made to ensure that such category of consumers squarely fall under LMV-4A category.

101. It has been observed that the for LMV-5 category , the Minimum Charges for Urban Schedule has been decreased from Rs. 220 / BHP / month to Rs. 160 / BHP / month. In this regard, the Petitioner should submit the justification for the same considering such a huge revenue gap proposed by the Licensees for FY 2015-16 along with a high amount of Regulatory Asset yet to be recovered.

Licensee's Response:

The Petitioner respectfully submits that the consumers of Bundelkhand were being billed at the Urban Schedule due to higher hours of supply. However, there is significant poverty in the farming segment of Bundelkhand and they harvest only a single crop in the entire year. It was felt that higher minimum charges were counter-productive and injustice was being done with those consumers. In this background, the proposed modification has been requested by the Petitioner.

102. As regard to the Time of Day Tariff the Commission in its Tariff Order for FY 2014-15 has ruled as under:

"It has been observed that apart from shifting the timings for the peak hours, normal hours and the off-peak hours, the Licensees have also increased the number of hours applicable for the peak period and has reduced the number of hours applicable for off-peak and normal period which will effectively increase the tariff for the consumers. It may be noted that by implementing the ToD Tariff, the peak load gets shifted and the distribution Licensees gain in the form of reduction in power purchase expenses as the additional energy supplied to the consumers during peak hours are typically purchased from a costlier source. The Commission is of the view that the ToD tariff should be a tool only to effectively undertake the DSM measure and flatten the load curve but not as a source of additional revenue. Further, any revision in the ToD Tariff should not have any additional impact on the total revenue as the Distribution Licensees are already getting benefited by better power purchase planning and savings in power purchase expenses. Thus, the Commission is of the view

that accepting any TOD design which would increase the effective tariff of the consumers would not be appropriate and would unduly burden the consumers. The Commission in this Tariff Order has therefore not made any change in the TOD slabs applicable for LMV-6 and HV-2 categories.”(Emphasis added)

It has been observed that, the Petitioner in its Tariff Proposal for FY 2015-16 has submitted the revised TOD structure which is similar to that of its Tariff proposal for FY 2014-15. It seems that the Petitioner has not undertaken any exercise with regard to the huge concern raised by the stakeholders / industry association during the public hearings for ARR / Tariff process of FY 2014-15. The Petitioner should submit the justification regarding the proposed TOD Structure along with the detailed analysis for reaching out the proposed structure.

Licensee's Response:

The Petitioner respectfully submits that a detailed justification of the proposed TOD tariff structure along with the load curves is enclosed herewith and marked as 'Annexure-9'.

103. The Commission has already raised its concern regarding the impact of TOD structure in the total revenue, as TOD structure is considered as a demand side management measure and not as an additional source of income for the Licensees. It can also be observed that apart from shifting the timings for the peak hours, normal hours and the off-peak hours, the Licensees have also increased the number of hours applicable for the peak period and has reduced the number of hours applicable for off-peak and normal period which will effectively increase the tariff for the consumers. The Licensees should submit such a TOD structure which should not have any impact on the tariff of the consumers as well as any impact on the revenue side.

Licensee's Response:

The Petitioner respectfully submits that a detailed justification of the proposed TOD tariff structure along with the load curves is enclosed herewith and marked as 'Annexure-9'.

104. Based on the proposal of the Petitioner the Commission in its Tariff Order dated October 1, 2014 approved the tariff for LMV-6 consumers based on consumption i.e. till 1000 kWh / month and more than 1000 kWh / month. Further there also exists Time of Day Tariff for the mentioned category. It has come to the notice of the Commission that it is technically not feasible to incorporate both the consumption based tariff and TOD tariff in the installed meters. The Distribution Licensee should submit that under such a scenario how the consumers of LMV-6 are being billed.

Licensee's Response:

Handwritten signature/initials

Handwritten signature
(रमेश कुमार)
मुख्य अभियन्ता (वा०)

The Petitioner respectfully submits that the TOD meters are being installed in a phased manner. Subsequently, the billing based on TOD tariff would be implemented. It is imperative to state that the billing of LMV-6 consumers would be done in a manner similar to LMV-3 consumers wherein TOD tariff was approved by the Hon'ble Commission itself.

105. Petitioner should also submit the steps being taken up to ensure the billing of LMV-6 is being done as per the approved Tariff for various consumption based slabs and time of day Tariff.

Licensee's Response:

The Petitioner respectfully submits that the TOD meters are being installed in a phased manner. Subsequently, the billing based on TOD tariff would be implemented. It is imperative to state that the billing of LMV-6 consumers would be done in a manner similar to LMV-3 consumers wherein TOD tariff was approved by the Hon'ble Commission itself.

106. Based on the tariff proposal submitted by the State owned Distribution Companies, slabs in LMV-6 category (for the first time) were approved by the Commission. Petitioner should submit the details as to how the approved tariffs (slabs & TOD rates) for FY 2014-15 would be implemented vide the TOD metering system.

Licensee's Response:

The Petitioner respectfully submits that the TOD meters are being installed in a phased manner. Subsequently, the billing based on TOD tariff would be implemented. It is imperative to state that the billing of LMV-6 consumers would be done in a manner similar to LMV-3 consumers wherein TOD tariff was approved by the Hon'ble Commission itself.

107. As regard the Time of Day structure:

- i) Petitioner should submit its annualized average hourly load curves for FY 2010-11 to FY 2013-14 along with its proposal for any change in TOD structure based on the same.
- ii) Petitioner should also submit a comparison of its hourly load curve with the hourly load curve of northern region.
- iii) Petitioner should also submit the annualized average electricity prices at various hours of day prevailing in the power exchanges.

Licensee's Response:

The Petitioner respectfully submits that a detailed justification of the proposed TOD tariff structure along with the load curves is enclosed herewith and marked as 'Annexure-9'.

108. Petitioner should also submit a comparison of time slots in other States under which the TOD tariff is applicable.

Licensee's Response:

The petitioner respectfully submits that the TOD structure in other states is provided in the table below:

States	Applicability	Months	During Peak Load Hrs		During Off-Peak Hrs	
			Applicable Hrs	%age Change in Rate	Applicable Hrs	%age Change in Rate
Delhi	All consumers except domestic, whose Sanctioned Load/MDI is 50kW/54kVA or above	Apr-Sep	1500-2400	+20%	0000-0600	-25%
		Oct-Mar	1700-2300	+20%	2300-0600	-25%
Punjab	Large Supply industrial category	Oct-Mar	1800-2200	0%	2200-0600	-16%
MP	HV Categories	Apr-Mar	1800-2200	+7.5%	2200-0600	-15%

109. Petitioner should also submit the installation status of TOD meters for all the categories where TOD tariff is applicable. Petitioner should submit the number of consumers where the TOD meters are yet to be installed and how the billing is being done in absence of TOD Meters.

Licensee's Response:

The Petitioner respectfully submits that the TOD meters would be installed in a phased manner. Subsequently, the billing based on TOD tariff would be implemented. Till the interim, the billing is being done without TOD tariff.

110. In the Rate Schedule of FY 2014-15 for the category LMV-8: State Tube Wells / Panchayti Raj Tube Well & Pumped Canals, the Commission has approved the following provision:

"4 For finding out net load during any quarter of the year for this category refer ANNEXURE 15.2. 3"

The Licensees have omitted the above provision in the proposed Rate Schedule for FY 2015-16 for the LMV-8 category. The Licensees should submit the justification for the proposed modification.

Licensee's Response:

The Petitioner respectfully submits that the aforementioned clause has been written in the end of the Proposed Rate Schedule but it has inadvertently omitted to provide a reference to the same

*Law
PAC*

*(रमेश कुमार)
मुख्य अभियन्ता (कठ)*

under LMV-8. It is prayed that the same may be provided in the tariff rate schedule for FY 2015-16 as approved by the Hon'ble Commission in the Tariff Order for FY 2014-15.

111. In the Rate Schedule of FY 2015-16 for the category LMV-9: Temporary Supply, the Licensee has proposed addition of following condition to Energy Charge of metered categories:

"From 3rd Year onwards: Base Tariff applicable for current year plus additional 10% of the applicable tariff."

In this regard, the Licensees should submit the justification for the proposed change.

Licensee's Response:

The Petitioner respectfully submits that the afore-stated clause has been introduced to appropriate charge the consumers who have availed temporary supply connection for constructing residential house and to avoid misuse of such connection.

112. Petitioner should also submit the impact on the revenue due to above proposed change along with respective changes in the billing determinants for LMV-9 category.

Licensee's Response:

The Petitioner respectfully submits that the revenue assessment model for proposed tariff has been herein enclosed in the form of a compact disc.

113. In the Rate Schedule of FY 2014-15 for the category LMV-10: Departmental Employee and Pensioners, the Commission has approved the following provision:

"For 'Other Provisions' and 'Mode of Payment' for Departmental Employees refer ANNEXURE 15.2.1."

Licensees have omitted the above provision in the proposed Rate Schedule for FY 2015-16 for the LMV-10 category. The Licensees should submit the justification for the proposed modification.

Licensee's Response:

The Petitioner respectfully submits that the aforementioned clause has been written in the end of the Proposed Rate Schedule but it has inadvertently omitted to provide a reference to the same under

LMV-10. It is prayed that the same may be provided in the tariff rate schedule for FY 2015-16 as approved by the Hon'ble Commission in the Tariff Order for FY 2014-15.

114. In the Rate Schedule of FY 2015-16 for the category LMV-10: Departmental Employee and Pensioners, the Licensees have specified that the Additional charges for employees using Air Conditioners would be applicable between April and September. Further, in this regard, UPPCL has also submitted a letter on December 15, 2014, vide Letter No. 3026 / RAU / Tariff Order / 2014-15. The Petitioner should also submit the justification for the proposed changes to make it a part of current proceedings as well.

Licensee's Response:

The Petitioner respectfully submits that the Hon'ble Commission has already issued an Addendum in this regard vide Ref: UPERC/Secy/D(Tariff)/15-1803 dated 19.01.2015.

115. In the Rate Schedule of FY 2015-16, under other provisions of the Departmental Employees, the Licensees have introduced the following clause:

"Concerned executive engineers will take an affidavit from all employees and pensioners that the electricity supplied to their premises is being used exclusively for the purpose of domestic consumption of themselves and their dependants. It will have to be certified by the employees/pensioners that such electricity is not being used for any other purpose or to any individual to whom his house has been rented out. Without any prejudice to any legal action as provided in the legal framework, any misuse to above effect shall invalidate him from the facility of LMV-10 on permanent basis."

In this regard, the Licensees should submit the justification for the proposed change.

Licensee's Response:

The Petitioner respectfully submits that the above mentioned clause has been proposed so as to ensure that there is no misuse of electricity by the departmental employees.

116. It has been observed from the approved Rate Schedule that, except in case of HV-3 category all the other consumers having power factor below 0.95 (leading) shall billed as per kVAh tariff. Leading power factor compensates the dominating lagging power factor which in turn improves the system operation. In such a case why only the consumers having leading power factor above 0.95 and specially the consumers of HV-3 category should be given the benefit by considering their power

factor as unity. The Petitioner should explain that why such benefit should not be passed on to all the other consumers having leading power factor.

Licensee's Response:

It is submitted that the HV-3 category is applicable to railway traction loads only. In the event of an electrical braking (regenerative braking) applied for reducing the engine speed, it is observed that the back energy produced by the motor windings tend to generate some electrical energy, which is pumped back into the system. However, such wave form is not sinusoidal in nature, and also contains spikes and harmonics which are harmful for the system, especially the transformers. A kWh meter may read this energy as kWh import, but such energy is like selling a fruit and getting back the useless pulp.

It is also submitted that railway traction system consists of multiple sections having their own substations. As per the normal practice, capacitor banks are installed in each substations which are always kept switched on. When a train crosses a particular substation, the load on that substation became zero, but due to energised capacitor bank, heavy capacitance current flows into the system, which is in no way beneficial to the licensee. Therefore, no change in the present tariff structure is recommended.

117. Distribution Licensee should submit the list of the consumers having leading power factor of more than 0.95.

Licensee's Response:

The applicable category of consumers is Railway traction consumers namely DMRC, Northern Railway and North Eastern Railway.

118. Distribution Licensee should submit the list of the consumers in HV-3 category having leading power factor.

Licensee's Response:

The applicable category of consumers is Railway traction consumers namely DMRC, Northern Railway and North Eastern Railway.

119. Distribution Licensee should also submit the financial impact, if such benefit is passed on to all the consumers which are having leading power factor.

Licensee's Response:

For P.A.C.

(रमेश कुमार)
मुख्य अभियन्ता (वी०)
केस्को

The Hon'ble Commission may kindly refer to the reply in the aforementioned section.

120. A relevant para of the Commission's Tariff Order dated October 1, 2014 is as below:

"9. PROVISION RELATED TO SURCHARGE WAIVER SCHEME FOR RECOVERY OF BLOCKED ARREARS:

(i) The Licensee may, on a decision by its Board of Directors, launch a Surcharge Waiver Scheme (One time Settlement Scheme) beginning January and July of every year, for a period of two months each, for recovery of its blocked arrears by waving off surcharge to the extent not exceeding 50% of overall surcharge for which no approval of the Commission shall be required. Provided that the impact of such surcharge waiver shall not be allowed as pass through in the next ARR / Tariff or true-ups. In this regard, the Licensees would have to submit the certificate duly verified by the statutory auditor, of the surcharge waived for any previous year along with the ARR / Tariff Petition of the ensuing year."

It may be observed that as the impact of surcharge waiver which resultantly reduces the income / revenue of the Petitioner should not be passed on to the ARR, therefore such income needs to be considered in the ARR and should be borne by the Petitioner. As regard the same, Petitioner should submit the details of OTS Scheme launched by it and the impact on the income / revenue (certified by Statutory Auditor) due to surcharge waivers and confirm whether such amount has been considered in the total revenue of FY 2012-13 while claiming the Truing up for FY 2012-13.

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

121. Petitioner should submit the full details of all the OTS Schemes launched in FY 2012-13 to FY 2014-15.

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

122. Petitioner should submit the definition of 'Rural Schedule' and 'Urban Schedule' along with the criteria of putting a certain area in either of the two schedules. Petitioner should also submit the details of the authority or the officer who decides on the same.

Licensee's Response:

The Hon'ble Commission in its tariff orders provide for the definition of 'rural schedule' and 'urban schedule' and the billing is being done accordingly. Further, the SLDC is the appropriate authority in this regard.

123. Petitioner should submit the detailed design / methodology on tariffs to be charged from the end consumers of single point bulk load consumer having mixed loads for e.g. in LMV-1 (b), HV-1 (b) etc. after consultations with various stakeholders and specifically the end consumers affected.

Licensee's Response:

The provisions and terms and conditions in respect of supply to single point bulk consumers and end consumers have already been provided in the Rate Schedule and the Electricity Supply Code and there is no proposal of the Licensee towards any change in the extant design/methodology. The rate revision proposal has already been submitted to the Hon'ble Commission.

124. As each multi-storey building has different consumer, consumption and load mix and in case the end consumers would get billed as per the applicable tariff depending on the their category, slabs etc. then ideally the tariff payable by the single point supplier should be different. Petitioner should explore such mechanism where in the Tariff for the single point supplier would depend on its specific consumer, consumption and load mix which can be verified by the Distribution Licensee. Then in such case instead of specifying the tariff for single point supplier a mechanism can be given in the Rate Schedule by which the applicable Tariff for each single point buyer may be determined. All the relevant details for such determination of applicable tariff can be obtained by the Distribution Licensee. Considering the above, the Petitioner should submit the detailed proposal for such mechanism. Petitioner should explore a mechanism that how the electricity usage under common facilities shall be shared among the beneficiaries.

Licensee's Response:

The provisions and terms and conditions in respect of supply to single point bulk consumers and end consumers have already been provided in the Rate Schedule and the Electricity Supply Code and there is no proposal of the Licensee towards any change in the extant design/methodology. The rate revision proposal has already been submitted to the Hon'ble Commission.

125. Petitioner should also submit the mechanism to compute the estimated revenue for FY 2015-16 if any such mechanism is adopted for single point buyers in LMV-1 and HV-1 category.

Licensee's Response:

Not applicable considering the Response to Query No. 123 and 124.

Additional Queries

126. The Licensees has proposed to reduce the number of hours of supply in FY 2015-16, a comparison of Petitioners proposal in ARR / Tariff Petition for FY 2015-16 and FY 2014-15 is shown below for reference:

Description	No. of Hours projected by the Discoms in Petition for FY 2014-15	No. of Hours projected by the Discoms for FY 2015-16
Mahanagar - M	23:00	21:30
District - D	21:00	17:30
Commissionary – C	23:00	20:15
Rural – R	11:38	10:00
Bundelkhand - B	19:00	21:00

Petitioner should submit the justification for reducing the number of hours of supply.

Licensee's Response:

The Petitioner respectfully submits that it has projected the supply hours for the ensuing year based on the actual supply hours for the first five months of FY 2014-15.

127. Petitioner should also explain that how the total sales are increasing in FY 2015-16 if the number of hours of supply is reducing.

Licensee's Response:

The Petitioner respectfully submits that the total sales are driven primarily by the load growth and due to regularization of illegal connections.

128. The Commission in its Order dated October 1, 2014 has directed to undertake 100% metering by end of FY 2014-15. However, the Petitioner in its Petition has proposed to reduce the unmetered consumers by only 10% and 20% in FY 2014-15 and FY 2015-16 respectively. Further, Section 55 of the Electricity Act, 2003 stipulates as follows:

“55. (1) No licensee shall supply electricity, after the expiry of two years from the appointed date, except through installation of a correct meter in accordance with regulations to be made in this behalf by the Authority:”

Deficiency Note on KESCO's Petition for Truing-up of FY 2012-13 and ARR / Tariff for FY 2015-16

As 100% metering is mandatory as per the Act, Petitioner should submit the details of the provisions under which it has proposed to convert unmetered consumers by only 10% and 20% in FY 2014-15 and FY 2015-16 respectively.

Licensee's Response:

The Petitioner respectfully submits that it has considered the afore-stated conversion of unmetered consumers based on realistic achievable targets considering the constraints and challenges of metering and other issues associated with the distribution business.

129. Petitioner should also submit the justification of the 10% and 20% conversion of unmetered consumers in FY 2014-15 and FY 2015-16 respectively, why such conversion rate cannot be more.

Licensee's Response:

The Petitioner respectfully submits that it has considered the afore-stated conversion of unmetered consumers based on realistic achievable targets considering the constraints and challenges of metering and other issues associated with the distribution business.

130. Petitioner should submit the cross subsidy surcharge applicable for each category of consumers in FY 2015-16 along with detailed computation in a workable excel sheet.

Licensee's Response:

Page 119,120

The Petitioner respectfully submits that the proposed cross subsidy charges are as proposed below:

WHEELING CHARGES FROM OPEN ACCESS CONSUMERS

Clause 2.1(2) & (3) of the Distribution Tariff Regulations provide that ARR/Tariff filing by the Distribution Licensee shall separately indicate Aggregate Revenue Requirement (ARR) for Wheeling function and Retail Supply function embedded in the distribution function. Till such time complete segregation of accounts between Wheeling and Retail Supply Business takes place ARR proposals for Wheeling and Retail Supply Business shall be prepared based on an allocation statement to the best judgment of the distribution licensee. The wheeling charge has been computed on overall consolidated discom basis keeping in line with the consistent philosophy of the Hon'ble Commission in past Tariff Orders.

131. The Petitioner should submit the actual revenue collected from the consumers for FY 2012-13 depicting the breakup of the revenue received for that particular year i.e. FY 2012-13 and the arrear received for previous years.

Licensee's Response:

The Petitioner respectfully submits that revenue collection has no bearing on the Annual Revenue Requirement and this has already been elaborated by the Hon'ble Commission in its FY 2014-15 Tariff Order dated 01.10.2014.

"3.10.12 The Commission agrees with the Licensee's submission that the past dues cannot be treated as income of the Distribution Licensee and further treating the realization of arrears as income would amount to double accounting of income as also established by the Hon'ble ATE in its above mentioned Judgments.

3.10.13 The Commission has ensured that Truing-up and Tariff determination has been done in accordance with the philosophies and principles laid in the Distribution Tariff Regulations, 2006 and the past Orders of the Commission. In the True up Sections of this Order the Commission has also conducted revenue side Truing up, which has ensured that the burden of poor collection efficiency and consequent larger arrears is not passed on to the consumers.

3.10.14 The Commission in its Orders dated 21st May, 2013 and 31st May, 2013 had directed the Distribution Licensee to formulate a policy for identifying and writing off fictitious arrears within a period of 6 months from the date of Order and submit a copy of such report before the Commission. However, the same has not been submitted so far, as detailed subsequently the Commission in this Order the Commission has accorded a final opportunity to the Licensee to comply with the directive of the Commission."

132. Further, the Petitioner should also submit the actual collection efficiency from FY 2004-05 to FY 2014-15 (till December) for each Distribution Licensee clearly depicting the revenue collected for that particular year and the arrear received for previous years.

Licensee's Response:

The Petitioner respectfully submits that revenue collection has no bearing on the Annual Revenue Requirement and this has already been elaborated by the Hon'ble Commission in its FY 2014-15 Tariff Order dated 01.10.2014.

"3.10.12 The Commission agrees with the Licensee's submission that the past dues cannot be treated as income of the Distribution Licensee and further treating the realization of arrears as income would amount to double accounting of income as also established by the Hon'ble ATE in its above mentioned Judgments.

3.10.13 The Commission has ensured that Truing-up and Tariff determination has been done in accordance with the philosophies and principles laid in the Distribution Tariff Regulations, 2006 and the past Orders of the Commission. In the True up Sections of this Order the Commission has also conducted revenue side Truing up, which has ensured that the burden of poor collection efficiency and consequent larger arrears is not passed on to the consumers.

3.10.14 The Commission in its Orders dated 21st May, 2013 and 31st May, 2013 had directed the Distribution Licensee to formulate a policy for identifying and writing off fictitious arrears within a period of 6 months from the date of Order and submit a copy of such report before the Commission. However, the same has not been submitted so far, as detailed subsequently the Commission in this Order the Commission has accorded a final opportunity to the Licensee to comply with the directive of the Commission."

133. The Petitioner should submit the supporting documents / SLDC Certification, justifying that the contracted capacity entitled for each source, specifically the cheaper sources, had being fully utilized in FY 2012-13. It should submit the source wise / station wise details regarding the contracted capacity and the actual power procured from that station for FY 2012-13 clearly depicting the fixed and variable charges. Petitioner should also submit the justification / reasoning if power is not being procured from any station / cheaper source to the fullest extent i.e. the contracted capacity.

Licensee's Response:

The Petitioner respectfully submits that the Merit Order Schedule has been strictly complied with in FY 2012-13. Further, the source wise monthly power purchase details have already been submitted to the Hon'ble Commission in FY 2014-15 tariff proceedings.

134. Petitioner in its Petition has submitted that the loss trajectory in line with the loss reduction trajectory suggested by Ministry of Power, Government of India. The Petitioner further submitted that, considering the commitments made by it in the aforesaid submission, it has estimated the losses for FY 2014-15 & FY 2015-16 as per its earlier submissions made before the Commission. Also if in case the actual losses for FY 2013-14 are lower than the committed losses as per the trajectory, the petitioner has estimated a 2% reduction in the Distribution Losses each year over the actual loss level of FY 2013-14. It has come to the notice of the Commission that, Licensees have submitted lower distribution loss target to the Hon'ble Supreme Court. As regard the same, the Petitioner should submit the justification of adopting a 2% reduction approach while it has committed to improve the losses up to a level of 18.70 % in the FRP for FY 2015-16. It is surprising that the Licensees have deviated from their own commitments. Also it is not clear as to how and in how

many years, the Licensees plan to reach near the national Target of Line loss i.e. around 15 %. Licensees in this regard should submit a detailed justification for estimating higher distribution loss target for FY 2015-16.

Licensee's Response:

The Petitioner respectfully submits the loss levels have linkage with the supply hours, consumer base and such similar factors. Considering this, the loss levels are dynamic and are not sacrosanct to move in a linear direction in all circumstances. The loss levels are approved in tariff proceedings by the Hon'ble Commission and the Annual Revenue Requirement is accordingly worked out.

135. It has been observed that the Distribution Losses in FY 2008-09 had been drastically reduced as compared to the losses in FY 2007-08. For reference the same are depicted below:

Discom	FY 2007-08	FY 2008-09	Difference (Absolute)	% improvement in losses
UPPCL level	36.75%	28.40%	-8.35%	22.72%
DVVNL	30.30%	25.57%	-4.73%	15.61%
MVVNL	24.59%	20.69%	-3.90%	15.86%
PVNNL	29.39%	26.62%	-2.77%	9.42%
PuVVNL	27.76%	24.72%	-3.04%	10.95%
KeSCO	40.77%	25.86%	-14.91%	36.57%

Considering the capability of the Distribution Licensees, Petitioner should explain that why in FY 2015-16, it has proposed to improve its losses only by 2%.

Licensee's Response:

The Petitioner respectfully submits that the loss level achieved in any one historical year cannot be considered to be a benchmark for future years. The loss level in any year is also influenced by the level of input, supply hours and such other factors. Also with a lower base, achieving the same higher percentage improvement is not possible. The Petitioner humbly states that the loss levels projected in the ARR Petition for FY 2015-16 may kindly be considered.

136. Petitioner should submit the increase in the total revenue due to proposed increase in Tariff for FY 2015-16. Petitioner should also submit its proposal to recover the remaining revenue gap after proposed increase in tariff separately for each State Discom.

Licensee's Response:

The Petitioner seeks some more time to respond to this query.

137. Petitioner should submit the detailed status of ascertaining the actual load of consumers under LMV-1 (a) and LMV-2 (a) categories so that the contracted load of such consumers should not be in variation with their actual load as per the Order given by the Commission dated October 14, 2014.

Licensee's Response:

The Petitioner respectfully submits that the field officers' conduct regular drives for load verification and if any anomaly is found then due process prescribed by law is followed to regularize the load. Also adequate advertisement is made through several media sources to encourage voluntary disclosure of actual load in cases where it is at variance with the contracted load.

138. Petitioner should submit the status of metering of consumers under LMV-10 category.

Licensee's Response:

The Petitioner respectfully submits that it already recovers a reasonable sum towards the cost of electricity sold to departmental employees. In the first stage, the Petitioner has embarked towards the glorious intention of 100% metering and has proceeded to accomplish the metering target in a phased manner. In this background, the Petitioner hereby submits that the departmental employees would be metered after metering of un-metered consumers where the Licensee is facing more losses.

139. The Petitioner should submit the category wise / sub category wise details for the no. of consumers separately for Urban & Rural area with the details of unmetered and metered consumers. It should also submit the category wise / sub category wise details of the no. of consumers that are being billed as per the metered category but till now no meter has been installed for those consumers. The Petitioner should duly submit the details as per the attached **Annexure-4**.

Licensee's Response:

The Petitioner respectfully submits that the sub-category wise details of the metered and unmetered consumers have been provided in the Load Forecast Model, workable excel copy of which has been provided with these reply in the form of a compact disc. It is humbly prayed that the submission of the information in Annexure-4 may be waived for the sake of brevity as the same is being provided in the load forecast model.

140. Recently the prices of crude oil have reduced from levels of 140 dollar per barrel to 50 dollar per barrel, further imported coal prices have also reduced drastically. As the reduction in fuel prices would impact energy charges of the power purchase being procured by the Distribution Licensees, the Petitioner should submit a detailed note explaining the impact of the same on its ARR for FY 2015-16, especially on the power purchase procurement cost.

Licensee's Response:

The Petitioner respectfully submits that the power purchase mix of the state is pre dominantly thermal based which constitutes over 80% of the total capacity available; remaining being hydro and nuclear based and marginally through renewable sources. Further, the plants with which the Licensees have PPAs are located in the hinterland and are fed by linkage coal supplied by CIL. Even though the imported coal prices have reduced considerably in the recent months, the CIL has not reduced the prices of the coal supplied by it. The UPRVUNL stations are not using imported coal and complete coal requirement is being met from CIL. The units of BEPL are also using indigenous coal. Only Rosa TPS and some units of NTPC use imported coal for the generation of contracted capacity towards the shortfall from indigenous coal.

The variations in the calorific value and prices of fuels are an automatic adjustment to the generators through the fuel price adjustment which is raised through supplementary bills on a monthly basis. Similarly, the fuel and power purchase price adjustment in retail tariff is available for adjustment on a quarterly basis as per the extant rule and framework.

141. Petitioner should also submit the details of the reduction in average power purchase cost in recent months i.e. (April, 2014 to December, 2014) resulted due to reduction in fuel prices.

Licensee's Response:

The Petitioner respectfully submits that the response to the Query No. 140 may be referred to and the same is not being repeated here for the sake of brevity.

U.P. POWER CORPORATION LIMITED

NOTE NO. 29 (A)

SIGNIFICANT ACCOUNTING POLICIES

1. GENERAL

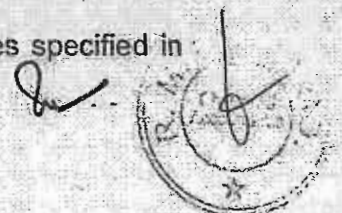

- (a) The financial statements are prepared in accordance with the applicable provisions of the Companies Act, 1956. However where there is a deviation from the provisions of the Companies Act, 1956 in preparation of these accounts, the corresponding provisions of Electricity (Supply) (Annual Account) Rules 1985 have been adopted.
- (b) The accounts are prepared under historical cost convention, on accrual basis unless stated otherwise and on accounting assumption of going concern.
- (c) Subsidy, Grant, Insurance and Other Claims, Refund of Custom Duty Interest on Income Tax & Trade Tax and Interest on loans to staff is accounted for on receipt basis after the recovery of principal in full.

2. FIXED ASSETS

- (a) Fixed Assets are shown at historical cost less accumulated depreciation.
- (b) All costs relating to the acquisition and installation of fixed assets till the date of commissioning are capitalized.
- (c) In the case of commissioned assets, where final settlement of bills with the contractor is yet to be affected, capitalization is done, subject to necessary adjustment in the year of final settlement.
- (d) Due to multiplicity of functional units as well as multiplicity of function at particular unit, employees cost and general & administration expenses to capital works are capitalized @ 15% on deposit works and @ 11% on other works on the amount of total expenditure.
- (e) Borrowing cost during construction stage of capital assets are apportioned on the average balance of capital work in progress for the year. The determination of amount of borrowing cost attributable to capital works are capitalized as per the computation method given in the Electricity (Supply) (Annual Accounts) Rules 1985.

3. DEPRECIATION

- (a) Depreciation is charged on Straight Line Method at the rates specified in Schedule XIV of the Companies Act 1956.

- (b) Depreciation on additions to / deductions from Fixed Assets during the year is charged on Pro rata basis.
- (c) The Fixed Assets are depreciated up to 95% of original cost except in case of temporary erections/constructions where 100% depreciation is charged.

4. INVESTMENTS

Long term investments are carried at cost. Provision is made for diminution, other than temporary, in the value of such investments.

5. STORES & SPARES

- (a) Stores & Spares are valued at cost.
- (b) Steel scrap is valued at realizable value and scrap other than steel is accounted for in the accounts as and when sold.
- (c) Any shortage /excess of material found during the year end are shown as "material short/excess pending investigation" till the finalization of investigation.

6. REVENUE/ EXPENDITURE RECOGNITION

- (a) Revenue from sale of energy is accounted for on accrual basis.
- (b) Late payment surcharge recoverable from subsidiaries and other bulk power purchasers are accounted for on cash basis due to uncertainty of realisation.
- (c) Sale of energy is accounted for based on tariff rates approved by U.P. Electricity Regulatory Commission. In case of distribution companies, where the rates are not notified/ approved, provisional rates are adopted.
- (d) All prior period income & expenditure are shown in the current period as a distinct item.

7. POWER PURCHASE

Power purchase is accounted for in the books of Corporation as below:

- (i) In respect of Central Sector Generating Units and unscheduled interchange/reactive energy, at the rates approved by Central Electricity Regulatory Commission (CERC).
- (ii) In respect of State Sector Generating Units and unscheduled interchange/reactive energy, at the rates approved by U.P. Electricity Regulatory Commission (UPERC).
- (iii) In respect of Power Trading Companies, at the mutually agreed rates.

8. EMPLOYEE BENEFITS

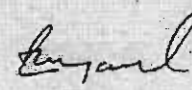

- (a) Liability for Pension & Gratuity in respect of employees has been determined on the basis of actuarial valuation and has been accounted for on accrual basis.
- (b) Leave encashment, medical benefits and LTC are accounted for on the basis of claims received and approved during the year.

9. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

- (a) Accounting of the Provisions is made on the basis of estimated expenditures to the extent possible as required to settle the present obligations.
- (b) Contingent liabilities are disclosed in the Notes on Accounts.
- (c) The Contingent assets of unrealisable income are not recognised.

U.P. POWER CORPORATION LIMITED

NOTE NO. 29 (B)

NOTES ON ACCOUNTS ANNEXED TO AND FORMING PART OF BALANCE SHEET AS AT 31.03.2013 AND PROFIT & LOSS STATEMENT FOR THE YEAR ENDED ON THAT DATE

1. (a) The Corporation was incorporated under the Companies Act, 1956 on 30.11.1999 and commenced the business w.e.f. 15.01.2000 in terms of Government of U.P. Notification No. 149/P-1/2000-24 dated 14.01.2000.
 - (b) Vide Govt. of U.P. Notification No. 186/XXIV-I-2000 dt. Jan 15, 2000 the distribution business of KESA Zone of erstwhile UPSEB has been transferred to KESCO, as wholly owned subsidiary company of UPPCL, w.e.f. 15.1.2000.
 - (c) Due to division of State of Uttar Pradesh a separate State named Uttaranchal (now Uttarakhand) came into existence and a separate Corporation Uttaranchal Power Corporation Ltd. had taken over commercial operations in the State of Uttaranchal as per Govt. of India notification no. 42/7/2000-R&R dated 05.11.2001.
 - (d) The distribution business of U.P. Power Corporation Ltd. has been transferred to subsidiary companies viz. Madhyanchal Vidyut Vitran Nigam Ltd., Lucknow, Paschimanchal Vidyut Vitran Nigam Ltd., Meerut, Poorvanchal Vidyut Vitran Nigam Ltd., Varanasi & Dakshinanchal Vidyut Vitran Nigam Ltd., Agra (Known as DISCOMs) as per The Uttar Pradesh Power Sector Reforms (Transfer of Distribution Undertakings) Scheme, 2003 issued vide GoUP Notification No. 2740/P-1-2003-24-14P/2003 dated 12.08.2003.
 - (e) The State Government through Gazette Notification No. 2974(1)/24-P-2-2010, Dated 23 Dec 2010 made a Provisional Transfer Scheme for the purpose of transfer of the transmission activities including Assets, Liabilities and related proceedings from U.P. Power corporation Ltd. (UPPCL) to the Uttar Pradesh Power Transmission Corporation Limited (UPPTCL/TRANSCO). In terms of this Scheme, the transfer has been made effective from 01.04.2007, the date since which UPPCL and UPPTCL have started working as separate entities for purchase/sale of Bulk power and transmission work respectively.
2. (a) The reconciliation of balances of assets and liabilities transferred under Transfer Scheme-2000 vide Notification No.348/P-1/2001-

Wgand

Cal

7

Ph

1

24. dated 25.01.2001 and those appearing in the Unit's accounts have been done. Final balances to be transferred to 'DISCOMs' as on 11.08.2003 and 'TRANSCO' as on 01.04.2007 and the balances to be retained by UPPCL as on 01.04.2007 have been sent to GoUP for approval/notification. The necessary adjustments in this regard shall be done on its approval/notification by GoUP in the annual accounts under preparation.

(b) The assets and liabilities relating to Uttaranchal Power Corporation Ltd. had been transferred as per an agreement dated 12.10.2003 with Uttaranchal Power Corporation Ltd., w.e.f. 9.11.01.

(c) (i) Consequent upon transfer of distribution business to four DISCOMs, the provisional balances as on 31. 3.2003 as per Notification dated 12.08.03 have been transferred to these companies.

(ii) The transactions pertaining to distribution business during the period from 01.04.2003 to 11.08.2003 are taken in the accounts of UPPCL and debtors outstanding except balances of KESCO, debtors through KESCO and NPCL, as at 11.08.2003 have been transferred to Discoms as per advice of CAG.

(iii) The difference in assets and liabilities transferred to DISCOMs as per provisional Transfer Scheme and the balances available in the UPPCL accounts have been adjusted through Restructuring Account.

(iv) The actual balances of transmission units on 01.04.07 were transferred to UPPTCL (Uttar Pradesh Power Transmission Corporation Limited) instead of the balances of the *Uttar Pradesh Electricity Reforms (Transfer of Transmission and Related Activities including the Assets, Liabilities and Related Proceedings) Scheme, 2010* (Provisional TRANSCO Transfer Scheme). The difference between the balances so transferred and the balances of Provisional TRANSCO Transfer Scheme 2010 amounting to Rs. 180.72 Crore was transferred to Restructuring A/c in the FY 2007-08.

(v) Residuary balances of assets and liabilities after the above transfers have been retained in the books of UPPCL.

3. The transactions affecting the Opening Balances of UPPCL as per the Transfer Scheme 2000 and the Transfer Scheme of KESCO were transferred to Restructuring Account and similarly the transactions affecting the Opening Balances of DISCOMs as per the Provisional Transfer Scheme 12.08.2003 were also transferred to Restructuring Account, pending final adjustments.

4. (a) The Debit balance of Rs. 2.68 Crore (previous year Rs. 2.68 Crore) shown as Special Programming Loan from agriculture-

banks under Note No. 12 "Long Term Loans & Advances" (Rs. 2.57 Crore was transferred through the Transfer Scheme-2000) is subject to reconciliation/confirmation.

- (b) Provisional loan balances transferred to each of DISCOMs vide the Transfer Scheme 2003 vary with the final audited Balance Sheet for financial year 2002-2003. To take care of these differences following approach had been adopted.
- (i) As per advice of Reform consultants, in the absence of loan agreement wise details, the Institution wise loans had been transferred to DISCOMs.
 - (ii) The payment of interest and repayment of loan after 11.8.03 had been apportioned, as per Para (b) (i) above.
- (c) (i) Loans obtained from REC, PFC, HUDCO & GoUP for distribution works received by UPPCL on behalf of DISCOMs after 11.08.2003 were accounted for in UPPCL separately and shown as 'Loans Relate to DISCOMs'. Debt service obligations on account of these loans are accounted for as receivables from respective Discoms, therefore, interest on such loans amounting to Rs. 276.55 crore and guarantee fee paid to GoUP on PFC loan amounting to Rs. 0.21 crore during the year has been shown as receivable from respective Discoms.
- (ii) Ministry of Power, Govt. of India has issued financial restructuring scheme of Distribution companies on 5th October 2012. As per the provisions of the Scheme the lenders have agreed to restructure the outstanding loans as on 31.03.2012 from Banks taken to meet losses and outstanding power purchase liabilities as on 31.03.2012 in the books of UPPCL upto accumulated losses of Discoms. The fresh loans for operational losses of distribution sector are also to be provided to UPPCL.

In view of this it has been decided in the Board of Directors meeting of UPPCL dated 19.09.2013 vide Board resolution no. 740 that :

- (a) Outstanding loans from Banks as on 31.03.2012,
- (b) Fresh loans/Bonds for funding upto the power purchase liabilities outstanding as on 31.03.2012 and
- (c) Fresh loans taken / to be taken to meet operational losses from 01.04.2012

will be allocated to the Discoms and adjusted against receipts of sale of Power to Discoms. Accordingly necessary adjustment has been carried out in the books of UPPCL showing the referred loans under the title "Loans Relate to Discoms". Debt service obligations on account of these loans are accounted for as receivables from respective Discoms, therefore interest on such

[Signature]

[Signature]

[Signature]

loans amounting to Rs. 2931.18 crore during the year has been shown as receivable from respective Discoms.

- (d) Equity received from GoUP for distribution works is invested in each DISCOM based on physical / financial targets and is shown as investment in respective DISCOMs.

5. Based on actuarial valuation report dt. 9.11.2000 (adopted by Board of Directors), provision for accrued liability on account of Pension and Gratuity has been made @ 16.70% and 2.38% respectively on the amount of basic Pay and D.A. paid to employees.

6. (a) The Company is making efforts to recognise and identify the location of land along with its title deed as well as of other fixed assets, transferred under various Transfer Schemes for the purpose of maintaining fixed assets registers.

(b) Where historical cost of a discarded/ retired/ obsolete fixed asset is not available, the estimated value of such asset and depreciation thereon has been adjusted and accounted for.

7. (a) The Provision for Bad & Doubtful Debts against revenue from Sale of Power has been made @ 5% on incremental debtors during the year.

(b) The details of provision for doubtful loans & advances are as under:-

(i) Provision @ 10% on the incremental balances of suppliers/ contractors (O&M) has been made under the Note no. 17 of Short term Loans & Advances.

(ii) Provision @ 100% on interest accrued and due during the year on loan of NPCL has been made under the Note No. 12 of Long term Loans & Advances.

(c) A provision for doubtful receivables @ 10% on the incremental balances appearing under the different heads of "Other Current Assets Note no. 18 (excluding Receivable on account of loan)" has been made.

(d) Due to non-receipt of loan installments and interest thereon from "Secured and Unsecured Loan to KESCO", no interest on such loans has been accounted for in the books of accounts.

8. The reconciliation of Inter Unit Transfer balances amounting to Rs. 178.93 Crore (Debit) (previous year Debit Rs. 168.89 Crore) is in process and effect of reconciliation, if any, will be provided for in the coming years.

9. Liability towards staff training expenses, medical expenses and LTC has been provided to the extent established.

10. (a) Some balances appearing under the heads 'Other Current Assets', 'Long Term and Short Term Loans & Advances', 'Other Current Liabilities', 'Trade Receivables', 'Trade Payables' and Material in transit/ under inspection/ lying with contractors/ fabricators are subject to confirmation/ reconciliation and subsequent adjustments as may be required.
- (b) On an overall basis the assets other than Fixed Assets and non-current investments have a value on realisation in the ordinary course of business at least equal to the amounts at which they are stated in the Balance Sheet.
11. Basic and diluted earnings per share has been shown in the Profit & Loss Account in accordance with AS-20 "Earnings Per Share". Basic earnings per share have been computed by dividing net loss after tax by the weighted average number of equity shares outstanding during the year. Number used for calculating diluted earnings per equity share includes the amount of share application money (pending for allotment).

	<u>(Amount in Rs.)</u>	
<u>Earning per share:</u>	<u>31.03.2013</u>	<u>31.03.2012</u>
(a) Net loss after tax (numerator used for calculation)	34793233600	27218469151
(b) Weighted average number of Equity Shares (denominator for calculating Basic EPS)	178498935	162954496
(c) Weighted average number of Equity Shares (denominator for calculating Diluted EPS)	341697920	317529653
(d) Basic earnings per share of Rs. 1000/- each	(194.92)	(167.03)
(e) Diluted earnings per share of Rs. 1000/- each	(194.92)	(167.03)

(As per para 41 of AS-20 issued by Institute of Chartered Accountants of India, Potential Equity Shares are treated as Anti Dilutive as their conversion to Equity Share would decrease loss per share, therefore, effect of Anti Dilutive Potential Equity Shares are ignored in calculating Diluted Earning Per Share)

12. The amount of tax deducted at source (TDS) on interest received on Fixed Deposits during the year is Rs. 15,30,361 (previous year Rs. 47,47,955).
13. Due to non-formation of finance, accounts, audit, headquarter and other service units in UPPTCL, the employees of UPPCL working in these units were entrusted the work of UPPTCL also, therefore, the services rendered by such UPPCL employees, the 25% of the employee and administrative cost of such units have been loaded to UPPTCL during the year.

14. Amount due to Micro, Small and medium enterprises (under the MSMED Act 2006) could not be ascertained and interest thereon could not be provided for want of sufficient related information. However the company is in process to obtain the complete information in this regard.
15. As the balances of assets and liabilities had been transferred provisionally to Discoms, hence there are still some balances of such assets and liabilities which are related to Discoms lying in the books of UPPCL. Since necessary adjustments will be made on issuance of notification of Final Transfer Scheme by GoUP as referred in Point no. 2(a) of this note and the said balances is no way pertain to U.P. Power Corporation business, hence, neither any interest on Security Deposit from consumers and financial participation by consumers has been charged nor any provision against the such assets have been made in the books of company.
16. As per agreement with Noida Power Company Ltd. sale of energy to NPCL upto 45 MVA is to be charged at double the prescribed rates. Since NPCL has disputed the issue and currently the matter is pending before Hon'ble Supreme Court, therefore the sale of energy to NPCL is accounted for at the rates approved by UPERC. However, drawl of energy by NPCL above 45 MVA, has been accounted for at the rate decided by the Management.
17. Payment to Directors and Officers in foreign currency towards foreign tour was NIL (Previous year NIL).
18. Debts due from Directors were Rs. Nil (previous year Nil).
19. Quantitative Details of Energy purchased and sold:

S No.	Details	2012-13	2011-12
(I)	Total number of Units purchased	77707.161 MU	74479.613 MU
(II)	Total number of units sold	73667.397 MU	70371.501 MU

20. Contingent Liabilities:

S. No.	Details	2012-13 Amount (Rs. in lacs)	2011-12 Amount (Rs. in lacs)
(i)	Capital commitments	-	-
(ii)	Income Tax	2.00	2.00
(iii)	Power Purchase	43367.09	59921.90
(iv)	Other Contingencies	-	-

21. Since the Company is principally engaged in the business of Electricity, and there are no other reportable segments as per AS-17, hence the disclosure as per AS-17 on segment reporting is not required.

[Handwritten signatures]

[Handwritten signatures and a circular stamp]

22. Disclosure as per AS-18 (related party): -

(a) Key management personnel:-

S. No.	Name	Designation	Working Period (For FY 2012-13)	
			Appointment	Retirement/ Cessation
1	Shri Awanish Kumar Awasthi	Chairman and Managing Director	28.03.12	30.07.12
2	Shri Anil Kumar Gupta	Chairman	31.07.12	16.01.13
3	Shri Sanjeev Mittal	Chairman	16.01.13	Working
4	Shri Dheeraj Sahu	Joint Managing Director	08.12.10	02.04.12
5	Shri Ayodhya Prasad Mishra	Managing Director	31.07.12	Working
6	Shri S.K. Agarwal	Director (Finance)	09.01.09	Working
7	Shri Nand Lal	Director (Personnel)	30.04.10	05.04.12
8	Shri O.P. Jain	Director (Personnel)	09.04.12	28.06.12
9	Shri A.K. Singh	Director (Personnel)	30.06.12	18.11.12
10	Shri Radhey Mohan	Director (Personnel)	19.11.12	Working
11	Shri Jawahar Lal	Director (Distribution)	31.07.10	13.07.12
12	Shri Srikant Prasad	Director (Distribution)	14.07.12	Working
13	Shri Srikant Prasad	Director (Corporate planning)	22.11.11	Working
14	Shri Ayodhya Prasad Mishra	Director (Commercial)	22.11.11	05.03.13
15	Shri Sanjay Kumar Singh	Director (Commercial)	06.03.13	Working

(b) Transactions with related parties- Remuneration and Benefits paid to key management personnel (Chairman, Managing Director and Directors) are as follows: -

Amount (Rs. in lacs)

	2012-2013	2011-2012
Salary & Allowances	50.58	53.71
Contribution to Gratuity/ Pension/ PF	2.09	7.09

(c) The company has no related party enterprises other than State owned enterprises, detail/ transactions of which have not been disclosed in view of Para '9' of AS-18 "Related Party disclosures" which exempts State Controlled Enterprises from making any disclosure pertaining for their transactions with other related parties which are also State Controlled.

23. Due to heavy carried forward losses / depreciation and uncertainties to recover such losses/depreciation in near future, the deferred tax assets have not been recognised in accordance with AS-22 issued by ICAI.

24. In the opinion of management, there is no specific indication of impairment of any assets as on balance sheet date as envisaged by AS-28 of ICAI. Further, the assets of the corporation have been accounted.

[Handwritten signature]

[Handwritten mark]

[Handwritten signature and stamp]

for at their historical cost and most of the assets are very old where the impairment of assets is very unlikely.

25. Disclosure as per AS 29 is as under:-

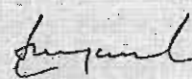

S. NO.	PARTICULARS	MOVEMENT OF PROVISIONS			
		OPENING BALANCE AS ON 01.04.2012	PROVISION MADE DURING THE YEAR	WITHDRAWAL OF PROVISION DURING THE YEAR	CLOSING BALANCE AS ON 31.03.2013
1	Provision for diminution in Investment	1,08,65,25,22,000	12,75,63,81,000	30,79,87,000	1,21,10,09,16,000
2	Provision for Doubtful debts on Sundry Debtors (Sale of power)	27,02,80,77,944	0	10,26,75,52,190	16,76,05,25,754

Independent Auditors' Report on Financial Statements

To,
The Members
U. P. Power Corporation Limited,
Shakti Bhawan,
14-Ashok Marg,
Lucknow.

Report on the Financial Statements

We have audited the accompanying financial statements of U. P. Power Corporation Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2013, the Statement of Profit and Loss and Cash Flow Statement for the year ended and a summary of significant accounting policies and other explanatory information (which have been signed by us on this date with reference to this report) wherein are incorporated the accounts of Zonal Accounts Office (Material Management) audited by the branch auditor.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flows of the company in accordance with the accounting principles generally accepted in India including Accounting Standards referred to in Section 211 (3C) of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal controls relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement, of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

- (1) As mentioned in para 2 (a) and 3 of Note no. 29(B) of transfer schemes of DISCOMs and TRANSCO are pending for approval of Government of Uttar Pradesh (GoUP) and restructuring account under 'Other non current assets' reflects a net debit of Rs. 1769.30 crores relating to transaction affecting the balances of the company/DISCOMs/UPPTCL transferred under various transfer schemes. Consequently, the balances of assets and liabilities as at the year end are subject to confirmation, reconciliation and consequential adjustments, if any, in accordance with transfer schemes.
- (2) Details of balances pertaining to DISCOMs which are included in some Assets and liabilities in addition to the balances which have already been transferred provisionally to DISCOMs was not provided to us. These balances will also be transferred to the DISCOMs on issue of notification of Final Transfer Scheme by GoUP. Consequently, balances of assets and liabilities are subject to confirmation, reconciliation and consequential adjustments, if any. Further in view of the above interest on security deposits from consumers and on financial participation by consumers has also not been recognised in the financial statements {Refer para 15 of Note no. 29(B)}.
- (3) Current Assets include Rs. 178.93 crores as 'Inter Unit Transfer' being the un-reconciled balance of Inter Unit transactions. The Company has informed that the reconciliation of inter unit account is in process {Refer Para 8 of Note 29(B)}.
- (4) Documentary evidences in respect of ownership/title of land and land rights, buildings were not provided to us and hence could not be verified.
- (5) Capital work in progress (Note No. 10) aggregating Rs. 203.67 crores as at the year-end include balances pertaining to the previous year's, in the absence of adequate information we are unable to comment on the appropriateness of such amount.
- (6) Dues payable to Micro, Small and Medium Enterprises as defined under MSMED Act, 2006 have not been disclosed in accordance with section 22 of the Act and interest, if any, due on such balances has also not been recognized in the financial statement in the absence of sufficient information with the Company (Refer para 14 of Note no. 29(B)).
- (7) The balances of all assets and liabilities of the Company other than secured loans, non-current investments and bank balances are subject to confirmation, reconciliation and consequential adjustments, if any.
- (8) In view of para (7) above and in the absence of adequate information, we are unable to comment on the adequacy or otherwise of the provision for bad & doubtful debts made in respect of Long Term Loans & Advances (Note no. 12), Other non-current assets (Note no. 13), Trade Receivables (Note no. 15), Short Term Loans & Advances (Note no. 17) and Other Current Assets (Note No. 18).

- (9) It was observed that the maintenance of party-wise subsidiary ledger and its reconciliation with primary books of accounts i.e. cash book and sectional journal are not proper and effective as various transfer schemes notified by the government were not final and the party-wise reconciliation of balances as at the beginning of the year is still in process.
- (10) (a) The inventories have been valued at cost and not at 'lower of cost or net realizable value' as required by AS 2 'Valuation of inventories'. (Refer accounting policy no. 5 of Note no. 29(A)). Further, in the absence of sufficient and appropriate audit evidence, we are unable to comment on the adequacy or otherwise of provision made for old, obsolete and unserviceable stores.
- (b) Recognition of interest on loans to staff has been done on cash basis, which is not in accordance with AS 9 'Revenue Recognition'. (Refer accounting policy no.1 (c) of Note no. 29 (A)).
- (c) The cost of fixed assets includes employees cost and general & administration expenses as per the accounting policy 2(d) of Note no. 29 (A). This is not in accordance with the provisions of Accounting Standard (AS) 10 'Accounting for fixed assets'.
- (d) Leave encashment is accounted for on the basis of claims received and approved during the year (Refer accounting policy no. 8 (b) of Note no. 29 (A)). Further, provisions for pension and gratuity in respect of employees has been made on the basis of actuarial valuation report dated 09.11.2000 adopted by the Board of Directors (Refer accounting policy number 8 (a) of Note no. 29 (A) and para 5 of Note no. 29(B)).
- These employees benefits are not accounted for in accordance with the mechanism prescribed in the Accounting Standard (AS) 15, Employees Benefits (revised 2005).
- (e) In the absence of adequate information substantiating the opinion of the Management of the Company on impairment of assets as mentioned in para 24 of Note no. 29(B), we are unable to comment on the compliance with the provisions of Accounting Standard (AS) 28 'Impairment of Assets'.
- (11) The financial statements of the Zonal Accounts Office (Material Management) were not prepared by the Company. The branch auditor has also expressed audit opinion on the Trial Balances as at 31st March, 2013 of the Zonal Accounts Office (Material Management). Consequently the financial statements of the Company have been prepared by incorporating these audited trial balances of Zonal Accounts Office (Material Management).
- In view of the above, we are unable to comment on the basis of classification of the assets and liabilities, income & expenditure of Zonal Accounts Office (Material Management) in the financial statements of the Company as also whether such classification is in accordance with the requirement of Schedule VI of the Companies Act, 1956.

(12) *Provision towards Wealth Tax Liability has not been made by the Company since previous years.*

(13) *For want of complete information, the cumulative impact of our observations in paras 1 to 12 above and in the annexure to this Report is not ascertained.*

Emphasis of matter

We draw attention to para 4 (c) of Note No. 29(B) stating that interest amounting to Rs. 3207.73 crores and guarantee fee amounting to Rs. 0.21 crores during the year has been shown as receivable from respective DISCOMs. Our opinion is not qualified in respect of this matter.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for matters described in 'basis for qualified opinion' paragraph* the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- (b) In the case of the Statement of Profit and Loss, of the loss for the year ended on that date and,
- (c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the order") issued by the Central Government of India in terms of Section 227 (4A) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, We report that:
 - a. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b. In our opinion, and *subject to the matters described in para 9 of 'Basis for qualified opinion' paragraph* proper books of accounts as required by law have been kept by the Company so far as appears from the examination of those books and *subject to our observation in para 11 of basis for qualified opinion paragraph* proper returns adequate for the purposes of our audit have been received from branches not visited by us.
 - c. The report on the accounts of the branch offices audited under section 228 by other auditor has been forwarded to us as required by clause (e) of sub-section (3) of section 228 and have been dealt with in preparing our report in the manner considered necessary by us;
 - d. The Balance Sheet, the Statement of Profit and Loss and Cash Flow Statement dealt with by this report are in agreement with the books of accounts.
 - e. In our opinion, *subject to matters described in para 10 of 'Basis for qualified opinion'* the Balance Sheet, the Statement of Profit and Loss and Cash Flow

Statement dealt by this report comply with the Accounting Standards referred to in Section 211(3C) of the Act;

- f. In view of department of company affairs' circular no.8/2002, the provision of disqualification of directors as per section 274 (1) (g) of the Companies Act, 1956 are not applicable to the company.
- g. *As per Section 383A of the Companies Act, 1956, every company having a paid up share capital of Rs.5 crores or above should appoint a whole time Company Secretary, however, the company has made a part time appointment which is in contravention to the above.*

M.No.-071448

(Annexure referred to in our report of even date to the members of U.P. Power Corporation Limited on the accounts for the year ended on 31st March, 2013)

On the basis of such tests as we considered appropriate to apply, the information and explanation rendered to us by the management during the course of audit of head office and the Auditor's Report of Zonal Accounts Office (Material Management) audited by other auditors, we report as under :-

(i)	(a)	<i>The company has not maintained proper records showing full particulars including quantitative details and situations of fixed assets as required by the Companies Act, 1956.</i>
	(b)	<i>The company has not carried out physical verification of the fixed assets hence we are unable to comment whether any material discrepancy was noticed as such or not.</i>
	(c)	<i>The company has not disposed of substantial part of the fixed assets during the year.</i>
(ii)	(a)	<i>As per the information provided by the management, the stock of store and spare parts has been physically verified by the management during the year. In our opinion having regard to the nature and location of stock, the frequency of physical verification is reasonable.</i>
	(b)	<i>The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the company and nature of its business.</i>
	(c)	<i>The company is maintaining proper records of inventory. As explained to us, no material discrepancy was noticed during the physical verification of inventory.</i>
(iii)	(a)	<i>As informed the company has not granted any loans secured or unsecured to companies, firms of other parties covered in the register maintained under section 301 of the Companies Act, 1956.</i>
	(b)	<i>In view of (iii) (a) above the clause nos. (iii) (b), (c) and (d) of the Order, are not applicable.</i>
	(c)	<i>The company has not taken any loans, secured or unsecured from companies, firms or other parties covered in the registers maintained under section 301 of the Companies Act, 1956.</i>
	(d)	<i>In view of (iii) (c) above the clause nos. (iii) (f) and (g) of the Companies (Auditors Reports) Order, 2003 are not applicable.</i>
(iv)		<i>In our opinion and according to the information and explanations given to us there are adequate internal control procedures commensurate with the size of company and the nature of its business for the purchase of inventories and fixed assets and for the sale of goods & services. However, internal control system needs to be strengthened.</i>
(v)	(a)	<i>As informed to us there are no contracts or arrangements the particulars whereof are required to be entered in the register required to be maintained under section 301 of the Companies Act, 1956.</i>
	(b)	<i>In view of (v) (a) above the clause (v) (b) of the Order, is not applicable.</i>

(vi)		As informed to us the company has not accepted any deposits from the public, hence the directions issued by the Reserve Bank of India and the provisions of section 58A, 58AA or any other relevant provision of the Act and the rules framed there under are not applicable.															
(vii)		The Company has an internal audit system for its various units by the firms of Chartered Accountants, <i>but no internal audit was conducted during the year.</i>															
(viii)		In our opinion, the cost records prescribed under section 209 (1)(d) of the Companies Act 1956, have been maintained by the company. We have however, not made a detailed examination of the records with a view to determine whether they are accurate and complete.															
(ix)	(a)	According to the information and explanation given to us, the company is generally regular in depositing undisputed statutory dues including Employees' State Insurance, Income Tax, Sales tax, Service tax, Custom duty, Excise duty, Cess, etc. <i>except Wealth Tax, the return of which has not been filed and tax has not been paid since previous years.</i>															
	(b)	As informed to us, there are following dues that have not been deposited on account of dispute:- <table><tr><th>SL No.</th><th>Name of the Statute</th><th>Assessment year</th><th>Amount (Rs. In lakhs)</th><th>Forum where dispute is pending</th></tr><tr><td>1.</td><td>Income Tax Act, 1961</td><td>1991-92</td><td>1.00</td><td>Hon'ble Income Tax Appellate Tribunal</td></tr><tr><td>2.</td><td>Income Tax Act, 1961</td><td>1992-93</td><td>1.00</td><td>Hon'ble Income Tax Appellate Tribunal</td></tr></table>	SL No.	Name of the Statute	Assessment year	Amount (Rs. In lakhs)	Forum where dispute is pending	1.	Income Tax Act, 1961	1991-92	1.00	Hon'ble Income Tax Appellate Tribunal	2.	Income Tax Act, 1961	1992-93	1.00	Hon'ble Income Tax Appellate Tribunal
SL No.	Name of the Statute	Assessment year	Amount (Rs. In lakhs)	Forum where dispute is pending													
1.	Income Tax Act, 1961	1991-92	1.00	Hon'ble Income Tax Appellate Tribunal													
2.	Income Tax Act, 1961	1992-93	1.00	Hon'ble Income Tax Appellate Tribunal													
(x)		The accumulated losses of the company are more than fifty percent of the net worth of the company as on the balance sheet date. Further, in our opinion, the company has incurred cash losses during the current financial year as well as in the immediately preceding financial year.															
(xi)		<i>The company has defaulted in repayment of interest due on loans amounting to Rs.1224.95 crores (Refer Annexure B attached with Note no.8 and foot note of Note no. 6 forming part of the Balance Sheet).</i>															
(xii)		The company has not granted any loans and advance on the basis of security by way of pledge of shares, debentures and other securities.															
(xiii)		The company is not chit fund /nidhi /mutual benefit fund/societies; hence clause (xiii) of the Order is not applicable.															
(xiv)		The company is not dealing or trading in shares, securities, debenture and other investments, hence clause (xiv) of the Order is not applicable.															
(xv)		As informed to us the company has not given any guarantee for loans taken by others from banks or financial institutions.															

(xvi)	<i>As the accounts are not maintained in such manner which could identify the immediate nexus for ultimate usage of loan funds, we are unable to comment whether loan funds were applied for the purpose for which the loan were obtained. However, as per the explanations given by the management the loan funds were applied for the purpose for which the loans were obtained.</i>
(xvii)	<i>As the accounts are not maintained in such manner which could identify the immediate nexus for ultimate usage of funds, we are unable to comment whether short term funds were applied for the purpose for which they were obtained. However, as per the explanations given by the management the funds received on short term basis have not been used for long term investments.</i>
(xviii)	The company has not made any preferential allotment of shares, hence clause (xviii) of the Order is not applicable.
(xix)	The company has not issued any debentures hence clause (xix) of the Order is not applicable.
(xx)	The company has not raised any money by public issue; hence clause (xx) of the Order is not applicable.
(xxi)	As per information and explanations given to us by the management, no fraud has been done by the company or on the company.

**COMMENTS OF THE COMPTROLLER & AUDITOR GENERAL OF INDIA
UNDER SECTION 619(4) OF THE COMPANIES ACT, 1956 ON THE ANNUAL
ACCOUNTS OF U. P. POWER CORPORATION LIMITED, LUCKNOW FOR THE
YEAR ENDED ON 31 MARCH 2013**

The preparation of the Financial Statement of the U.P. Power Corporation Limited, Lucknow for the year ended 31 March 2013 in accordance with the financial reporting framework prescribed under the Companies Act, 1956 is the responsibility of the management of the Company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 619(2) of the Companies Act, 1956 are responsible for expressing opinion on these financial statements under section 227 of the Companies Act, 1956 based on independent audit in accordance with the Auditing and Assurance Standards prescribed by their professional body, the Institute of Chartered Accountants of India. This is stated to have been done by them vide their Audit Report dated 13 March 2014.

I, on behalf of Comptroller and Auditor General of India, have conducted a supplementary audit under section 619(3) (b) of the Companies Act, 1956 of the financial statements of U.P. Power Corporation Limited, Lucknow for the year ended 31 March 2013. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. Based on my supplementary audit, I would like to highlight the following significant matters under section 619(4) of the Companies Act, 1956 which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statement and the related Audit Report:

BALANCE SHEET

Current Liabilities

1. Trade Payable (Note-7) ₹ 19494.13 crore

The above does not include ₹ 1.59 crore being amount payable to Rosa Power Supply Company Limited (RPSCL) towards deemed energy in terms of Power Purchase Agreement with RPSCL. Since the claim of RPSCL has been accepted by the High Power Committee of the Company, provision of ₹ 1.59 crore for accepted claim of RPSCL by the Committee in respect of deemed energy (10.62 MUs) should have been made. This has resulted in understatement of Current Liabilities as well as Loss for the year each by ₹ 1.59 crore.

Other Current Liabilities (Note 8) ₹ 577.09 crore

2. Liabilities towards UP Power Sector Employee Trust: ₹ 3.76 crore

The above does not include ₹ 18.56 crore and ₹ 0.20 crore on account of delay/non-deposit of GPF and Pension & Gratuity being interest payable on delay in remittance/ non payment of dues as worked out and accounted for in financial statement of CPF/GPF Trust for the year 2010-11. This has resulted in understatement of Current Liabilities and loss for the year each by ₹ 18.76 crore.

PROFIT AND LOSS STATEMENT EXPENSES

3. Purchase of Stock-in- Trade (Power Purchased) (Note-21) ₹ 29557.94 crore

(a) The above does not include revised bills amounting to ₹ 3.31 crore on account of reimbursement of Power Grid Corporation of India Limited (PGCIL) charges for "Loop-in" portion in accordance with power purchase agreement dated 12 November 2006, MOU dated 20 January 2012 and subsequent amendments/ modifications for the period pertaining April 2012 to March 2013.

This has resulted in understatement of current year Purchase of Power as well as Current Liability (Trade payable) to the extent of ₹ 3.31 crore.

(b) The above does not include revised bills amounting to ₹ 23.16 crore relating to PGCIL for the period 01 January 2007 to 31 March 2009 which was received in January 2014 i.e. before approval of Accounts. This has resulted in understatement of current year Purchase of Power as well as Current Liability (Trade payable) to the extent of ₹ 23.16 crore.

Employee Benefit Expenses (Employee Cost) (Note-22) ₹ 128.95 crore

4. Dearness Allowance ₹ 37.65 crore

The above does not include the liability of ₹ 1.09 crore against the arrear of DA instalments @ 8 per cent for the months January 2013 to March 2013.

Non-inclusion of the aforesaid liability in accounts has resulted in understatement of employees cost as well as understatement of losses for the year to the extent of ₹ 1.09 crore.

5. Earned Leave Encashment ₹ 7.91 crore

As per paragraph no. 8 (b) of Significant Accounting Policies (Note No.-29 A) of the Company the 'Leave encashment, medical benefits and LTC are accounted for on the basis of claims received and approved during the year.'

This is against the Accounting Standard 15 (Retirement Benefits) which provides that the liability for leave encashment payable to the employees at the time of retirement should be provided every year on actuarial basis.

6. General

(i) Reconciliation with DISCOMs

Due to non reconciliation of the inter company balances of Current Assets vis-a-vis Current Liabilities, a difference of ₹ 8392.15 crore could not be taken into account by the company. Despite the comment of similar nature in 2010-11 and 2011-12, no corrective action has been taken by the Management.

(ii) NOTES ON ACCOUNTS (Note 29.B)

Contingent Liabilities: Power Purchase ₹ 433.67 crore

RPSCL has filed a petition with UPERC for claim of deemed energy. As per direction of the UPERC, a High Power Committee was constituted with the approval of Chairman and Managing Director to resolve the claims mutually. The High Power Committee constituted by the Company had recommended deemed energy for only 10.62 MUs out of 210.29 MUs involved and claims in respect of 7.92 MUs were taken back by RPSCL. However, the claims in respect of 191.75 MUs amounting to ₹ 28.72 crore are still contended by RPSCL which should have been shown as Contingent Liabilities by the Company.

For and on behalf of the
Comptroller and Auditor General of India

Vinita Mishra
Accountant General

Place: Lucknow

Date: 16.07.2014

MANAGEMENT'S REPLY TO THE COMMENTS OF THE COMPTROLLER & AUDITOR GENERAL OF INDIA UNDER SECTION 619(4) OF THE COMPANIES ACT, 1956 ON THE ANNUAL ACCOUNTS OF U.P. POWER CORPORATION LIMITED, LUCKNOW FOR THE YEAR ENDED ON 31 MARCH 2013

COMMENTS	MANAGEMENT'S REPLY
<p>The preparation of the Financial Statement of the U.P. Power Corporation Limited, Lucknow for the year ended 31 March 2013 in accordance with the financial reporting framework prescribed under the Companies Act, 1956 is the responsibility of the management of the Company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 619(2) of the Companies Act, 1956 are responsible for expressing opinion on these financial statements under section 227 of the Companies Act, 1956 based on independent audit in accordance with the Auditing and Assurance Standards prescribed by their professional body, the Institute of Chartered Accountants of India. This is stated to have been done by them vide their Audit Report dated 13 March 2014.</p> <p>I, on behalf of Comptroller and Auditor General of India, have conducted a supplementary audit under section 619(3) (b) of the Companies Act, 1956 of the financial statements of U.P. Power Corporation Limited, Lucknow for the year ended 31 March 2013. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. Based on my supplementary audit, I would like to highlight the following significant matters under section 619(4) of the Companies Act, 1956 which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statement and the related Audit Report.</p>	<p align="center">No Comments</p>
<p>BALANCE-SHEET</p> <p>Current Liabilities</p> <p>1- Trade Payable (Note-7) Rs 19494.13 crore</p> <p>The above does not include Rs 1.59 crore being amount payable to Rosa Power Supply</p>	<p>In pursuance to the petition filed by RPSCL before UPERC a high power committee was</p>

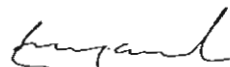

COMMENTS	MANAGEMENT'S REPLY
<p>Company Limited (RPSCL) towards deemed energy in terms of Power Purchase Agreement with RPSCL. Since the Claim of RPSCL has been accepted by the High Power Committee of the Company, provision of Rs 1.59 crore for accepted claim of RPSCL by the Committee in respect of deemed energy (10.62 MUs) should have been made. This has resulted in understatement of Current Liabilities as well as Loss for the year each by Rs 1.59 crore.</p>	<p>formed to analyze the claim raised by RPSCL. The decision on the petition was awaited from UPERC, therefore, the accounting of the same could not be done in F.Y. 2012-13. Later RPSCL did not accept the report of the High Power Committee, so again a Joint Committee of PTCL and RPSCL was constituted for reconsideration of the recommendation of earlier committee. Since the decision of UPERC is still awaited therefore in view of audit comment Rs. 1.59 crore have been provided for in F.Y. 2013-14.</p>
<p>Other Current Liabilities (Note 8) Rs 577.09 crore 2- Liabilities towards UP Power Sector Employee Trust; Rs 3.76 crore The above does not include Rs 18.56 crore and Rs 0.20 crore on account of delay/non-deposit of GPF and Pension & Gratuity being interest payable on delay in remittance/ non payment of dues as worked out and accounted for in financial statement of CPF/GPF Trust for the year 2010-11. This has resulted in understatement of Current Liabilities and loss for the year each by Rs 18.76 crore.</p>	<p>As per the audited balance sheet of U. P. Power Corporation Ltd. for FY 2010-11 the outstanding balances against U.P. Power Sector Employees Trust for GPF/Pension & Gratuity appearing under head 'Loans and Advances- Schedule 11' i.e. Rs. 9.04 crore (Net Debit). Since the net liability was negative hence interest payable on outstanding dues to Trust does not arise. So far as the provision for liability of Rs.18.76 crore as per balance sheet of Trust is concerned, it is to submit that Trust has to reconcile the balances with UPPCL and necessary adjustment / accountal has to be done by U.P. Power Sector Employee Trust.</p>
<p>PROFIT AND LOSS STATEMENT EXPENSES 3- Purchase of Stock-in-Trade (Power Purchased) (Note-21) Rs 29557.94 crore (a) The above does not include revised bills amounting to Rs3.31 crore on account of reimbursement of Power Grid Corporation of India Limited (PGCIL) charges for "Loop-in" portion in accordance with power purchase agreement dated 12 November 2006, MOU dated 20 January 2012 and subsequent amendments/ modifications for the period pertaining April 2012 to March 2013. This has resulted in understatement of current year Purchase of Power as well as Current Liability (Trade payable) to the extent of Rs 3.31 crore. (b) The above does not include revised bills amounting to Rs 23.16 crore relating to</p>	<p>Regarding inclusion of revised bill amounting to Rs. 3.31 Crore pertaining to PGCIL, It is to submit that Branch Statutory Auditors' submitted their audit report on 28/01/2014 i.e. prior to verification date of the referred bill i.e. 25.02.2014, therefore, it could not be taken in the accounts F.Y. 2012-13. This transaction is accounted for in the accounts of F.Y. 2013-14. Regarding inclusion of revised bill of purchase of power amounting to Rs. 23.16</p>

COMMENTS	MANAGEMENT'S REPLY
<p>PGCIL for the period 01 January 2007 to 31 March 2009 which was received in January 2014 i.e. before approval of Accounts. This has resulted in understatement of current year Purchase of Power as well as Current Liability (Trade payable) to the extent of Rs 23.16 crore.</p>	<p>crore pertaining to PGCIL, it is to submit that Branch Statutory Auditors submitted their audit report on 28.01.2014 i.e. prior to verification date i.e. 14.02.2014, therefore, it could not be taken in the accounts of FY 2012-13. These transactions are accounted for in the accounts of FY 2013-14.</p>
<p>Employee Benefit Expenses (Employee Cost)(Note-22)Rs 128.95 crore 4. Dearness Allowance Rs 37.65 crore The above does not include the liability of Rs 1.09 crore against the arrear of DA instalments @8 percent for the months January 2013 to March 2013. Non-inclusion of the aforesaid liability in accounts has resulted in understatement of employees cost as well as understatement of losses for the year to the extent of Rs 1.09 crore.</p>	<p>Since the DA was declared by the Corporation in the last week of June 2013 i.e. in FY 2013-14 therefore, the accountal of the same has been done in FY 2013-14. However, necessary instructions have been issued to the units to account for the DA arrear as per the term involved.</p>
<p>5. Earned leave Encashment Rs 7.91 crore As per paragraph no. 8(b) of Significant Accounting Policies (Note No.-29A) of the Company the Leave encashment, medical benefits and LTC are accounted for on the basis of claims received and approved during the year. This is against the Accounting Standard 15 (Retirement Benefits) which provides that the liability for leave encashment payable to the employees at the time of retirement should be provided every year on actuarial basis.</p>	<p>As is evident that the accountal of Leave Encashment have been made as per Significant Accounting Policy Paragraph no. 8 (b) of Note no. 29 (A) and it is also qualified by Statutory Auditor in their Report Point no. 10(d). However, as soon as the latest Actuarial Valuation on the retirement benefits will be available, the necessary provision in this regard will be made accordingly.</p>
<p>6 General (i) Reconciliation with DISCOMs Due to non reconciliation of the inter company balances of Current Assets vis-à-vis Current Liabilities, a difference of Rs 8392.15 crore could not be taken into account by the company. Despite the comment of similar nature in 2010-11 and 2011-12, no corrective action has been taken by the Management.</p> 	<p>The balances shown as Receivables/ Payables against Discoms in the books of UPPCL could not match with that of the balances shown in the books of Discoms noticed by audit because Discoms have clubbed the different balances e.g. transactions relating to Loan, fund transfer/remittance and staff recoveries etc. at one place in their balance sheet.</p> <p>In most of the cases transactions between UPPCL and Discoms are duly matched and accounted for in the accounts in hand. There are very few transactions which are in the process of reconciliation/ accountal.</p> <p>Thus, it is evident that reconciliation of the</p>

COMMENTS	MANAGEMENT'S REPLY
	transactions (itemwise) have been done properly and therefore the contention of the audit that no corrective action has been taken, is not correct.
<p>(ii) NOTES ON ACCOUNTS - (Note 29B)</p> <p>Contingent Liabilities: Power Purchase Rs 433.67 crore</p> <p>RPSCL has filed a petition with UPERC for claim of deemed energy. As per direction of the UPERC, a High Power Committee was constituted with the approval of Chairman and Managing Director, to resolve the claims mutually. The High Power Committee constituted by the company has recommended deemed energy for only 10.62 MUs out of 210.29 MUs involved and claims in respect of 7.92 MUs were taken back by RPSCL. However, the claims in respect of 191.75 MUs amounting to Rs 28.72 crore are still contended by RPSCL which should have been shown as Contingent Liabilities by the Company.</p>	<p>Since the decision on the petition was awaited from UPERC, therefore, it was not possible to establish any liability or to quantify the contingent value of the liability in F.Y. 2012-13.</p> <p>However, in view of the Audit comment and pending decision of UPERC a sum of Rs. 28.72 Crore have been shown as Contingent Liability in F.Y. 2013-14.</p>

U.P. POWER CORPORATION LIMITED

NOTE NO. 29 (A)

SIGNIFICANT ACCOUNTING POLICIES

1. GENERAL

- (a) The financial statements are prepared in accordance with the applicable provisions of the Companies Act, 1956. However where there is a deviation from the provisions of the Companies Act, 1956 in preparation of these accounts, the corresponding provisions of Electricity (Supply) (Annual Account) Rules 1985 have been adopted.
- (b) The accounts are prepared under historical cost convention, on accrual basis unless stated otherwise and on accounting assumption of going concern.
- (c) Subsidy, Grant, Insurance and Other Claims, Refund of Custom Duty Interest on Income Tax & Trade Tax and Interest on loans to staff is accounted for on receipt basis after the recovery of principal in full.

2. FIXED ASSETS

- (a) Fixed Assets are shown at historical cost less accumulated depreciation.
- (b) All costs relating to the acquisition and installation of fixed assets till the date of commissioning are capitalized.
- (c) In the case of commissioned assets, where final settlement of bills with the contractor is yet to be affected, capitalization is done, subject to necessary adjustment in the year of final settlement.
- (d) Due to multiplicity of functional units as well as multiplicity of function at particular unit, employees cost and general & administration expenses to capital works are capitalized @ 15% on deposit works and @ 11% on other works on the amount of total expenditure.
- (e) Borrowing cost during construction stage of capital assets are apportioned on the average balance of capital work in progress for the year. The determination of amount of borrowing cost attributable to capital works are capitalized as per the computation method given in the Electricity (Supply) (Annual Accounts) Rules 1985.

3. DEPRECIATION

- (a) Depreciation is charged on Straight Line Method at the rates specified in Schedule XIV of the Companies Act 1956.

- (b) Depreciation on additions to / deductions from Fixed Assets during the year is charged on Pro rata basis.
- (c) The Fixed Assets are depreciated up to 95% of original cost except in case of temporary erections/constructions where 100% depreciation is charged.

4. INVESTMENTS

Long term investments are carried at cost. Provision is made for diminution, other than temporary, in the value of such investments.

5. STORES & SPARES

- (a) Stores & Spares are valued at cost.
- (b) Steel scrap is valued at realizable value and scrap other than steel is accounted for in the accounts as and when sold.
- (c) Any shortage /excess of material found during the year end are shown as "material short/excess pending investigation" till the finalization of investigation.

6. REVENUE/ EXPENDITURE RECOGNITION

- (a) Revenue from sale of energy is accounted for on accrual basis.
- (b) Late payment surcharge recoverable from subsidiaries and other bulk power purchasers are accounted for on cash basis due to uncertainty of realisation.
- (c) Sale of energy is accounted for based on tariff rates approved by U.P. Electricity Regulatory Commission. In case of distribution companies, where the rates are not notified/ approved, provisional rates are adopted.
- (d) All prior period income & expenditure are shown in the current period as a distinct item.

7. POWER PURCHASE

Power purchase is accounted for in the books of Corporation as below:

- (i) In respect of Central Sector Generating Units and unscheduled interchange/reactive energy, at the rates approved by Central Electricity Regulatory Commission (CERC).
- (ii) In respect of State Sector Generating Units and unscheduled interchange/reactive energy, at the rates approved by U.P. Electricity Regulatory Commission (UPERC).
- (iii) In respect of Power Trading Companies, at the mutually agreed rates.

8. EMPLOYEE BENEFITS

- (a) Liability for Pension & Gratuity in respect of employees has been determined on the basis of actuarial valuation and has been accounted for on accrual basis.
- (b) Leave encashment, medical benefits and LTC are accounted for on the basis of claims received and approved during the year.

9. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

- (a) Accounting of the Provisions is made on the basis of estimated expenditures to the extent possible as required to settle the present obligations.
- (b) Contingent liabilities are disclosed in the Notes on Accounts.
- (c) The Contingent assets of unrealisable income are not recognised.

(Surendra Kumar)
Dy. Chief Accounts Officer

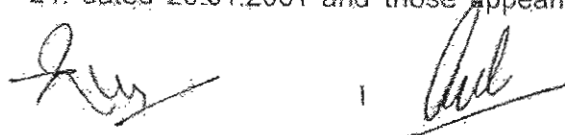

(A.K. Gupta)

U.P. POWER CORPORATION LIMITED

NOTE NO. 29 (B)

NOTES ON ACCOUNTS ANNEXED TO AND FORMING PART OF BALANCE SHEET AS AT 31.03.2014 AND PROFIT & LOSS STATEMENT FOR THE YEAR ENDED ON THAT DATE

1. (a) The Corporation was incorporated under the Companies Act, 1956 on 30.11.1999 and commenced the business w.e.f. 15.01.2000 in terms of Government of U.P. Notification No. 149/P-1/2000-24 dated 14.01.2000.
 - (b) Vide Govt. of U.P. Notification No. 186/XXIV-I-2000 dt. Jan 15, 2000 the distribution business of KESA Zone of erstwhile UPSEB has been transferred to KESCO, as wholly owned subsidiary company of UPPCL, w.e.f. 15.1.2000.
 - (c) Due to division of State of Uttar Pradesh a separate State named Uttaranchal (now Uttarakhand) came into existence and a separate Corporation Uttaranchal Power Corporation Ltd. had taken over commercial operations in the State of Uttaranchal as per Govt. of India notification no. 42/7/2000-R&R dated 05.11.2001.
 - (d) The distribution business of U.P. Power Corporation Ltd. has been transferred to subsidiary companies viz. Madhyanchal Vidyut Vitran Nigam Ltd., Lucknow, Paschimanchal Vidyut Vitran Nigam Ltd., Meerut, Poorvanchal Vidyut Vitran Nigam Ltd., Varanasi & Dakshinanchal Vidyut Vitran Nigam Ltd., Agra (Known as DISCOMs) as per The Uttar Pradesh Power Sector Reforms (Transfer of Distribution Undertakings) Scheme, 2003 issued vide GoUP Notification No. 2740/P-1-2003-24-14P/2003 dated 12.08.2003.
 - (e) The State Government through Gazette Notification No. 2974(1)/24-P-2-2010, Dated 23 Dec 2010 made a Provisional Transfer Scheme for the purpose of transfer of the transmission activities including Assets, Liabilities and related proceedings from U.P. Power corporation Ltd. (UPPCL) to the Uttar Pradesh Power Transmission Corporation Limited (UPPTCL/TRANSCO). In terms of this Scheme, the transfer has been made effective from 01.04.2007, the date since which UPPCL and UPPTCL have started working as separate entities for purchase/sale of Bulk power and transmission work respectively.
2. (a) The reconciliation of balances of assets and liabilities transferred under Transfer Scheme-2000 vide Notification No.348/P-1/2001-24. dated 25.01.2001 and those appearing in the Unit's accounts

have been done. Final balances to be transferred to 'DISCOMs' as on 11.08.2003 and 'TRANSCO' as on 01.04.2007 and the balances to be retained by UPPCL as on 01.04.2007 have been sent to GoUP for approval/notification. The necessary adjustments in this regard shall be done on its approval/ notification by GoUP in the annual accounts under preparation.

- (b) The assets and liabilities relating to Uttaranchal Power Corporation Ltd. had been transferred as per an agreement dated 12.10.2003 with Uttaranchal Power Corporation Ltd., w.e.f. 9.11.01.
- (c)
 - (i) Consequent upon transfer of distribution business to four DISCOMs, the provisional balances as on 31. 3.2003 as per Notification dated 12.08.03 have been transferred to these companies.
 - (ii) The transactions pertaining to distribution business during the period from 01.04.2003 to 11.08.2003 are taken in the accounts of UPPCL and debtors outstanding except balances of KESCO, debtors through KESCO and NPCL, as at 11.08.2003 have been transferred to Discoms as per advice of CAG.
 - (iii) The difference in assets and liabilities transferred to DISCOMs as per provisional Transfer Scheme and the balances available in the UPPCL accounts have been adjusted through Restructuring Account.
 - (iv) The actual balances of transmission units on 01.04.07 were transferred to UPPTCL (Uttar Pradesh Power Transmission Corporation Limited) instead of the balances of the *Uttar Pradesh Electricity Reforms (Transfer of Transmission and Related Activities including the Assets, Liabilities and Related Proceedings) Scheme, 2010* (Provisional TRANSCO Transfer Scheme). The difference between the balances so transferred and the balances of Provisional TRANSCO Transfer Scheme 2010 amounting to Rs. 180.72 Crore was transferred to Restructuring A/c in the FY 2007-08.
 - (v) Residuary balances of assets and liabilities after the above transfers have been retained in the books of UPPCL.
- 3. The transactions affecting the Opening Balances of UPPCL as per the Transfer Scheme 2000 and the Transfer Scheme of KESCO were transferred to Restructuring Account and similarly the transactions affecting the Opening Balances of DISCOMs as per the Provisional Transfer Scheme 12.08.2003 were also transferred to Restructuring Account, pending final adjustments.
- 4. (a) The Debit balance of Rs. 2.68 Crore (previous year Rs. 2.68 Crore) shown as Special Programming Loan from agriculture-banks under Note No. 12 "Long Term Loans & Advances" (Rs. 2.57 Crore was transferred through the Transfer Scheme-2000) is subject to reconciliation/confirmation.

- (b) Provisional loan balances transferred to each of DISCOMs vide the Transfer Scheme 2003 vary with the final audited Balance Sheet for financial year 2002-2003. To take care of these differences following approach had been adopted.
- (i) As per advice of Reform consultants, in the absence of loan agreement wise details, the Institution wise loans had been transferred to DISCOMs.
 - (ii) The payment of interest and repayment of loan after 11.8.03 had been apportioned, as per Para (b) (i) above.
- (c) (i) Loans obtained from REC, PFC & HUDCO for distribution works received by UPPCL on behalf of DISCOMs after 11.08.2003 were accounted for in UPPCL separately and shown as 'Loans Relate to DISCOMs'. Debt service obligations on account of these loans are accounted for as receivables from respective Discoms, therefore, interest amounting to Rs. 178.90 crore during the year has been shown as receivable from respective Discoms.
- (ii) Ministry of Power, Govt. of India has issued financial restructuring scheme of Distribution companies on 5th October 2012. As per the provisions of the Scheme the lenders have agreed to restructure the outstanding loans as on 31.03.2012 from Banks taken to meet losses and outstanding power purchase liabilities as on 31.03.2012 in the books of UPPCL upto accumulated losses of Discoms. The fresh loans for operational losses of distribution sector are also to be provided to UPPCL.

In view of this it has been decided in the Board of Directors meeting of UPPCL dated 19.09.2013 vide Board resolution no. 740 that:

- (a) Outstanding loans from Banks as on 31.03.2012,
- (b) Fresh loans/Bonds for funding upto the power purchase liabilities outstanding as on 31.03.2012 and
- (c) Fresh loans taken / to be taken to meet operational losses from 01.04.2012

will be allocated to the Discoms and adjusted against receipts of sale of Power to Discoms. Accordingly necessary adjustment has been carried out in the books of UPPCL showing the referred loans under the title "Loans Relate to Discoms". Debt service obligations on such loans amounting to Rs. 3884.15 crore during the year has also been adjusted against receipt of sale of power to Discoms.

- (d) The loans sanctioned by GoUP to the UPPCL after 14.01.2000 for distribution works amounting to Rs. 422.25 crore have been converted into Equity vide GoUP letter no. 05/30/24-1-14-104/(Budget)/2013 dated 30 Jan 2014. Since as per Discoms

Provisional Transfer Scheme 2003, Rs. 15 crore had been shown as 'loan transferred to Discoms' in the books of UPPCL and as per above GoUP order dated 30.01.2014 'loans to Discoms' have been converted into Equity, therefore Rs. 15 crore has been taken into account through Restructuring Account.

- (e) Equity received from GoUP for distribution works is invested in each DISCOM based on physical / financial targets and is shown as investment in respective DISCOMs.
- 5. Based on actuarial valuation report dt. 9.11.2000 (adopted by Board of Directors), provision for accrued liability on account of Pension and Gratuity has been made @ 16.70% and 2.38% respectively on the amount of basic Pay and D.A. paid to employees.
- 6. (a) The Company is making efforts to recognise and identify the location of land along with its title deed as well as of other fixed assets, transferred under various Transfer Schemes for the purpose of maintaining fixed assets registers.
(b) Where historical cost of a discarded/ retired/ obsolete fixed asset is not available, the estimated value of such asset and depreciation thereon has been adjusted and accounted for.
- 7. (a) The Provision for Bad & Doubtful Debts against revenue from Sale of Power has been made @ 5% on incremental debtors during the year.
(b) The details of provision for doubtful loans & advances are as under:-
 - (i) Provision @ 10% on the incremental balances of suppliers/ contractors (O&M) has been made under the Note no. 17 of Short term Loans & Advances.
 - (ii) Provision @ 100% on interest accrued and due during the year on loan of NPCL has been made under the Note No. 12 of Long term Loans & Advances.
- (c) A provision for doubtful receivables @ 10% on the incremental balances appearing under the different heads of "Other Current Assets Note no. 18 (excluding Receivable on account of loan)" has been made.
- (d) Due to non-receipt of loan installments and interest thereon from "Secured and Unsecured Loan to KESCO", no interest on such loans has been accounted for in the books of accounts.
- 8. The reconciliation of Inter Unit Transfer balances amounting to Rs.181.03 Crore (Debit) (previous year Debit Rs. 178.93 Crore) is in process and effect of reconciliation, if any, will be provided for in the coming years.

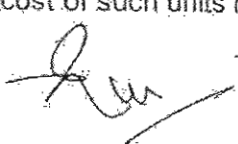

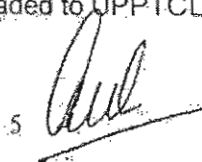

9. Liability towards staff training expenses, medical expenses and LTC has been provided to the extent established.
10. (a) Some balances appearing under the heads 'Other Current Assets', 'Long Term and Short Term Loans & Advances', 'Other Current Liabilities', 'Trade Receivables', 'Trade Payables' and Material in transit/ under inspection/ lying with contractors/ fabricators are subject to confirmation/ reconciliation and subsequent adjustments as may be required.
- (b) On an overall basis the assets other than Fixed Assets and non-current investments have a value on realisation in the ordinary course of business at least equal to the amounts at which they are stated in the Balance Sheet.
11. Basic and diluted earnings per share has been shown in the Profit & Loss Account in accordance with AS-20 "Earnings Per Share". Basic earnings per share have been computed by dividing net loss after tax by the weighted average number of equity shares outstanding during the year. Number used for calculating diluted earnings per equity share includes the amount of share application money (pending for allotment).

	<u>(Amount in Rs.)</u>	
<u>Earning per share:</u>	<u>31.03.2014</u>	<u>31.03.2013</u>
(a) Net loss after tax (numerator used for calculation)	63452105375	34793233600
(b) Weighted average number of Equity Shares (denominator for calculating Basic EPS)	356902268	178498935
(c) Weighted average number of Equity Shares (denominator for calculating Diluted EPS)	369097391	341697920
(d) Basic earnings per share of Rs. 1000/- each	(177.79)	(194.92)
(e) Diluted earnings per share of Rs. 1000/- each	(177.79)	(194.92)

(As per para 41 of AS-20 issued by Institute of Chartered Accountants of India, Potential Equity Shares are treated as Anti Dilutive as their conversion to Equity Share would decrease loss per share, therefore, effect of Anti Dilutive Potential Equity Shares are ignored in calculating Diluted Earning Per Share)

12. The amount of tax deducted at source (TDS) on interest received on Fixed Deposits during the year is Rs. 57,41,023 (previous year Rs. 15,30,361).
13. Due to non-formation of finance, accounts, audit, headquarter and other service units in UPPTCL, the employees of UPPCL working in these units were entrusted the work of UPPTCL also, therefore, the services rendered by such UPPCL employees, the 25% of the employee and administrative cost of such units have been loaded to UPPTCL during the year.

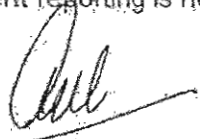

14. Amount due to Micro, Small and medium enterprises (under the MSMED Act 2006) could not be ascertained and interest thereon could not be provided for want of sufficient related information. However the company is in process to obtain the complete information in this regard.
15. As the balances of assets and liabilities had been transferred provisionally to Discoms, hence there are still some balances of such assets and liabilities which are related to Discoms lying in the books of UPPCL. Since necessary adjustments will be made on issuance of notification of Final Transfer Scheme by GoUP as referred in Point no. 2(a) of this note and the said balances in no way pertain to U.P. Power Corporation business, hence, neither any interest on Security Deposit from consumers and financial participation by consumers has been charged nor any provision against the such assets have been made in the books of company.
16. As per agreement with Noida Power Company Ltd. sale of energy to NPCL upto 45 MVA is to be charged at double the prescribed rates. Since NPCL has disputed the issue and currently the matter is pending before Hon'ble Supreme Court, therefore the sale of energy to NPCL is accounted for at the rates approved by UPERC. However, drawl of energy by NPCL above 45 MVA, has been accounted for at the rate decided by the Management.
17. Payment to Directors and Officers in foreign currency towards foreign tour was NIL (Previous year NIL).
18. Debts due from Directors were Rs. Nil (previous year Nil).
19. Quantitative Details of Energy purchased and sold:

S No.	Details	2013-14	2012-13
(I)	Total number of Units purchased	83794.929 MU	77707.161 MU
(II)	Total number of units sold	77586.121MU	73667.397 MU

20. Contingent Liabilities:

S. No.	Details	2013-14 Amount (Rs. in lacs)	2012-13 Amount (Rs. in lacs)
(i)	Capital commitments	-	-
(ii)	Income Tax	2.00	2.00
(iii)	Power Purchase	46239.09	43367.09
(iv)	Other Contingencies	-	-

21. Since the Company is principally engaged in the business of Electricity, and there are no other reportable segments as per AS-17, hence the disclosure as per AS-17 on segment reporting is not required.

22. Disclosure as per AS-18 (related party): -

(a) Key management personnel:-

S. No.	Name	Designation	Working Period (For FY 2013-14)	
			Appointment	Retirement/ Cessation
1	Shri Sanjiv Mittal	Chairman	16.01.13	17.05.13
2	Shri Sanjay Agarwal	Chairman	17.05.13	Working
3	Shri Ayodhya Prasad Mishra	Managing Director	31.07.12	Working
4	Shri S.K. Agarwal	Director (Finance)	09.01.09	Working
5	Shri Srikant Prasad	Director (Distribution)	14.07.12	Working
6	Shri Radhey Mohan	Director (P.M. & Admn.)	19.11.12	Working
7	Shri Srikant Prasad	Director (Corporate planning)	22.11.11	Working
8	Shri Sanjay Kumar Singh	Director (Commercial)	06.03.13	Working

(b) Transactions with related parties- Remuneration and Benefits paid to key management personnel (Chairman, Managing Director and Directors) are as follows: -

Amount (Rs. in lacs)

	2013-2014	2012-2013
Salary & Allowances	57.66	50.58
Leave Encashment	15.01	-
Contribution to Gratuity/ Pension/ PF	0.33	2.09

(c) The company has no related party enterprises other than State owned enterprises, detail/ transactions of which have not been disclosed in view of Para '9' of AS-18 "Related Party disclosures" which exempts State Controlled Enterprises from making any disclosure pertaining for their transactions with other related parties which are also State Controlled.

23. Due to heavy carried forward losses / depreciation and uncertainties to recover such losses/depreciation in near future, the deferred tax assets have not been recognised in accordance with AS-22 issued by ICAI.
24. In the opinion of management, there is no specific indication of impairment of any assets as on balance sheet date as envisaged by AS 28 of ICAI. Further, the assets of the corporation have been accounted for at their historical cost and most of the assets are very old where the impairment of assets is very unlikely.

25. Disclosure as per AS 29 is as under:-

S. NO.	PARTICULARS	MOVEMENT OF PROVISIONS			
		OPENING BALANCE AS ON 01.04.2013	PROVISION MADE DURING THE YEAR	WITHDRAWAL OF PROVISION DURING THE YEAR	CLOSING BALANCE AS ON 31.03.2014
1	Provision for diminution in Investment	1,21,10,09,16,000	42,98,67,25,000	62,82,05,000	1,63,45,94,36,000
2	Provision for Doubtful debts on Sundry Debtors (Sale of power)	16,76,05,25,754	0	3,07,84,31,501	13,68,20,94,253
3	Provision for Bad & doubtful debts- Other current assets.	2,57,66,12,562	27,54,34,505	0	2,85,20,47,067
4	Provision for Bad & doubtful debts- Long Term Loans & Advances	1,43,82,94,931	7,37,74,270	0	1,51,20,69,201
5	Provision for Bad & doubtful debts- Short Term Loans & Advances	2,90,15,137	6,02,55,218	0	8,92,70,355
Total		1,41,90,53,64,384	43,39,61,88,993	3,70,66,36,501	1,81,59,49,16,876

26. The figures as shown in the Balance Sheet, Profit & Loss Statement and Notes thereto have been rounded off to the nearest rupee.

27. Previous year figures have been regrouped and reclassified wherever considered necessary.

(Surendra Kumar)

- 100 प्रतिशत मीटरिंग लक्ष्य को प्राप्त करने हेतु आयोग के निर्देशानुसार प्रत्येक मण्डल में मीटर उपभोक्ताओं के माध्यम से सीधे मीटर विक्रय हेतु 2 मीटर निर्माताओं के रिटेल आउटलेट की व्यवस्था की गई है। उपरोक्त हेतु मध्यांचल, पश्चिमांचल एवं दक्षिणांचल विद्युत वितरण निगम लिमिटेड द्वारा यथावश्यक आदेश निर्गत कर दिये गये हैं।
- माह जनवरी 2015 से जारी ओटीओएस0 योजना के अन्तर्गत भी यह प्रयोजन किया गया है कि ग्रामीण क्षेत्रों में उपरोक्त योजना का लाभ पाने हेतु उपभोक्ताओं को अपने संयोजनों पर मीटर लगवाने हेतु स्वीकृति देनी होगी। ओटीओएस0 योजना के अन्तर्गत लगभग 6,73,042 उपभोक्ताओं द्वारा बकाया भुगतान एवं मीटरिंग हेतु स्वीकृति दी गई है।
- प्रदेश में अभी तक 1 कि0वा0 से अधिक भार वाले 19,39,692 उपभोक्ताओं में से 2,00,927 उपभोक्ताओं ने अपने संयोजनों पर मीटर स्थापित करने की स्वीकृति दी है। प्राप्त सूचना के आधार पर प्रदेश स्तर पर लगभग 35 हजार कैम्प लगाये गये एवं व्यापक प्रचार प्रसार एवं ग्राम प्रधानों का सहयोग

लिया गया है। इसके उपरान्त भी मीटर स्थापित करने सम्बन्धित सहमति देने वालों की संख्या अपेक्षित नहीं रही। 1 कि०वा० से अधिक भार के उपभोक्ताओं की प्रथम चरण में मीटरिंग हेतु आयोजित कैम्प का विवरण निम्न है :-

डिस्काम का नाम	कैम्प की संख्या	कैम्प क्षेत्र में उपभोक्ताओं की संख्या	उपभोक्ताओं की मीटरिंग हेतु सहमति
पूर्वांचल	8987	20121(केवल वाराणसी क्षेत्र के)	2999 (केवल वाराणसी क्षेत्र के)
मध्यांचल	10151	421396	30470
दक्षिणांचल	7255	673310	110575
पश्चिमांचल	10318	824865	56883
कुल योग	36711	1939692	200927

4. मह अक्टूबर 2014 तक की स्थिति के अनुसार प्रदेश में 62,97,445 Unmetered उपभोक्ता है। जिसमें 5302947 घरेलू, 107171 वाणिज्यिक, 6555 पब्लिक लाइट, 851579 निजी नलकूय एवं 29193 स्टेट ट्यूबवेल है।
5. प्रथम फेस के अन्तर्गत वर्ष 2015-16 में शहरी क्षेत्र के 80 प्रतिशत एवं ग्रामीण क्षेत्र के 50 प्रतिशत संयोजनों को मीटरीकृत कर दिया जायेगा।
6. द्वितीय फेस में वर्ष 2016-17 में ग्रामीण एवं शहरी क्षेत्र के बचे हुए सभी संयोजनों को मीटरीकृत कर दिया जायेगा।

बिन्दु सं0-6:- प्री-पेड मीटर की स्थापना

- लेसा क्षेत्र के अन्तर्गत प्री-पेड मीटर स्थापना हेतु पंजीकरण प्रारम्भ कर दिया गया है। इलाहाबाद क्षेत्र में अबतक 27 प्री-पेड मीटर स्थापित किये गए हैं तथा अन्य क्षेत्रों में भी उपभोक्ताओं से प्रार्थना पत्र प्राप्त कर प्री-पेड मीटर की स्थापना की जायेगी।
- प्रीपेड मीटर को वर्तमान टैरिफ के साथ लागू किये जाने की जटिलता को दूर करने एवं इसके इस्तेमाल को प्रोत्साहित करने हेतु टैरिफ का पुनः संरचना लगभग 5 प्रतिशत छूट के साथ की जा रही है, जिसकी याचिका प्रस्तुत की जा रही है। मान्य नियामक आयोग के आदेश में यह छूट 1.25 प्रतिशत की थी।
- प्रीपेड मीटरिंग तंत्र को ऑनलाईन प्रणाली (आरएपीडीआरपी) एकीकृत किये जाने की प्रक्रिया अन्तिम चरण में है।
- प्रीपेड मीटरिंग टोकन को ऑनलाईन प्राप्त कर चार्ज करने की कारपोरेशन की वेबसाइट से व्यवस्था की जा रही है।

No: 3135 / RAU/FPPCA

Dt: 29.12. 2014

Secretary,
U.P. Electricity Regulatory Commission,
2nd Floor, Kisan Mandi Bhawan,
Gomti Nagar,
Lucknow-226010.

SUB : Submission of detailed proposal on various issues with regard to the petition no. 848/2012 & 893/2013 (Commission's order dt. 23/10/2013)

Sir,

Kindly refer to the Hon'ble Commission's letter no. UPERC/Secy/D(Tariff)/14-257 dt. 28.10.2014 vide which the Commission has directed, to the licensee, to submit detailed proposal on various issues mentioned in its order dt. 23.10.2013 against petition no. 893/2013 in respect of "Review Of The Mechanism For Fuel & Power Purchase Cost Adjustment Formulated by Hon'ble Commission".

Hon'ble Commission in its order dt. 23.10.2013 has directed to club the petition no. 848/2012 in respect of "Applicability Of Fuel & Power Purchase Cost Adjustment Formula notified vide GoUP notification no. UPERC/Secy/Regulation/240 dated 10.05.2012" with petition no. 893/2013 in respect of "Review Of The Mechanism For Fuel & Power Purchase Cost Adjustment Formulated by Hon'ble Commission".

Salient submissions made in above two petitions are as under :

- 1- FPPCA may be distributed differentially over different category of consumers.
- 2- The Power Purchase Plan approved for FY 2012-13 Tariff order dt. 19.10.2012 is based on MYO Order 2009-14 of few sources (state owned thermal stations). This approved Power Purchase Plan has exorbitant figures of generation from state owned thermal stations which is extraneous to the past generation by these sources. This approach adopted by the Commission has led to disallowance of power purchase from few other sources with whom licensee has long term agreement. Existing provision with regard to disallowance of charging FPPCA for power purchase from unapproved source, will lead to huge loss to the licensee.
- 3- FPPCA may be allowed on power purchase from UI & unapproved sources.
- 4- For the purpose of FPPCA calculation power purchase cost may include all the bills raised by the generator during previous FPPCA cycle in place of existing provision of bills paid and credit received by the distribution licensee, to the supplier of the power during previous FPPCA cycle irrespective of the period to which they pertain.

Superintending Engineer (T.A.)
UPPCL, Shakti Bhawan Extension
14-Ashok Marg, Lucknow

5- Issue with regard to the date of applicability of FPPCA which has been settled by the Commission vide its letter No-UPERC/D(T)RAU/2012-1127 dt. 30.10.2012.

Point wise proposal with regard to the above salient submissions in petition no. 893/2013 & 848/2012 are as under :

A- Differential distribution of FPPCA over different category of consumers :

In this regard it is to submit that differential distribution of FPPCA over different category could be based on their **average billing rate (ABR)**. Since various category of consumer have different average billing rate, therefore uniform distribution of FPPCA will lead to non-uniform percentage distribution over different category. In order to avoid non-uniform percentage distribution of FPPCA it seems most appropriate to distribute FPPCA over different category in the ratio of their ABR in such a way that percentage increase across all the categories remains the same.

B- Disallowance of power purchase from few costlier sources with whom licensee has long term agreement :

In Power Purchase Plan approved for FY 2012-13, power purchase from following sources has been disallowed by the Commission, whereas licensee has long term agreement with these sources :

- 1- NTPC, Auraiya Gas
- 2 NTPC, Dadri Gas
- 3- NTPC, Kahalgaon Stn.-I
- 4- NTPC , Farakka
- 5- NTPC, Talchar
- 6- NTPC, Jhajhhar
- 7- Bajaj Hindustan

This situation has arisen due to the fact that the Commission has approved Power Purchase Plan (FY 2012-13) on the basis of MYT (2009-14) generation figures for state owned thermal generating stations. The Commission has not taken in to account the past trend of generation from these state owned thermal generating stations .

Owing to the fact of long term agreement with few of the disallowed sources, in FY 2012-13, the existing provision of not allowing FPPCA for power purchase from unapproved sources will lead heavy financial loss to the licensee.

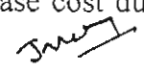

C- FPPCA may be allowed on power purchase from UI & unapproved sources :

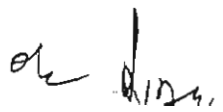

As regard to the issue of allowing FPPCA on power purchase from UI & unapproved sources, Commission has directed the licensee to file reply as directed by its order dt. 17.12.2012 in petition no. 848/2012. The desired FPPCA computation has been filed by the licensee vide letter no. 1621/RAU/FPPCA Review dt. 30.06.2014 for the period Jan-2013 to Sept-2013 (for 3 Quarters), on the basis of bills raised by the generators, in following two scenarios :

- a) FPPCA working **Excluding UI & unapproved purchases.**
- b) FPPCA working **Including UI & unapproved purchases.**

As evident from above submitted computation there is a loss of Rs.457.5 Cr.to the licensee in terms of FPPCA for three quarters only.

Therefore, in the light of submissions made by the licensee in its petition & computation shown in reply dt. 30.06.2014, it is submitted that variation in power purchase cost due to UI & unapproved sources may also be covered under FPPCA .

Superintending Engineer (R.A.U.)
UPPCL., Shakti Bhawan Extn.
14-Ashok Marg, Lucknow

D- For the purpose of recovery of FPPCA, power purchase cost may include all bills raised by the generators instead of bills paid and credit received by the licensee :

With regard to this issue it is humbly submitted that the submission made in petition no. 848/2012 seems sufficient and does not need further elaboration.

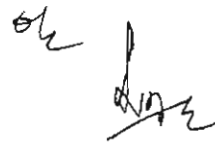

E- Date of applicability of FPPCA :

The issue with regard to the date of applicability of FPPCA has been settled by the Commission vide its letter no. UPERC/D(T)RAU/2012-1127 dt. 30.10.2012. Therefore, no further submission is required in this regard.

Yours faithfully,

(Jayant Verma)
Superintending Engineer (RAU)

KEW
PDC

8
(रमेश कुमार)
मुख्य अभियन्ता (वा०)
केवको

on its own motion, has made detailed procedures for long term and short term open access which covers all aspects, which the Regulations direct by way of an amendment. The "Uttar Pradesh Electricity Regulatory Commission (Terms and Conditions for Open Access) (First Amendment) Regulations, 2009 dated 18.6.09", came into force from the date it is notified in the Gazette.

- 10.2.2 The said amendment, which includes procedures for Long-Term Open Access and Short-Term Open Access mainly, focuses on:
- a. Operationalisation of long-term and short-term use of intra-State transmission and distribution system by generating companies including captive plants /renewable energy plants, distribution / trading Licensees and open access customers with sustained development of transmission and distribution systems in 'proper and coordinated' manner for conveyance of electricity.
 - b. Operationalisation of time-block wise accounting of the quantity of electricity transmitted through State grid and stating the responsibilities of STU for weekly metering and of SLDC for scheduling, dispatch and energy accounting including UI accounting.
 - c. Requirement of Bulk Power Transmission Agreement for use of transmission network and Bulk Power Wheeling Agreement for use of distribution network for long-term open access transactions.
- 10.2.3 The Commission has finalized the model Bulk Power Transmission Agreement (BPTA) and Supplementary BPTA for availing transmission services of UPPTCL.
- 10.2.4 The Commission has also finalized model Bulk Power Wheeling Agreement (BPWA) which is to be signed between a Distribution Licensee and long term customer to agree therein, inter alia, to make payment of wheeling charge, surcharge and additional surcharge, if any, for use of the distribution system.

10.3 OPEN ACCESS CHARGES

10.3.1 The Commission in the Tariff Order for UPPTCL has determined the Transmission Charges payable by Open Access users for use of UPPTCL transmission network for transmission of electricity. Similarly, the Commission in this Order has also determined the wheeling charges payable by the Open Access users for utilising the distribution network of the Distribution Licensees for wheeling of electricity.

10.4 WHEELING CHARGES

10.4.1 Clauses 2.1 (2) and (3) of the Distribution Tariff Regulations, 2006 specify that the ARR / Tariff filing by the Distribution Licensee shall separately indicate Aggregate Revenue Requirement (ARR) for Wheeling function and Retail Supply function embedded in the distribution function and that till such time complete segregation of accounts between Wheeling and Retail Supply function takes place, ARR proposals for Wheeling and Retail Supply function shall be submitted on the basis of an allocation statement to be prepared by the Distribution Licensee based on their best judgement.

10.4.2 The Licensee, in its Petition, has followed the allocation in accordance with the approach followed by the Commission in the previous Order. As there is no basis submitted by the Licensee in its filing, the Commission finds merit in considering the allocation into Retail Supply and Wheeling Function as per the methodology adopted in the previous Tariff Order. The allocation of ARR for DVVNL, MVVNL, PVVNL and PuVVNL into wheeling function and retail function as approved by the Commission for FY 2014-15 is as shown in the Table below:

Table 10-1: WHEELING & RETAIL SUPPLY ARR FOR FY 2014-15 (Rs. Crore)

Particulars	Allocation %		Allocation FY 2014-15		
	Wheeling	Supply	Wheeling	Supply	Total
Power Purchase Expenses (incl PGCIL charges)	0%	100%	0.00	30,435.89	30,435.89
Apportionment of O&M Expenses & Interest & Finance Charges of UPPCL	0%	100%	0.00	0.00	0.00
Transmission Charges - Intra state (incl SLDC Charges)	0%	100%	0.00	1,537.63	1,537.63
Gross O&M Expenses			2,019.71	1,004.84	3,024.55

*Determination of ARR and Tariff of DVVNL for FY
2014-15 and True-up of FY 2008-09 to FY 2011-12*

Particulars	Allocation %		Allocation FY 2014-15		
	Wheeling	Supply	Wheeling	Supply	Total
Gross Employee cost	60%	40%	1,121.91	747.94	1,869.86
Gross A&G expenses	40%	60%	113.14	169.72	282.86
Gross R&M expenses	90%	10%	784.65	87.18	871.83
Gross Interest & Finance charges	90%	10%	1,305.33	145.04	1,450.37
Depreciation	90%	10%	1,116.13	124.01	1,240.14
Total Expenditure			4,441.16	33,247.41	37,688.58
Expense capitalization			360.39	157.11	517.50
Employee cost capitalized	60%	40%	168.29	112.19	280.48
Interest capitalized	90%	10%	175.13	19.46	194.59
A&G expenses capitalized	40%	60%	16.97	25.46	42.43
Net Expenditure			4,080.77	33,090.31	37,171.08
Provision for Bad & Doubtful debts	0%	100%	0.00	0.00	0.00
Provision for Contingency Reserve	0%	100%	0.00	0.00	0.00
Total net expenditure with provisions			4,080.77	33,090.31	37,171.08
Add: Return on Equity	90%	10%	0.00	0.00	0.00
Less: Non Tariff Income	0%	100%	0.00	63.75	63.75
Annual Revenue Requirement (ARR)			4,080.77	33,026.55	37,107.32

10.4.3 Based on the above, the wheeling charges for FY 2014-15 are as shown in the Table below:

Table 10-2: WHEELING CHARGES FOR FY 2014-15

S. No	Particulars	Units	Approved FY 2014-15
1	Wheeling ARR	Rs. Crore	4,080.77
2	Retail sales (PVVNL, DVVNL, MVVNL, PuVVNL)	MU	60,708.46
3	Average Wheeling charge	Rs./kWh	0.672

10.4.4 The Commission, in order to encourage Open Access transactions in the State, has further tried to segregate the wheeling charges payable by consumers seeking Open Access based on the voltage levels at which they are connected to the distribution network. However, in absence of voltage level wise break-up of expenses and asset details, the Commission has considered an interim allocation of costs at various voltage levels and approved the following wheeling charges payable by Open Access customers based on the voltage level at which they are connected with the distribution network.

- 10.4.5 The charges have been worked out on the assumption that the wheeling expenses at 11 kV voltage level shall be 80% of the average wheeling charges determined for the Wheeling function of all Distribution Licensees and that for wheeling at voltages above 11 kV shall be 50% of the average wheeling charges. Further, as detailed in the Tariff Order of UPPTCL for FY 2014-15, the Commission has considered the transmission open access charges for short term open access at the same level as approved for Long term open access. Due to substantial use of short-term Open Access, the basis on which the short-term Open Access Charges are being levied in the country have undergone change. This could be observed from the Central Electricity Regulatory Commission (Sharing of Inter State Transmission Charges and Losses) Regulations, 2010 wherein the transmission charges for long-term, medium-term and short-term designated ISTS customers of the transmission system are same. In view of the same the Commission has approved the short term distribution wheeling charges same as long term wheeling charges.

Table 10-3: APPROVED VOLTAGE-WISE WHEELING CHARGES FOR FY 2014-15

S. No.	Particulars	Units	Approved FY 2014-15
1	Connected at 11 kV		
I	Long Term (@ 80% of Average Wheeling Charge)	Rs./kWh	0.538
II	Short Term (@ 80% of Average Wheeling Charge)	Rs./kWh	0.538
2	Connected above 11 kV		
I	Long Term (@ 50% of Average Wheeling Charge)	Rs./kWh	0.336
II	Short Term (@ 50% of Average Wheeling Charge)	Rs./kWh	0.336

- 10.4.6 In addition to the payment of wheeling charges, the customers also have to bear the wheeling losses in kind. The Commission has been seeking voltage level loss data from the utility but the same has not been forthcoming. Further, it is also logical that the open access customers have to bear only the technical losses in the system, and should not be asked to bear any part of the commercial losses.
- 10.4.7 The Commission has estimated that the technical losses at 11 kV voltage level would be in the range of 8% to 9%. As regard the technical losses above 11 kV voltage levels and up to 132 kV, the Petitioner vide letter dated 2nd July, 2014

submitted that the losses at higher voltage levels is around 4% to 5%. Hence, the Commission has decided that the wheeling loss applicable for Open Access transactions entailing drawl at 11 kV voltage level shall be 8%, and that for drawl at voltages above 11 kV voltage level shall be 4%.

- 10.4.8 The open access charges and the losses to be borne by the Open Access customers may be reviewed by the Commission on submission of the relevant information by the Licensee.
- 10.4.9 The wheeling charges determined above shall not be payable if the Open Access customer is availing supply directly from the state transmission network.

10.5 CROSS SUBSIDY SURCHARGE

- 10.5.1 As regards the Cross Subsidy Surcharge, Regulation 6.6 of the Distribution Tariff Regulations, 2006 specifies as follows:

"6.6 Surcharge

1. Till such time the cross subsidies are eliminated, the open access consumer shall pay to the distribution licensee a cross subsidy surcharge in addition to wheeling charges. Surcharge to be levied on the open access consumer shall be determined by the Commission keeping in view the loss of cross-subsidy from the consumers or category of consumers who have opted for open access to take supply from a person other than the incumbent distribution licensee..

2. When open access is allowed the surcharge for the purpose of sections 38, 39, 40 and sub-section 2 of section 42 would be computed as the difference between (i) the tariff applicable to the relevant category of consumers and (ii) the cost of the distribution licensee to supply electricity to the consumers of the applicable class. In case of a consumer opting for open access, the distribution licensee could be in a position to discontinue purchase of power at the margin in the merit order. Accordingly, the cost of supply to the consumer for this purpose may be computed as the

aggregate of (a) the weighted average of power purchase costs (inclusive of fixed and variable charges) of top 5% power at the margin, excluding liquid fuel based generation, in the merit order approved by the UPERC adjusted for average loss compensation of the relevant voltage level and (b) the transmission and distribution wheeling charges as determined in accordance with the UPERC Terms and Conditions for Determination of Distribution and Transmission Tariff Regulations as amended from time to time.

Cross Subsidy Surcharge formula:

$$S = T - [C (1 + L / 100) + D]$$

Where

S is the cross subsidy surcharge

T is the Tariff payable by the relevant category of consumers;

C is the Weighted average cost of power purchase of top 5% at the margin excluding liquid fuel based generation and renewable power

D is the Wheeling charges for transmission and distribution of power.

L is the system Losses for the applicable voltage level, expressed as a percentage

The cross-subsidy surcharge shall be brought down progressively and, as far as possible, at a linear rate to a maximum of 20% of its opening level by the year 2010-11.

...

5. However, in order to facilitate open access, the Commission may adopt a procedure different from the procedure stated above for the calculation of cross subsidy surcharge consistent with the provisions of the EA 2003 and the spirit of the tariff policy after considering the view points of licensee and the open access customer."

- 10.5.2 In the Previous Tariff Order dated 31st May, 2013, the Commission had computed the Cross Subsidy Surcharge as zero using the above formula. The relevant extract of the Commission's Order for FY 2013-14 is reproduced below:

"5.3.3 The Commission has computed the cross subsidy surcharge for the relevant consumer categories using the following formula:

$$S = T - [C (1 + L / 100) + D]$$

Where

S is the cross subsidy surcharge

T is the Tariff payable by the relevant category of consumers;

C is the Weighted average cost of power purchase of top 5% at the margin excluding liquid fuel based generation and renewable power. In case of UP, this works out to Rs. 6.59 /kWh considering the cost of marginal power purchase sources of Anta, Auraiya, Dadri Gas and Rosa Power Project II.

D is the average wheeling charges for transmission and distribution of power which is Rs. 0.620 /kWh

L is the system losses for the applicable voltage level, expressed as a percentage, which is computed as 28%.

5.3.4 The cross subsidy surcharge computed by Commission for relevant categories works out to be Nil."

- 10.5.3 The Petitioner, in a separate Petition, submitted that the Cross Subsidy Surcharge computed as per the formula specified in the Regulations would always work out to be zero for the Licensees of the State of Uttar Pradesh, because the weighted average power purchase cost of top 5% at margin after adding the intra-State transmission tariff and distribution losses comes out to be more than the average realization from the HT category. The Petitioner

further submitted that a zero Cross Subsidy Surcharge implies that the present tariff structure does not have cross subsidy, which is incorrect.

- 10.5.4 It may further be noted that in the absence of the voltage-wise losses, the Commission in its Tariff Order dated 31st May, 2013, considered "L", i.e., the system losses as the total losses for the entire Distribution System, which resulted in "nil" Cross Subsidy Surcharge.
- 10.5.5 As a result, the Distribution Licensees have been resisting open access, due to the fear of losing their high paying consumers without getting any Cross Subsidy Surcharge for the same. The Commission, in its In-house Paper, based on the assumption that the power purchase, which could be avoided in case of migration of a consumer to open access is the short-term power purchase and not the long-term power purchase for which the Licensees have signed the PPAs and is liable to pay the fixed charges, proposed to compute Cross Subsidy Surcharge considering "C" (cost of power) as Rs. 5 per kWh, which is the weighted average rate of short-term power purchase as submitted by the Petitioner. The Commission considered the Losses for the consumers connected at High Voltage network as 7.80%. The Petitioner also agreed with the Commission's approach, as the computed CSS was working out to Rs. 1.47 / kWh for consumers of HV-2 category at loss level of around 7.80%. The Petitioner, in its letter dated 2nd July, 2014, submitted that the actual loss level would be around 4% to 5%.
- 10.5.6 The Commission has gone through the submissions made by the Distribution Licensee. However, as the approach proposed in the In-house Paper would be in variation to the approach specified in the Regulations, the Commission has computed the Cross Subsidy Surcharge in accordance with the methodology specified in Clause 6.6 of Distribution Tariff Regulations, 2006.
- 10.5.7 As per Clause 6.6, the Cross Subsidy Surcharge is to be computed based on the difference between (i) the tariff applicable to the relevant category of consumers and (ii) the cost of the Distribution Licensee to supply electricity to the consumers of the applicable class. In case of a consumer opting for open access, the Distribution Licensee could be in a position to discontinue purchase of power at the margin in the merit order. Accordingly, the Commission has computed the cost of supply to the consumer for this

purpose as the aggregate of (a) the weighted average of power purchase costs (inclusive of fixed and variable charges) of top 5% power at the margin, excluding renewable and liquid fuel based generation, adjusted for average loss compensation of the relevant voltage level, and (b) the distribution wheeling charges as determined in the preceding section.

- 10.5.8 The Commission has computed the Cross Subsidy Surcharge for the relevant consumer categories using the following formula:

$$S = T - [C (1 + L / 100) + D]$$

Where

S is the cross subsidy surcharge

T is the Tariff payable by the relevant category of consumers;

C is the Weighted average cost of power purchase of top 5% at the margin excluding liquid fuel based generation and renewable power. In case of UP, this works out to Rs. 6.38 / kWh considering the cost of marginal power purchase sources of Bajaj Hindustan, Harduaganj and Rosa Power Project I.

D is the wheeling charges.

L is the system losses for the applicable voltage level, expressed as a percentage, which is considered as 4% for HT Categories (above 11 KV) and 8% for HT Categories (at 11 KV).

- 10.5.9 The cost of the Distribution Licensee to supply electricity to the consumers of the HV-2 category (above 11 KV) and HV-2 category (at 11 KV) is working out as shown in the Table below:

Table 10-4: COST OF SUPPLY APPROVED BY THE COMMISSION FOR FY 2014-15

S No.	Categories	Wheeling Charge (D)	Wt. Avg. Power Purchase Cost (C)	System Loss (L)	Total Cost
1	HV Categories above 11 KV	0.336	6.376	4.00%	6.968
2	HV Categories at 11 KV	0.538	6.376	8.00%	7.424

- 10.5.10 The impact of migration / shifting of consumers from the network of the incumbent Distribution Licensee on the consumer mix and revenues of a particular Distribution Licensee shall be reviewed by the Commission from time to time as may be considered appropriate.
- 10.5.11 The Commission has approved levy of Regulatory Surcharge for recovery of cumulative regulatory asset created for the Licensee, which is a part of the tariff charged to different consumer categories. Hence, the Cross Subsidy Surcharge has been computed by subtracting the avoidable cost of supply for the Open Access consumers from the tariff applicable for the relevant consumer, which also includes the applicable Regulatory Surcharge.
- 10.5.12 The category-wise Cross Subsidy Surcharge approved by the Commission for FY 2014-15 is as given in the Table below:

**Table 10-5: CROSS SUBSIDY SURCHARGE APROVED BY THE COMMISSiSON FOR
FY 2014-15**

S No.	Categories	Average Billing Rate	Average Billing Rate (inclusive of Regulatory Surcharge) "T"	Cost of Supply for computing CSS	Cross Subsidy Surcharge "CSS"
1	HV-1 (Supply at 11 kV)	8.35	8.79	7.424	1.37
2	HV-1 (Supply above 11 kV)	7.33	7.71	6.968	0.74
3	HV-2 (Supply at 11 kV)	7.77	8.18	7.424	0.75
4	HV-2 (Supply above 11 kV)	7.07	7.44	6.968	0.47
5	HV-3 (Supply above 11 kV)	7.30	7.68	6.968	0.72
6	HV-4 (Supply at 11 kV)	7.67	8.07	7.424	0.64
7	HV-4 (Supply above 11 kV)	7.33	7.71	6.968	0.74

10.6 ADDITIONAL SURCHARGE

- 10.6.1 It has been observed by the Commission that there has been considerable amount of load shedding which implies that there is a power deficit scenario. In such a case if any consumer avails open access, the Licensee does not really have to reduce the power procurement from the tied up sources. The distribution licensee in such a scenario still has large number of consumers to whom the available electricity can be supplied and there will not be any

stranded costs. Considering the above, the Commission has approved additional surcharge for FY 2014-15 as Nil (zero).

10.7 OTHER CHARGES

- 10.7.1 The Commission to encourage the Open access in the State rules that the standby charges, grid support charges and parallel operations charges shall be zero in case of Open Access consumers.

5 OPEN ACCESS CHARGES

5.1 BACKGROUND:

5.1.1 The Commission has issued Uttar Pradesh Electricity Regulatory Commission (Terms and Conditions for Open Access) Regulations, 2004 (in short 'UPERC Open Access Regulations') vide notification no. UPERC/Secy./Regulations/05-249 dated 7th June, 2005 to operationalize long term and short term open access in the state. The Regulations also provides that effective from 1st April, 2008 any consumer with demand of above 1 MW can avail open access of transmission and distribution systems.

5.1.2 Subsequently, the Commission has also made / finalized the necessary regulatory framework as below:

- a. UPERC (Terms and Conditions for Open Access) (First Amendment) Regulations, 2009 that includes among others detailed procedure(s) for Long-Term Open Access and Short-Term Open Access for use of distribution system, with or without transmission system;
- b. Model Bulk Power Wheeling Agreement (BPWA) for availing wheeling services of Distribution Licensee(s);
- c. Procedures for Scheduling, Dispatch, Energy Accounting, UI Accounting and Settlement System of electricity transmitted through the State grid for the electricity drawn by Distribution Licensee(s) from outside and / or within the State.

Further, the Commission has also advised the SLDC to develop procedure for energy accounting of electricity drawn from the grid by an open access consumer who is connected with the distribution system or electricity injected into the grid by a generating station embedded in the distribution system.

5.2 WHEELING CHARGES

5.2.1 Clause 2.1 (2) & (3) of the Distribution Tariff Regulations provide that ARR / Tariff filing by the Distribution Licensee shall separately indicate Aggregate Revenue Requirement (ARR) for Wheeling function and Retail Supply function embedded in

the distribution function and that till such time complete segregation of accounts between Wheeling and Retail Supply function takes place, ARR proposals for Wheeling and Retail Supply function shall be submitted on the basis of an allocation statement left to be prepared by the Distribution Licensee to the best of their judgment.

5.2.2 The Licensee in its petition has followed the segregation in accordance with the approach followed by the Commission in the previous Order. As there is no basis submitted by the Licensee in its filing, the Commission finds merit to consider the segregation into Retail Supply and Wheeling Function as per the methodology adopted in previous Tariff Order. The approved ARR for DVVNL, MVVNL, PVVNL and PuVVNL into wheeling function and retail function is Rs. 3,601.49 crores and Rs. 31,940.13 crores respectively as detailed below. The retail sales approved by Commission for DVVNL, MVVNL, PVVNL and PuVVNL are 58,058 MUs.

Table 5-1: WHEELING & RETAIL SUPPLY ARR FOR FY 2013-14

S. No	Particulars	Approved FY 2013-14 (Rs. Crores)	Allocation ratios		Allocation FY 2013-14 (Rs. Crores)	
			Wheeling	Supply	Wheeling	Supply
1	Power Purchase Expense (including PGCIL charges)	29,953.16	0%	100%	-	29,953.16
2	Transmission Charges: Intra state (including SLDC)	1,029.95	0%	100%	-	1,029.95
3	Employee cost	1,880.83	60%	40%	1,128.50	752.33
4	A&G expenses	251.96	40%	60%	100.78	151.18
5	R&M expenses	692.28	90%	10%	623.05	69.23
6	Interest & Finance charges	1,064.30	90%	10%	957.87	106.43
7	Depreciation	1,157.17	90%	10%	1,041.45	115.72
8	Total Expenditure	36,029.65			3,851.65	32,177.99
	Less Expense capitalization					
9	<i>Employee cost capitalized</i>	282.13	60%	40%	169.28	112.85
10	<i>Interest capitalized</i>	37.79	90%	10%	34.01	3.78
11	<i>A&G expenses capitalized</i>	117.19	40%	60%	46.87	70.31
12	Net Expenditure	35,592.54			3,601.49	31,991.05
	Add Special Appropriations					
13	<i>Provision for Bad & Doubtful debts</i>	-	0%	100%	-	-

Determination of ARR and Tariff of DVVNL

S. No	Particulars	Approved FY 2013-14 (Rs. Crores)	Allocation ratios		Allocation FY 2013-14 (Rs. Crores)	
			Wheeling	Supply	Wheeling	Supply
14	Provision for Contingency Reserve	-	0%	100%	-	-
15	Other (Misc.) - Net Prior Period Credit	-	0%	100%	-	-
16	OTS Waivers	-	0%	100%	-	-
17	Total net expenditure with provisions	35,592.54			3,601.49	31,991.05
18	Add: Return on Equity	-	90%	10%	-	-
19	Less: Non Tariff Income	50.93	0%	100%	-	50.93
20	Annual Revenue Requirement (ARR)	35,541.62			3,601.49	31,940.13

5.2.3 Based on the above, the wheeling charges for FY 2013-14 are Rs. 0.620 /kWh as detailed in below:

Table 5-2: WHEELING CHARGES FOR FY 2013-14

S. No	Particulars	Units	Approved FY 2013-14
1	Wheeling ARR	Rs. Crores	3,601.49
2	Retail sales	MU	58,058
3	Average Wheeling charge	Rs./kWh	0.620

5.2.4 The Commission in order to encourage Open Access transactions in the State has further tried to segregate the wheeling charges payable by consumers seeking Open Access based on the voltage levels at which they are connected to the distribution network. However, in absence of voltage level wise break-up of expenses and asset details, the Commission has considered an interim allocation of costs at various voltage levels and approved the following wheeling charges payable by Open Access customers based on the voltage level at which they are connected with the distribution network.

5.2.5 The charges have been worked out on the assumption that the wheeling expenses at 11 kV voltage level shall be 80% of the average wheeling charges determined for the Wheeling function of all Discoms and that for wheeling at

voltages above 11 kV shall be 50% of the average wheeling charges. The wheeling charges for the short term open access customers have been assumed at 25% of Long term charges.

Table 5-3: APPROVED VOLTAGE-WISE WHEELING CHARGES FOR FY 2013-14

S. No.	Particulars	Units	Approved FY 2013-14
1	Connected at 11 kV		
i	Long Term (@ 80% of Average Wheeling Charge)	Rs./kWh	0.496
ii	Short Term (@ 25% of Long Term Charges)	Rs./kWh	0.124
2	Connected above 11 kV		
i	Long Term (@ 50% of Average Wheeling Charge)	Rs./kWh	0.310
ii	Short Term (@ 25% of Long Term Charges)	Rs./kWh	0.078

- 5.2.6** In addition to the payment of wheeling charges, the customers also have to bear the wheeling losses in kind. The Commission has been seeking voltage level loss data from the utility but the same has not been forthcoming. Further, it is also logical that the open access customers have to bear only the technical losses in the system, and should not be asked to bear any part of the commercial losses.
- 5.2.7** The Commission has estimated that the technical losses at 11 kV voltage level would be in the range of 8% to 9%, and the technical losses above 11 kV voltage level and up to 132 kV would be in the range of 7% to 8%. Hence, the Commission has decided that the wheeling loss applicable for Open Access transactions entailing drawl at 11 kV voltage level shall be 8%, and that for drawl at voltages above 11 kV voltage level shall be 7%.
- 5.2.8** The open access charges and the losses to be borne by the Open Access customers may be reviewed by the Commission on submission of the relevant information by the Licensee.
- 5.2.9** The wheeling charges determined above shall not be payable if the Open Access customer is availing supply directly from the state transmission network.

5.3 CROSS SUBSIDY SURCHARGE

5.3.1 The Commission has computed the cross-subsidy surcharge for Open Access consumers in accordance with the methodology specified in Clause 6.6 of Distribution Tariff Regulations.

5.3.2 As per Clause 6.6, the cross subsidy surcharge is to be computed based on the difference between (i) the tariff applicable to the relevant category of consumers and (ii) the cost of the Distribution Licensee to supply electricity to the consumers of the applicable class. In case of a consumer opting for open access, the Distribution Licensee could be in a position to discontinue purchase of power at the margin in the merit order. Accordingly, the Commission has computed the cost of supply to the consumer for this purpose as the aggregate of (a) the weighted average of power purchase costs (inclusive of fixed and variable charges) of top 5% power at the margin, excluding liquid fuel based generation, in the merit order approved by the UPERC adjusted for average loss compensation of the relevant voltage level and (b) the distribution wheeling charges as determined in the preceding section.

5.3.3 The Commission has computed the cross subsidy surcharge for the relevant consumer categories using the following formula:

$$S = T - [C (1 + L / 100) + D]$$

Where

S is the cross subsidy surcharge

T is the Tariff payable by the relevant category of consumers;

C is the Weighted average cost of power purchase of top 5% at the margin excluding liquid fuel based generation and renewable power. In case of UP, this works out to Rs. 6.59 /kWh considering the cost of marginal power purchase sources of Anta, Auraiya, Dadri Gas and Rosa Power Project II.

D is the average wheeling charges for transmission and distribution of power which is Rs. 0.620 /kWh

L is the system losses for the applicable voltage level, expressed as a percentage, which is computed as 28%.

5.3.4 The cross subsidy surcharge computed by Commission for relevant categories works out to be Nil.

5.3.5 The impact of migration of consumers from the network of the incumbent Distribution Licensee on the consumer mix and revenues of a particular Distribution Licensee shall be reviewed by the Commission from time to time as may be considered appropriate.

5.4 ADDITIONAL SURCHARGE

5.4.1 For the present order, additional surcharge is determined to be zero

5.5 OTHER CHARGES

5.5.1 The Open Access Regulations, 2008 notified by CERC specifies:

“Unless specified otherwise by the concerned State Commission, UI rate for intra-State entity shall be 105% (for over-drawls or under generation) and 95% (for under-drawls or over generation) of UI rate at the periphery of regional entity.”

And which further provides that:

“In an interconnection (integrated A.C. grid), since MW deviations from schedule of an entity are met from the entire grid, and the local utility is not solely responsible for absorbing these deviations, restrictions regarding magnitude of deviations (except on account of over-stressing of concerned transmission or distribution system), and charges other than those applicable in accordance with these regulation (such as standby charges, grid support charges, parallel operation charges) shall not be imposed by the State Utilities on the customers of inter-State open access.”

The Commission prescribes to the philosophy specified by CERC for the Unscheduled Interchange and also rules that the standby, grid support and parallel operations charges shall be **zero** in case of Open Access consumer.

6 TARIFF PHILOSOPHY

6.1 CONSIDERATIONS IN TARIFF DESIGN

- 6.1.1** Section 62 of the Electricity Act 2003, read with Section 24 of the Uttar Pradesh Electricity Reform Act, 1999 sets out the overall principles for the Commission to determine the final tariffs for all categories of consumers defined and differentiated according to consumer's load factor, power factor, voltage, total consumption of energy during any specified period or the time at which supply is required or the geographical position of any area, nature of supply and the purpose for which the supply is required. The overall mandate of the statutory legislations to the Commission is to adopt factors that will encourage efficiency, economical use of the resources, good performance, optimum investments and observance of the conditions of the License.
- 6.1.2** The linkage of tariffs to cost of service and elimination of cross-subsidies is an important feature of the Electricity Act, 2003. Section 61 (g) of the Electricity Act, 2003 states that the tariffs should progressively reflect the cost of supply and it also requires the Commission to reduce cross subsidies within a timeframe specified by it. The need for progressive reduction of cross subsidies has also been underlined in Sections 39, 40 and 42 of the Electricity Act, 2003. The Tariff Policy also advocates for adoption of average cost of supply, which should be taken as reference point for fixing the tariff bands for different categories.
- 6.1.3** The Commission has determined the retail tariff for FY 2013-14 in view of the guiding principles as stated in the Electricity Act, 2003 and Tariff Policy. The Commission has also considered the comments / suggestions / objections of the stakeholders and public at large while determining the tariffs. The Commission in its past Orders has laid emphasis on adoption of factors that encourages economy, efficiency, effective performance, autonomy, regulatory discipline and improved conditions of supply. On these lines, the Commission, in this Order too, has applied similar principles keeping in view the ground realities.
- 6.1.4** As regards to the linkage of Tariff with the Cost of Service, the Distribution Tariff Regulations state as follows:
-

"1. The tariffs for various categories / voltages shall progressively reflect Licensee's cost to serve a particular category at a particular voltage. Allocation of all costs prudently incurred by the Distribution Licensee to different category of consumers shall form the basis of assessing cost to serve of a particular category. Pending availability of information that reasonably establishes the category-wise / voltage-wise cost to serve, average cost of supply shall be used for determining tariffs taking into account the fact that existing cross subsidies will be reduced gradually. Every Licensee shall provide to the Commission an accurate cost to serve study for its area. The category-wise/ voltage wise cost to serve should factor in such characteristics as supply hours, the load factor, voltage, extent of technical and commercial losses etc.

2. To achieve the objective that the tariff progressively reflects the cost of supply of electricity, the Commission may notify a roadmap with a target that latest by the end of year 2010-2011 tariffs are within $\pm 20\%$ of the average cost of supply. The road map shall also have intermediate milestones, based on the approach of a gradual reduction in cross subsidy."

- 6.1.5** In terms of the Distribution Tariff Regulations, Tariff Policy and the Electricity Act, 2003, the Commission opines that in the ideal scenario, the tariff of any category should be linked to the cost imposed on the system by the said category. In this regard, the Commission has been directing the Licensee to conduct Cost of Service studies to have a tool for alignment of costs and charges. The Licensee has not submitted any details regarding the cost of service studies for each category or voltage level. The paucity of data in this regard has restricted the Commission in establishing a linkage of tariff to average cost of supply.
- 6.1.6** Accordingly, while determining the tariff for each category, the Commission has looked into the relationship between the tariff and the overall average cost of supply for FY 2013-14. In case the tariff is at / near 120% of the average cost of supply, no increase has been approved, as they are already at maximum end of the band. However, effort has been made to move the tariff of appropriate consumer categories, towards the band to meet the declared objectives of the Distribution Tariff Regulations, Tariff Policy and the Electricity Act, 2003.

- 6.1.7 In view of the above, the Commission has determined the retail tariff keeping in the mind the guiding principles as stated in Section 61 of the Electricity Act, 2003. The accumulated gap of FY 2013-14 for Consolidated Discoms¹ is Rs. 3,654 crores². An increase in tariff is inevitable keeping in view the increase in cost of supply over the period and resultant poor cost coverage and in the absence of cost reflective tariff. Therefore the Commission has decided to increase the tariff as detailed in the subsequent sections to ensure part recovery of revenue gap.
- 6.1.8 It is a fact that despite categorical provision under Electricity Act, 2003 to necessarily achieve 100% metering, large chunk of rural consumers are still un-metered in the State. In Uttar Pradesh, predominant proportion of rural consumers either in domestic category (LMV-1) or in commercial (LMV-2) and pump set (LMV-5) category continue to be billed under un-metered category. The situation cannot be changed overnight however; the Commission feels that unless very clear incentives and disincentives are build into the system, the vision of universal metering would remain merely a wishful and glorious intention of the legislature.
- 6.1.9 The Commission in its pursuit of achieving the mandate of 100% metering is consciously increasing the tariff of un-metered consumers' vis-à-vis metered consumers to discourage unmetered connections. In this regard, the Commission has increased the rates for unmetered category in LMV-1 (Domestic Light, Fan and Power), LMV-2 (Non Domestic Light, Fan and Power), LMV-3 (Public Lamps), LMV-5 (Small Power for Private Tube Wells / Pumping Sets for Irrigation Purposes), LMV-8 (State Tube Wells / Panchayati Raj Tube Well and Pumped Canals) and LMV-10 (Departmental Employees and Pensioners). Therefore, impetus to metering is at the nucleus of present rate design.
- 6.1.10 There has been no hike in the tariffs of urban metered consumers since the last three years. However, the cost of supply has gone up tremendously in the last few years. Accordingly, the Commission has increased the tariffs for other metered

¹ DVVNL, MVVNL, PVVNL and PuVVNL

² Taking into consideration the revenue gap of Rs. 1,166 crores for FY 2013-14 and Revenue gap of Rs. 2,487.93 crores consequent to final truing up for FY 2000-01 to 2007-08

domestic consumers. The Commission has also created a new slab for consumers having monthly consumption above 500 units.

- 6.1.11** The Commission understands that the lifeline consumers are one of the most disadvantaged consumers of the State and considering this, the Commission has only increased their rates marginally.
- 6.1.12** The LMV-2 (Non Domestic Light, Fan and Power) and LMV-6 (Small and Medium Power) contribute significantly to the revenue stream of the Licensee. With advanced technological intervention and substantial investments being undertaken by the Licensees' under R-APDRP works, etc, the application of minimum charges on LMV-2 (Non Domestic Light, Fan and Power) and LMV-6 (Small and Medium Power) categories has been withdrawn.
- 6.1.13** As in the previous Tariff Order of FY 2012-13 dated 19th October, 2012, a good rise was given to tariffs of HV-2 (Large and Heavy Power) category. Since the tariff of such category of consumers is already above cost of service, they have been spared from any tariff revision.
- 6.1.14** The applicability, character and point of supply and other terms & conditions of different consumer categories have been defined in the Rate Schedule given in **ANNEXURE 10.2**. In case of any inconformity, the Rate schedule shall prevail over the details given in the various sections of this Order.

7. OPEN ACCESS CHARGES

7.1 BACKGROUND:

7.1.1 The Commission has issued Uttar Pradesh Electricity Regulatory Commission (Terms and Conditions for Open Access) Regulations, 2004 (in short 'UPERC Open Access Regulations') vide notification no. UPERC/Secy./Regulations/05-249 dated 7.6.05 to operationalize long term and short term open access in the state. The Regulations also provides that effective from 1st April, 2008 any consumer with demand of above 1 MW can avail open access of transmission and distribution systems.

7.1.2 Subsequently, the Commission has also made / finalized the necessary regulatory framework as below:

- a. UPERC (Terms and Conditions for Open Access) (First Amendment) Regulations, 2009 that includes among others detailed procedure(s) for Long-Term Open Access and Short-Term Open Access for use of distribution system, with or without transmission system;
- b. Model Bulk Power Wheeling Agreement (BPWA) for availing wheeling services of distribution licensee(s);
- c. Procedures for Scheduling, Despatch, Energy Accounting, UI Accounting and Settlement System of electricity transmitted through the State grid for the electricity drawn by distribution licensee(s) from outside and/or within the State.

Further, the Commission has also directed SLDC to develop procedure for energy accounting of electricity drawn from the grid by an open access consumer who is connected with the distribution system or electricity injected into the grid by a generating station embedded in the distribution system.

7.2 WHEELING CHARGES

7.2.1 Clause 2.1 (2) & (3) of the Distribution Tariff Regulations provide that ARR / Tariff filing by the Distribution Licensee shall separately indicate Aggregate Revenue Requirement (ARR) for Wheeling function and Retail Supply function embedded in the distribution function and that till such time complete segregation of accounts between Wheeling and Retail Supply function takes place, ARR proposals for Wheeling and Retail Supply function shall be submitted on the basis of an allocation statement left to be prepared by the distribution licensee to the best of their judgment.

7.2.2 The Petitioner in its petition has followed the segregation in accordance with the approach followed by the Commission in the previous order. As there is no basis submitted by the Petitioner in its filing the Commission finds merit to consider the segregation into Retail Supply and Wheeling Function as per the methodology adopted in previous tariff order. The approved ARR for DVVNL, MVVNL, PuVVNL & PaVVNL into wheeling function and retail function is Rs. 3,269 Crores and Rs. 25,911 Crores respectively as detailed below. The retail sales approved by Commission for DVVNL, MVVNL, PuVVNL & PaVVNL are 49,652 MUs.

Table 7-1: WHEELING & RETAIL SUPPLY ARR FOR FY 2012 - 13 (Rs. Crores)

S.No.	Particulars	Approved FY 2012-13 (Rs.crs)	Allocation ratios		Allocation FY 2012-13 (Rs.crs)	
			Wheeling	Supply	Wheeling	Supply
1	Power Purchase Exp. (incl PGCIL charges)	24,035.19	0%	100%	-	24,035.19
2	Transmission Ch.: Intra state (incl SLDC)	1,158.90	0%	100%	-	1,158.90
3	Employee cost	1,741.99	60%	40%	1,045.19	696.80
4	A&G expenses	162.72	40%	60%	65.09	97.63
5	R&M expenses	607.05	90%	10%	546.35	60.71
6	Interest & Finance charges	876.23	90%	10%	788.61	87.62
7	Depreciation	1,146.99	90%	10%	1,032.29	114.70
8	Total Expenditure	29,729.08			3,477.53	26,251.55
Less	Expense capitalization	331.93			208.14	123.79
9	Employee cost capitalized	261.30	60%	40%	156.78	104.52
10	Interest capitalized	46.22	90%	10%	41.60	4.62
11	A&G expenses capitalized	24.41	40%	60%	9.76	14.65
12	Net Expenditure	29,397.15			3,269.39	26,127.76
Add	Special Appropriations	-			-	-
13	Provision for Bad & Doubtful debts	-	0%	100%	-	-
14	Provision for Contingency Reserve	-	0%	100%	-	-
15	Other (Misc.) - Net Prior Period Credit	-	0%	100%	-	-
16	OTS Waivers	-	0%	100%	-	-
17	Total net expenditure with provisions	29,397.15			3,269.39	26,127.76
18	Add: Return on Equity	-	90%	10%	-	-
19	Less: Non Tariff Income	217.00	0%	100%	-	217.00
20	Annual Revenue Requirement (ARR)	29,180.15			3,269.39	25,910.76

7.2.3 Based on the above, the wheeling charges for FY 2012 - 13 are Rs. 0.658 /kWh (11% increase over Rs. 0.594 /kWh which was approved in previous tariff order for FY 2009 - 10) as detailed in below:

Table 7-2: WHEELING CHARGES FOR FY 2012 - 13

S.No.	Particulars	Units	Approved
1	Wheeling ARR	Rs. crs	3,269.39
2	Retail sales	MU	49,652
3	Average Wheeling charge	Rs. /unit	0.658

- 7.2.4 The Commission in order to encourage Open Access transactions in the State has further tried to segregate the wheeling charges payable by consumers seeking Open Access based on the voltage levels at which they are connected to the distribution network. However, in absence of voltage level wise break-up of expenses and asset details, the Commission has considered an interim allocation of costs at various voltage levels and approved the following wheeling charges payable by Open Access customers based on the voltage level at which they are connected with the distribution network.
- 7.2.5 The charges have been worked out on the assumption that the wheeling expenses at 11 kV voltage level shall be 80% of the average wheeling charges determined for the Wheeling function of all DISCOMS and that for wheeling at voltages above 11 kV shall be 50% of the average wheeling charges. The wheeling charges for the short term open access customers have been assumed at 25% of Long term charges.

Table 7-3: APPROVED VOLTAGE-WISE WHEELING CHARGES FOR FY 2012 - 13

S.No.	Particulars	Units	Approved
1	Connected at 11 kV		
i	Long Term (@ 80% of Avg wheeling charge)	Rs./unit	0.527
ii	Short Term (@ 25% of Long Term charges)	Rs./unit	0.132
2	Connected above 11 kV		
i	Long Term (@ 50% of Avg wheeling charge)	Rs./unit	0.329
ii	Short Term (@ 25% of Long Term charges)	Rs./unit	0.082

- 7.2.6 In addition to the payment of wheeling charges, the customers also have to bear the wheeling losses in kind. The Commission has been seeking voltage level loss data from the utility but the same has not been forthcoming. Further, it is also logical that the open access customers have to bear only the technical losses in the system, and should not be asked to bear any part of the commercial losses.
- 7.2.7 The Commission has estimated that the technical losses at 11 kV voltage level would be in the range of 8% to 9%, and the technical losses above 11 kV voltage level and upto 132 kV would be in the range of 7% to 8%. Hence, the Commission has decided that the wheeling loss applicable for Open Access transactions entailing drawal at 11 kV voltage level shall be 8%, and that for drawal at voltages above 11 kV voltage level shall be 7%.

7.2.8 The open access charges and the losses to be borne by the Open Access customers may be reviewed by the Commission on submission of the relevant information by the licensee.

7.2.9 The wheeling charges determined above shall not be payable if the Open Access customer is availing supply directly from the state transmission network.

7.3 CROSS SUBSIDY SURCHARGE

7.3.1 The Commission has computed the cross-subsidy surcharge for Open Access consumers in accordance with the methodology specified in clause 6.6 of UPERC (Terms and Conditions for Determination of Distribution Tariff) Regulation-2006.

7.3.2 As per clause 6.6, the cross subsidy surcharge is to be computed based on the difference between (i) the tariff applicable to the relevant category of consumers and (ii) the cost of the distribution licensee to supply electricity to the consumers of the applicable class. In case of a consumer opting for open access, the distribution licensee could be in a position to discontinue purchase of power at the margin in the merit order. Accordingly, the Commission has computed the cost of supply to the consumer for this purpose as the aggregate of (a) the weighted average of power purchase costs (inclusive of fixed and variable charges) of top 5% power at the margin, excluding liquid fuel based generation, in the merit order approved by the UPERC adjusted for average loss compensation of the relevant voltage level and (b) the distribution wheeling charges as determined in the preceding section.

7.3.3 The Commission has computed the cross subsidy surcharge for the relevant consumer categories using the following formula:

$$S = T - [C (1 + L / 100) + D]$$

Where

S is the cross subsidy surcharge

T is the Tariff payable by the relevant category of consumers;

C is the Weighted average cost of power purchase of top 5% at the margin excluding liquid fuel based generation and renewable power. In case of UP, this works out to Rs. 4.43 /kWh considering the cost of marginal power purchase sources of Rosa Power Project II, Dadri Thermal, Kahalgaon St.II Ph.I and Anpara 'C'.

D is the average wheeling charges for transmission and distribution of power which is Rs. 0.658 /kWh

L is the system Losses for the applicable voltage level, expressed as a percentage, which is computed as 30%.

7.3.4 The Cross subsidy surcharge for all relevant categories as computed is Nil.

7.3.5 The impact of migration of consumers from the network of the incumbent distribution licensee on the consumer mix and revenues of a particular distribution licensee shall be reviewed by the Commission from time to time as may be considered appropriate.

7.4 ADDITIONAL SURCHARGE

7.4.1 For the present order, additional surcharge is determined to be zero

7.5 OTHER CHARGES

7.5.1 The Open Access Regulations, 2008 notified by CERC specifies:

“Unless specified otherwise by the concerned State Commission, UI rate for intra-State entity shall be 105% (for over-drawals or under generation) and 95% (for under-drawals or over generation) of UI rate at the periphery of regional entity.”

And which further provides that:

“In an interconnection (integrated A.C. grid), since MW deviations from schedule of an entity are met from the entire grid, and the local utility is not solely responsible for absorbing these deviations, restrictions regarding magnitude of deviations (except on account of over-stressing of concerned transmission or distribution system), and charges other than those applicable in accordance with these regulation (such as standby charges, grid support charges, parallel operation charges) shall not be imposed by the State Utilities on the customers of inter-State open access.”

7.5.2 The Commission prescribes to the philosophy specified by CERC for the Unscheduled Interchange and also rules that the standby, grid support and parallel operations charges shall be zero in case of Open Access consumer.

No: 114) /RAU/SUPPLY CODE

Dated : 26-4-2014

SUB : Comments over Proposed Amendments in Electricity Supply Code.

Secretary,
U.P. Electricity Regulatory Commission,
Kisan Mandi Bhawan, II Floor,
Gomti Nagar,
Lucknow-226010.

Sir,

Kindly refer to the Commission's letter no. UPERC/VCA/2014-045 dated 7/09-04-2014 vide which the Hon'ble UPERC has sought comments of licensee over proposed amendments/addendums in Electricity Supply Code on various issues.

The desired comments of licensee is hereby enclosed for the kind perusal of the Commission.

Encl : As above.

Yours faithfully,

(Mohd. Ghuffran)
Advisor & Chief Engineer (RAU)

V Amendment of Electricity Supply Code, 2005

S.N.	Issues	Proposed by UPPCL	In house comments of UPERC	Comments of licensee over In house comment of UPERC
1.	<u>Temporary Supply</u> Existing 4.10 (i) Provided in the case of construction of building colonies/multi-storey complexes etc., the period of temporary supply can be extended beyond 2 years subject to maximum of six months in exceptional circumstances at the discretion of licensee	<u>Proposed by UPPCL</u> <u>Temporary Supply</u> Existing 4.10 (i) Provided in the case of construction of building colonies/multi-storey complexes etc., the period of such temporary supply can be extended beyond 2 years with the approval of the Managing Director of licensee.	In most of the cases the construction of buildings in colonies, multistoried buildings and large complexes take much time than the stipulated time of 2 and ½ years so the amendment is proposed by UPPCL. 4.10 (i) "Provided in the case of construction of building colonies/multi-storey complexes etc., the period of such temporary supply can be extended beyond 4 years up to 6 years with the approval of the Superintending Engineer and beyond 6 years with the approval of Chief Engineer."	The proposal for deciding the duration of temporary connection for multistoried buildings/large complexes as proposed at 4.10(i) needs to be amended first from existing 2 ½ years to 4 years. However, for periods beyond 4 years, the in house comment of UPERC is acceptable.
2.	<u>Billing during defective period of meter</u> The issues of clarification regarding clause 5.7 of Electricity Supply Code regarding preparation of bills for the period where meter is defective and supply has not been provided by the licensees prepared by different division on different grounds. The applicants submit that the amount of units assessed on the consumer cannot be more than the units Recorded by the double pole metering system. 5.7 (d), (e) and (f) states as follows: (d) The Consumer shall be billed, for the period between the date of last reading and the date of replacement of		In reference to clause 5.7 (d), (e) and (f) it is clarified that in case of defective meter while calculating average consumption & demand of the consumer, for the period between the date of last reading and the date of replacement of the defective meter, where double metering system is available and is working in healthy condition, the reading of double pole meter/Substation meter/audit meter shall be considered for billing purposes on per day basis in that particular month. The difference in consumer meter & double pole meter for previous 3 month is also to be taken into account.	The proposed methodology for calculation of consumption & demand is acceptable. However for installations where pole meter is not available, reference meter may be substitution / audit meter for the calculation of previous 3 months' consumption & demand. Further it is to submit that before making such provision, the CEA Regulations may also be accounted for.

Signature

Chief Engineer (R.A.S.)
UPPCL, Shakti Bhawan, Etawah
14-Ashok Marg, Lucknow.

the defective meter, on the basis of average consumption and average maximum demand of three billing cycles prior to the last reading. The provisional bills, if any issued, shall be accordingly adjusted.

(e) In case where the recorded consumption of past three billing cycles prior to the date meter became defective is either not available or partially available, the consumption pattern as obtained from consumption of the new/repaired meter for three billing cycles shall be taken for estimation of consumption.

(f) While calculating the average consumption, due consideration of seasonality of load shall be made and in such cases consumption of previous year for same period shall be taken. Due cognizance to consumption during closure of industry due to shut down/ maintenance of plant shall be given by through check meters during such closure period.

Billable Demand

3.

- The billable demand is not mentioned in the Tariff order and Electricity Supply Code. It is requested by the consumer to clarify it.
- Billable Demand:
The billable demand shall be calculated as
Difference of Current month cumulative Demand and last month cumulative demand if
The difference of the cumulative demand is less than 75% of the contracted demand then 75 % of the contracted demand shall be calculated billable demand.

The 'Billable Demand' is defined as the difference of the Cumulative Maximum Demand appearing in the current month and the Cumulative Maximum Demand of the previous month.

Chief Engineer (R.A.E.)
UPPCL, Shakti Bhawan Bhi,
14-A, Ashok Marg, Lucknow.

		Not clear	<p>• If the difference of the cumulative demand is more than 75% of the contracted demand then the same will be the billable demand.</p> <p>• Note. While calculating the maximum demand for the current month for the purpose of billing cumulative maximum demand of last month and current demand shall be counted.</p>	<p>In the Rate schedule submitted with ARR for FY2014-15 licensees have proposed that the billable demand during a month shall be the actual maximum demand as indicated by TVM / TOD meter (can be in parts of kVA) or 85% of the contracted load, whichever is higher. It is requested that licensees' proposal may kindly be accepted.</p>
4.	<p>Guidelines of determination of Load in case of Multi-storied Building/Colonies</p> <p>(i) For domestic_ 500 watt per 10 sq. meters of the constructed area of requisitioned load, whichever is higher.</p> <p>(ii) For commercial_ 1500 watt per 10 sq. meters of the constructed area of requisitioned load, whichever is higher.</p> <p>(iii) For lift, water lifting pump, streetlight if any, corridor/cam pus lighting and other common facilities, actual load shall be calculated.</p> <p>(iv) The constructed area calculated for (i) and (ii) above shall exclude the constructed area arrived at in (iii)</p>	<p>इस समस्या के निराकरण हेतु निम्नवत प्रस्ताव आपके विचारार्थ प्रस्तुत है।</p> <p>उपरोक्त वर्णित संलग्नक-4.6 की धारा- (i) में commercial शब्द को Non-domestic से प्रतिस्थापित कर दिया जाय अथवा निजी सहकारी एवं सरकारी संस्थाओं के लिए अलग से प्रविधान कर दिया जाय जिसमें प्रति 10 वर्गमीटर हेतु 1500 वॉट का प्रविधान किया जाये।</p> <p>कृपया उपरोक्त प्रस्ताव पर विचार कर तदनुसार उ0प्र0 विद्युत प्रदाय सहिता, 2005 में आवश्यक संशोधन करने का कष्ट करें।</p>	<p>For non domestic buildings-1250 Watts Per 10 square meter.</p>	<p>The licensee is of the view that creation of a separate norm for non domestic buildings may be avoided. It is pertinent to mention that in our 'Rate Schedule' also no such 'Commercial Category' has been defined. Moreover, for determination of maximum demand Diversity Factor of 0.50 & 0.75 is to be taken into account for 'Domestic' & 'Non-Domestic' categories; (Annexure 4.6, Ref.clause4.9) i.e. it does not contain the term 'Commercial'. Therefore, it will be appropriate that the term 'Commercial' may be replaced with 'Non Domestic'.</p>
5.	<p>Protective Load-----consumers of LMV-4 (A) Public institutions will however pay the additional charge @25% only.</p>		<p>Kindly specify why it has been removed and also specify the impact.</p> <p style="text-align: right;">Rya</p>	<p>The licensee has requested the Hon'ble Commission to move back to the original provision which was in force up to FY 2009-10. Lower additional charges for LMV-4(A) were approved by the Hon'ble Commission, though no such proposal was given by the licensee. The licensee does not find any merit in giving a special dispensation to only one class of</p>

Chief Engineer (R.A.S.)

Director, Public Distribution System
Chandigarh

				consumers without any rationale, as other category of consumers may also insist for similar benefit.
6.	<p>Assessment in case of theft of power 8.2 (vii) of Electricity Supply Code 2005</p> <p>"If the Compounding charges are accepted from the consumer as per the sum prescribed in the Act, any further charges for assessment of units by the licensee shall be at 1.0 times of existing tariff only."</p>	<p>The Assessment under (iii) above shall be made at a rate equal to two times the tariff rates applicable for the relevant category of services. The amount billed at this rate (two times the tariff rates) shall not be taken into consideration for the purpose of computing consumer's liability to pay monthly/annual charges, wherever applicable."</p>	No comments.	<p>It is requested that the provisions with regard to the assessment applicable in cases of theft should be in line with section 154(5) of the EA -2003.</p>
7.	<p>Connections to Jhuggi Jhopadi and Patri Shopkeeper</p> <ul style="list-style-type: none"> Issues like ownership of land, installation of meter etc. have to be examined and changes are required in Electricity Supply Code. Ration card, Voter ID, photocopy of Bank Account, copy of PAN Card, Driving License, Appointment Letter by registered firm/Pay Slip could be used as identity proof. Consumers have to submit the indemnity bond that they will have no land ownership rights. 	<p>This proposal was not accepted by Electricity Supply Code Review Panel meeting held on 26/09/2011.</p>	<p>As in the cities large no of people are living without electricity connection. The connection cannot be released to them, because of non availability of ownership of land documents. As the electricity is life line they use electricity without any legal electricity connection, which in turn creates huge losses to Discoms to provide legal electricity connection to them this amendment is proposed. It is proposed that the connections may be given through pre paid meters only and the prospective consumer has to provide Aadhar Card/Pan Card/Ration Card/Voter ID Card/ Driving License/Bank Account of Nationalized Bank only (one of these). All the papers issued in regard to this connection will boldly display that the same is not a proof of ownership of the said premises.</p>	<p>In this regard, the in house comment proposed by UPERC is acceptable. However, suitable checks/measures on electrical safety have to be imposed.</p>

BEFORE THE HON'BLE UTTAR PRADESH ELECTRICITY REGULATORY COMMISSION,
KISAN MANDI BHAWAN, GOMTINAGAR, LUCKNOW

Receipt Register No.: _____

Petition No.: _____

IN THE MATTER OF

LEVY OF MINIMUM CONSUMPTION GUARANTEE (MCG) CHARGES FOR LMV-2(OTHER
METERED) CATEGORY OF CONSUMERS.

AND

IN THE MATTER OF

1. UTTAR PRADESH POWER CORPORATION LIMITED, LUCKNOW
2. MADHYANCHAL VIDYUT VITRAN NIGAM LIMITED, LUCKNOW.
3. POORVANCHAL VIDYUT VITRAN NIGAM LIMITED, VARANASI.
4. DAKSHINANCHAL VIDYUT VITRAN NIGAM LIMITED, AGRA.
5. PASCHIMANCHAL VIDYUT VITRAN NIGAM LIMITED, MEERUT.
6. KANPUR ELECTRICITY SUPPLY COMPANY LIMITED (KESCO).

I, Sanjay Agarwal, son of Sri R. C. Agarwal, being the Chairman of above named
companies, respectfully submit on oath as under:-

Sanjay

Contd.....2

1. That it is a well-accepted economic principle that the fixed costs of the Utility should be recovered to the extent possible through fixed charges to ensure recovery of at least the sunk costs which have been incurred to develop the infrastructure for supply of electricity to the consumers which includes the fixed cost component of procuring power under long term agreements plus the routine O&M costs. However there is no one to one matching in this regard and part of the fixed costs are recovered through energy charges. Accordingly, to ensure recovery of fixed costs, as uniformly as possible, from all the consumers irrespective of their consumption; minimum charges are also proposed to be levied on consumers. In absence of minimum charges recovery of fixed costs from consumers having very low consumption will be much less and would certainly hurt the interest of consumers having higher consumption. Here it needs to be emphasized that minimum consumption charges become payable only when the consumption is below a pre-specified units, which have been fixed on a load factor of less than 10% i.e. considering supply/consumption as low as 3 to 4 hours per day. When the consumption is higher than the minimum consumption guarantee, no MCG charges are levied on the consumers and entire charges are recovered by the Utility through energy/fixed charges only. Accordingly, minimum consumption guarantee charges are not mandatory charges. The idea behind minimum consumption guarantee charges is also to deter the consumers indulging in the malpractice of artificially suppressing their consumption through unauthorised means.

2. The above philosophy is also consistent with the provisions of Electricity Act 2003, which itself provides for recovery of cost of supplying power in two parts i.e. part of tariff to be recovered as fixed charges, reflecting the fixed cost of providing the service to the consumer and part through energy charges reflecting the cost of energy actually consumed. Section 45(3) of the Electricity Act, 2003 provides that:

The charges for electricity supplied by a distribution licensee may include:

(a) a fixed charge in addition to the charge for the actual electricity supplied;

Sanyal

(b) a rent or other charges in respect of any electric meter or electrical plant provided by the distribution licensee.

3. In the above context it is relevant to mention that about 40% of the Petitioners' total costs are fixed in nature which includes the capacity / fixed charge of power purchase, which should be recovered to the extent possible through fixed charges. It needs to be appreciated that under-recovery of fixed costs through fixed charges, would require recovery of balance fixed costs through energy charges to meet the revenue requirement of the Distribution licensee. Any reduction in recovery of fixed costs would thus call for increase in energy charges to match the tariff with COS. Minimum Consumption Guarantee has been proposed at very low level of consumption i.e. at 10% load factor. In case first three months' average billing is less than MCG, then MCG charges will be levied for remaining period of the year.
4. In this context it is also relevant to mention that the licensees incur certain fixed cost directly attributable to individual consumers such as meter reading, bill preparation, bill distribution and collection (i.e. is part of O&M costs), which should ideally be allocated to and recovered from each consumer. One of the guiding factors mentioned in Section 61 of the Electricity Act, 2003 for specifying terms and conditions of tariffs is that the tariff has to be gradually cost reflective.
5. The Hon'ble Commission while abolishing MCG did not provide commensurate increase in the fixed cost or in energy charges to ensure recovery of all prudent costs incurred by the petitioners. It is submitted that MCG becomes applicable on such consumers who have a load factor less than 10%, and accordingly fall in the zone of suspected cases of theft of power. The MCG charges are recovered from consumers having abnormally low consumption of electricity with respect to their sanctioned/contracted load. For other consumers having reasonable level of consumption with respect to the load, the MCG charge gets subsumed in energy charges. The minimum consumption charges is strictly not a part of tariff and basically is a mechanism to recover some basic minimum charges from all consumers to distribute the burden of fixed cost recovery as uniformly as possible on all consumers.

Sanyal

6. Moreover, Hon'ble Commission in the tariff order for FY2002-03 had elaborated, in detail, about the need and rationale for levying the MCG. The licensees have also, during the course of tariff determination process for FY2009-10, provided the detailed rationale and explanation for levying of MCG and Hon'ble Commission had accepted the philosophy and allowed MCG in some categories. The extract of the same is reproduced below:

"4.6.3 The DISCOMS have submitted that Minimum Consumption Guarantee charges and fixed / demand charges are part of tariff which are levied to recover the Cost of Service (fixed + variable). Guiding principle for determination of tariff has been laid in Electricity Act, 2003 (Tariff) which emphasizes that the interest of consumers be protected and at the same time DISCOMS be permitted to recover the Cost of Service in a reasonable manner. Fixation of MCG level has been done in such a way that if a consumer consumes electricity for 3-4 hours per day, then the amount fixed for MCG gets recovered. So far, all consumers are getting supply much more than required to ensure minimum consumption guarantee levels are met. DISCOMS have given reference to tariff order of FY 2003 (Para 8.3) wherein it is stated that "the prescribed minimum charges are recovered as DISCOM keeps in readiness the energy for consumer to the extent of contracted demand". However, the Commission has addressed this issue in accordance with the findings of Hon'ble Supreme Court in the matter of Raymond Limited & Ors. Vs. MPSEB & Ors., the relevant portion of which is being reproduced below:

The question of exonerating the consumer from the liability undertaken to pay minimum guaranteed charges for a month and billing only for the actual consumption of energy or allowing a consumer to pay the rates on the actual consumption of electricity measured in units will and can arise and has also been considered for determination only in case the supply by the Board itself fell short of the minimum of energy, the consumption of which goes to make up the minimum guaranteed sum. It is well settled and there could be no controversy over the position that if only the supply was available for consumption but the consumer did not consume so much of energy up to the extent of the obligation cast upon him to pay the minimum charge there is no escape from the payment of minimum guarantee charges..... In fact the tariff inclusive of such a provision for payment of a minimum guaranteed sum irrespective of the supply factor appears to be the consideration for the commitments undertaken by the Board as a package deal and it is not possible or permissible to allow the consumer to

Sanyal

wiggle out of such commitments merely on the ground that the Board is not able to supply at any point of time or period the required or agreed quantum of supply or even supply up to the level of the minimum guaranteed rate of charges."

Therefore imposition of minimum charges is not directly linked with the availability of supply. The Demand Charge is meant to defray the capital related and other fixed costs while Energy Charges is meant to meet the running expenses i.e. fuel cost / variable portion of power purchase cost, etc. A DISCOM requires machinery, plant equipment, sub-stations, and transmission lines, etc., all of which need a large capital outlay. For this purpose it has to raise funds by obtaining loans. The loans have to be repaid with interest. In the total cost, provision is also to be made for depreciation on machinery, equipment and buildings, plants, machines, sub-stations and lines that have to be maintained. All these activities require large staff and their related cost. These costs are largely fixed in nature and are levied as a part of tariff to recover such costs. The fixed charges should enable the utility to recover the fixed portion of the costs, based on the proportionate share in the cost drivers and according to the burden imposed on the system."

"COMMISSION'S VIEWS:

4.6.5 The Commission feels that minimum charges are there to compensate the risk of the DISCOMS arising out of its commitment to honour the contractual obligation. This is also upheld by the Honourable Supreme Court as mentioned in the matter of Raymond Limited & Ors. Vs. MPSEB & Ors., mentioned above. The Commission has accordingly retained the concept of minimum charges in certain categories but at the same time it has done away with it in few of the categories / sub-categories in its FY 2006-07 tariff order."

As the Commission has in principle accepted the philosophy of minimum charges for certain categories, there is all the more reason to extend this philosophy on all category of consumers.

7. In light of above, to ensure recovery of fixed charges from all consumers, as uniformly as possible, more so in view of the fact that not all fixed costs incurred by the licensee are recovered through fixed charges, it is essential to re-introduce the concept of minimum charges at least in the LMV-2(Other Metered) at the rate specified in the table below. As this category has significant tariff impact and is prone to malpractices and from whom minimum charges have been removed recently. The minimum charges to this category has been proposed with the condition that the MCG charges will be levied only if total billing during first three

Sanyal

consecutive month falls below Rs 1800 /kW on the basis of MCG charges at the rate of Rs 600/kW/month. In that case MCG at the rate of Rs 600/kW/month will be levied for remaining months of the year. The period for three months total has been proposed to provide leverage to the consumers for any unforeseen situation in particular month due to which his consumption may fall below MCG in that particular month but lower consumption below 10% load factor cannot remain for a period of consecutive three months and such lower consumption smacks of malpractices at the end of consumer.

Category	Proposed Minimum Charges
LMV-2(Other Metered)	Total billing for first three months falls below Rs 1800/kW then for remaining period MCG charges Rs 600/kW/month

The basis for calculation of minimum charges for LMV-2(Other metered) category of consumer is given at Annexure-1 to this petition.

Sanyal

Prayer

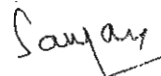

The Petitioner therefore respectfully prays the Hon'ble Commission to:-

- a) Admit this Petition as a part of ARR & Tariff filing for FY2014-15.
- b) May introduce minimum charges in the LMV-2 category at the following rates:-

Category	Proposed Minimum Charges
LMV-2(Other Metered)	Total billing for first three months falls below Rs 1800/kW then for remaing period MCG charges Rs 600/kW/month

- c) May like to amend the rate schedule submitted along with ARR FY2014-15 accordingly.
- d) Issue any other orders which Hon'ble Commission may deem fit.

Date : June 2, 2014
Lucknow.

Time of Day (TOD) Tariff Background Philosophy

- The Time of Day tariff (ToD) is a widely accepted Demand side Management (DSM) measure for energy conservation by price. The ToD tariff encourages the distribution licensees to move towards separation of peak and off-peak tariffs which would help in reducing consumption as well as costly power purchase at the peak time.
- The Tariff is set in such a way that it inherently provides incentives and disincentives for the use of electricity in different time periods.
- The basic objective of implementing Time of Day tariffs is to flatten the load curve over a period of a day resulting in a reduction in the peaking power requirement and also to enhance power requirement during off peak period.
- The pattern of load of UP over the last four years is depicted in the following slides

Load Curves January 2011 to September 2011

January 2011 to March 2011

April 2011 to September 2011

- As observed, during the winter season, there is morning peak between 09:00 hrs to 13:00 hrs and an evening peak between 19:00 hrs to 01:00 hrs.
- The off-peak hours are during the day between 01:00 hrs to 04:00 hrs.
- In the summer season, the peak occurs between 19:00 hrs to 04:00 hrs
- The off-peak occurs between 06:00 hrs to 10:00 hrs and 14:00 hrs to 19:00 hrs.

Load Curves October 2011 to September 2012

October 2011 to March 2012

April 2012 to September 2012

- As observed, during the winter season, there is morning peak between 09:00 hrs to 13:00 hrs and an evening peak between 19:00 hrs to 01:00 hrs.
- The off-peak hours are during the day between 16:00 hrs to 18:00 hrs
- In the summer season, the peak occurs between 19:00 hrs to 04:00 hrs
- The off-peak occurs between 07:00 hrs to 10:00 hrs and 14:00 hrs to 19:00 hrs.

Load Curves October 2012 to September 2013

October 2012 to March 2013

April 2013 to September 2013

A As observed, during the winter season, there is morning peak between 09:00 hrs to 13:00 hrs and an evening peak between 19:00 hrs to 01:00 hrs.

B The off-peak hours are during the day between 14:00 hrs to 18:00 hrs

- In the summer season, the peak occurs between 19:00 hrs to 04:00 hrs

- The off-peak occurs between 07:00 hrs to 11:00 hrs and 16:00 hrs to 19:00 hrs.

Load Curves October 2013 to September 2014

October 2013 to March 2014

April 2014 to September 2014

- A** During the winter season, the peak occurred between 19:00 hrs to 04:00 hrs.
 - The off-peak hours are during the day between 14:00 hrs to 18:00 hrs
- B** In the summer season, the peak occurs between 19:00 hrs to 04:00 hrs
 - The off-peak occurs between 07:00 hrs to 11:00 hrs.

Load Curves October 2014 to December 2014 (Last Quarter)

October 2014 to December 2014

- A During the winter season in the last quarter, the peak occurred between 19:00 hrs to 23:00 hrs.
- The off-peak hours are during the day between 14:00 hrs to 18:00 hrs

Time of Day (TOD) Tariff System Features

- From the load curves it is seen, that the system is experiencing peaks during evening and night hours. The reasons behind peaks during night hours is because UPPCL endeavours to supply energy to domestic consumers as much as possible during the night hours so that they are able to rest and sleep peacefully after hard days' work.
- This would however require extra supply to domestic consumers during night hours, which can be achieved by having some kind of deterrent on the industry.
- Accordingly, in view of already existing peaks and the need to supply more power to domestic consumers during night hours, Discoms have proposed that existing TOD structure be reviewed and existing peak rebate during night hours should be done away with and in place of that a markup may be considered on consumers covered under the TOD Rate Schedule.
- From the load curves provided by the SLDC, it may further be seen that system has slightly shifted peak and off peak hours during summer and winter seasons.
- Based on above facts UPPCL has proposed separate TOD structures for the Summer and Winter seasons which are as below:-

Time of Day (TOD) Tariff Existing Vs Proposed TOD Rates

1 Existing Structure

TOD Rates (% of Energy Charges):

22:00 hrs – 06:00 hrs	(-) 7.5%
06:00 hrs – 17:00 hrs	0%
17:00 hrs – 22:00 hrs	(+) 15%

2 Proposed Structure

For Summer Season (April to Sept):

Off Peak Hours	
04:00 hrs. to 10:00 hrs	(-) 7.5%
Normal Hours	
10:00 hrs – 19:00 hrs	0%
Peak Hours	
19:00 hrs – 4:00 hrs	(+) 15%

For Winter Season (Oct to March):

Off Peak Hours	
13:00 hrs. to 20:00 hrs	(-) 7.5%
Normal Hours	
1:00 hrs – 9:00 hrs	0%
Peak Hours	
9:00 hrs – 13:00 hrs	(+) 15%
20:00 hrs – 1:00 hrs	(+) 15%
